

**ALTERNATE FOREIGN GOVERNMENT AND COMMERCIAL FUEL CUSTOMER BILLING INFORMATION**

Use this form in the event a **Foreign Government or Commercial Customer** requests fuel and does not have a valid purchase device (DD Form 1896, AIR Card, etc.) at the time of the fuel servicing request. **Except as noted, all of Part I, Part II or Part III, and Part IV are mandatory data entry fields at the time of the sale.** The Customer Signature is mandatory to verify receipt of product. Fax a copy of the signed form with Parts I, II, III, and IV filled in to DESC-NI for assistance in determining customer DoDAAC and billing data. Provide the Customer a copy and retain one copy of the signed form in suspense pending research into customer billing data. Upon return of the completed form with customer billing data, process the sale and retain the completed form to the document control file in accordance with published document retention policy.
