INTERNSHIP PROGRAM PARTICIPANT AGREEMENT**

The Internship Program is under the auspices of the [Pathways Programs](#). Executive Order 13562 of December 27, 2010, created the Pathways Programs, consisting of government-wide student programs. Regulations were issued by the U.S. Office of Personnel Management (OPM) on May 11, 2012. One of the regulatory requirements is for a Pathways participant to enter into a Participant Agreement with the hiring agency.

Section §362.106 of title 5, Code of Federal Regulations, states: Agencies must execute a written Participant Agreement with each Pathways participant that clearly identifies expectations. This agreement fulfills the regulatory requirements and may be tailored to fit the hiring agency's requirements. General Internship Program requirements are identified below; however, the appointing agency should identify any other additional requirements and work assignments below. The Intern's work assignments should be consistent with their performance plan and position description. All training and development should be captured on the Intern's Individual Development Plan (IDP).

Supplemental information should be discussed with the Intern to include: copy of Position Description, Performance Plan, and draft IDP. Supervisors should consult with the designated Agency Pathways Coordinator or Pathways Programs Officer for any questions.
