Good Morning Stacey,

Guidance received by CENTCOM for the 7 member/12 pax exception requested by the Speaker is that USFOR-A and the Embassy can support 7 members, but the party size needs to be no more than 11 PAX per GEN Petraeus' memo. A 12th PAX during the summer months means additional helo support which will adversely impact operations.

Stacey,

We'll have to check with CENTCOM. Each individual Member requires a specific level of security support (more than staff). We have been told that 6 Members is the max they can support due to the security logistics. I haven't seen more than 6 Members go in at once since I've been here.

We have waived the 11 person travelling party limit(which includes escorts) before and I assume we would do so if the speaker insisted. But that number is in place due to the passenger limitations on the theater backup aircraft. If the primary aircraft (which can carry more than 11) breaks, then it is a real challenge to get a backup aircraft that can carry more than 11. It can result in a long delay for the travelling party or breaking the party up, neither of which is a good option for the CODEL or CENTCOM.

I think the 7th Member is the more difficult issue. We'll check with CENTCOM and let you know how difficult.

Thanks,

It is looking more and more like my boss will be going to Afghanistan over the Mother's Day weekend. I think you have the dates of 8-9 as the requested in country dates.

The waiver request would be for a 7-Member party & a total of 12 people (the +1 would be the added Member)

Is that possible?

Thanks.

CVAM has the aircraft to support those missions.

Otherwise the mission would pick her up in SFO, go to DC, transfer planes, return to DC, transfer planes & return to SFO...crew duty day could support a SFO-KJST there and back.

Subject: Speaker aircraft

Hi,

I just wanted to give you an advance request that the Speaker will be traveling to Copenhagen for the UN Climate Change meetings on roughly Dec. 15th - 19th and will lead a codel with numerous Members. We think two large planes will be needed. She is requesting a C-32 for her and an additional C-40. This will be the official codel to these meetings.

The dates may change slightly if the decision is made to extend the codel to visit other countries, etc., but those days at the end of the two week climate change conference are the most important and will likely be the ones where she will be in Copenhagen.

Many thanks,

Kay

I have checked, and the Speaker does not want a larger plane. A G5 is sufficient. We are unsure about other members traveling but will update you as soon as possible.

Thanks,
Kay

Kay/Janice,

Are you hearing the Speaker is unhappy with the G-5 taking her on her upcoming trip and wants a C-40? As you know aircraft are sized for the number of members -- not staffers -- we think they still only have two members, and want to be able to tell the rest of the House members we apply the same standard to everyone. Are there more members we haven't heard about yet?

Thanks in advance
