THE UNDER SECRETARY OF DEFENSE
2000 DEFENSE PENTAGON
WASHINGTON, DC 20301-2000

POLICY

MEMORANDUM FOR DIRECTOR, DEFENSE INTELLIGENCE AGENCY

FROM: UNDER SECRETARY OF DEFENSE FOR POLICY (Douglas J. Feith)

SUBJECT: Request for Detail of Intelligence Analyst (U)

(U) I know that my Deputy for Policy Support, Ken deGraffenreid, has talked with you and has been working with your staff to enhance the intelligence support to my office, especially on war-related issues.

(U) As a part of this effort, I have assigned a number of intelligence-related duties to my Policy Support office. In support of my responsibilities in the intelligence-intensive areas of the Defense Sensitive Support Program, the Defense Special Plans Program, the Special Access Program Control Office, and the International Security Programs directorate, I have established a small office within Policy Support to assist in preparing specific sensitive intelligence requirements. The National Security Agency has supplied an intelligence specialist for a one-year detail. I would like to request a one-year detail of a DIA analyst to support this effort. I am specifically requesting [redacted] who is currently assigned to the Interagency Damage Assessment Team for the Robert Hanssen case). [redacted] has previous experience providing intelligence support to policy levels as well as specific Foreign Denial and Deception analysis experience needed to support my requirements.

(b)(3):10 USC §424

(S) I appreciate your assistance in this matter. I know that there are numerous demands on your people across DOD and the Intelligence Community, but please be assured that this is a worthy effort that has the potential to significantly enhance our warfighting performance. Among the roles we anticipate [redacted] fulfilling, for example, will be as substantive liaison with the Iraqi "Red Cell" described in your memo of November 9, 2001. This Red Cell effort has the highest interest within OSD and her detail to us will be seen as a major DIA contribution to helping us get the most from that project.

(b)(3):10 USC §424

(U) The point of contact within my office is Ken deGraffenreid, Deputy Under Secretary for Policy Support (b)(2) Thank you again for your help.

Prepared by: Kenneth deGraffenreid (b)(2)
