ARMED FORCES SECURITY QUESTIONNAIRE

I.—EXPLANATION

1 The interests of National Security require that all persons being considered for membership or retention in the Armed Forces be reliable, trustworthy, of good character, and of complete and unswerving loyalty to the United States. Accordingly, it is necessary for you to furnish information concerning your security qualifications. The answers which you give will be used in determining whether you are eligible for membership in the Armed Forces, in selection of your duty assignment and for such other action as may be appropriate.

2 You are advised that in accordance with the Fifth Amendment of the Constitution of the United States you cannot be

compelled to furnish any statements which you may reasonably believe may lead to your prosecution for a crime. This is the only reason for which you may avail yourself of the privilege afforded by the Fifth Amendment in refusing to answer questions under Part IV below. Claiming the Fifth Amendment will not by itself constitute sufficient grounds to exempt you from military service for reasons of security. You are not required to answer any questions in this questionnaire, the answer to which might be incriminating. If you do claim the privilege granted by the Fifth Amendment in refusing to answer any question you should make a statement to that effect after the question involved.

II.—ORGANIZATIONS OF SECURITY SIGNIFICANCE

1 There is set forth below a list of names of organizations, groups, and movements, reported by the Attorney General of the United States as having significance in connection with the National Security. Please examine the list carefully and note those organizations, and organizations of similar names, with which you are familiar. Then answer the questions set forth in Part IV below.

2 Your statement concerning membership or other association with one or more of the organizations named may not, of itself, cause you to be ineligible for acceptance or retention in the

Armed Forces. Your age at the time of such association, circumstances prompting it, and the extent and frequency of involvement, are all highly pertinent, and will be fully weighed. Set forth all such factors under 'Remarks' below and continue on separate attached sheets of paper if necessary.

3 If there is any doubt in your mind as to whether your name has been linked with one of the organizations named, or as to whether a particular association is 'worth mentioning,' make a full explanation under 'Remarks.'

NUMBERING OF COURSES

In general, courses numbered from 10 to 19 are first-year subjects. Second-year or intermediate courses are numbered from 20 to 29. Subjects taken in the Junior and Senior years, particularly those in a student's major, are customarily numbered from 30 to 99. Graduate School courses are numbered 100 and above.

MARKING SYSTEM

The Yale College Faculty voted on November 30, 1967, that as of January 1968 the term grades for all undergraduates are to be designated

H—Honors
HP—High Pass
P—Pass
F—Fail

These grades have no numerical, letter, or grade point equivalents.

Numerical Grades (prior to 1968)

Under this system grades were reported in units of one between 60 and 100 (with 60 being the minimum for passing). After July 1, 1965, a student's percentile standing was not recorded unless he specifically so requested. A survey of the grades for several years preceding, however, indicates that a student's average for a given term would rank him approximately as given below.

TERM AVERAGES

<i>Numerical Range</i>	<i>Class Standing</i>
85 and above	Top Quarter
81-84	Second Quarter
76-80	Third Quarter
75 and below	Fourth Quarter
60	Minimum passing grade

HONORS Under the numerical system, if a student had no deficiencies on his record and if he ranked in the top ten per cent of his class at a given marking period he was designated a *Ranking Scholar*. Also, the man having no deficiencies and ranking in the top quarter of his class at a marking period was placed on the *Dean's Honor List*.

GRADUATION REQUIREMENTS

The Standard Major requires for graduation that 40 term courses be completed with grades of Pass or higher. If a student receives Advanced Standing (i.e., College Credits) for Advanced Placement work taken in secondary school, he may, with permission, use these credits to reduce the number of subjects required for his Yale degree.

The Intensive (or Honors) Major may be allowed to reduce his Junior and Senior year programs to four courses per term. In such instances, 36 courses completed with grades of Pass or higher satisfy the requirements for the degree. As in the case of the Standard Major, a student entering with Advanced Placement work may be permitted to reduce his Yale program accordingly.

With the above noted exceptions, a student's program normally consists of five subjects per term. Most courses meet three times a week for fifty minute periods and are equivalent to three semester hours. Laboratory sessions in which a separate grade is given may be exceptions, and, in such instances, do not usually count as a portion of the customary five course program.

Starting with the class of 1968, the semester hours of credit for each subject are recorded in the column to the right of the term grades.

DIVISIONAL MAJORS—TITLES

Division I—History, the Arts, and Letters
Division II—Political Science and Economics
Division III—Culture and Behavior
Division IV—Special—usually combining studies in two fields

SCIENCE COURSES—TITLES

Science I—Chemistry and Physics
Science II—Geology—Astronomy, Meteorology and Oceanography
