ENCLOSURE 2

DCIPS DISCIPLINARY, PERFORMANCE-BASED, AND ADVERSE ACTION
PROCEDURES

1. GENERAL

a. To promote the efficiency of the Federal service, DoD Components with DCIPS positions will take disciplinary, performance-based, and adverse actions in accordance with this Volume, in the event of employee misconduct or unacceptable performance.

b. Except in situations involving national security matters or serious misconduct where progressive discipline would not be appropriate as determined by the DoD Component with DCIPS positions, DoD Components with DCIPS positions will normally employ progressive discipline in the event an employee continues to engage in misconduct after having been disciplined. DoD Components with DCIPS positions will develop and maintain a recommended table of penalties for various offenses.

2. DISCIPLINARY ACTIONS. DoD Components with DCIPS positions will establish policies to carry out disciplinary actions based on employee misconduct.

a. At a minimum, such policies will:

(1) Include standards and guidelines for the specific actions to be taken (e.g., written reprimands, or suspensions for 14 days or less) to address an employee's delinquency or misconduct.

(2) Adhere to the basic merit principles identified in section 1612 of Reference (e).

(3) For proposed written reprimands, include specifics regarding the offense and note that the written reprimand may be grieved pursuant to Volume 2014.

(4) For proposed suspensions for 14 days or less, include provisions for:

(a) Advanced written notice to the employee of the proposed action stating the specific reason(s) for the proposed action.

(b) The opportunity to review the documentation upon which the proposed suspension is based.

(c) The opportunity to respond within a timeframe of not less than 24 hours.

(d) A right to representation as outlined in subparagraph 3.c.(2) of this enclosure.

(e) A final written decision.

b. Disciplinary actions may not be further appealed, but may be grieved pursuant to Volume 2014 of this Instruction.

3. PERFORMANCE-BASED ACTIONS. The DoD Components with DCIPS positions will establish policies that, at a minimum, meet the requirements in paragraphs 3.a. through 3.c. of this enclosure to address unacceptable performance.

a. Actions to address unacceptable performance will be taken according to the procedures of this Volume, in compliance with Volume 2011 of this Instruction, and in accordance with the merit principles identified in section 1612 of Reference (e).

b. DoD Components with DCIPS positions may reduce an employee's rate of base pay, reduce an employee's work level, reduce an employee's pay band (for organizations operating under the DCIPS banded structure) or grade (for organizations operating under the DCIPS graded structure), and/or remove an employee from employment as a consequence of performance that fails to meet established standards. Such performance must be of a level that it is, or will be, documented as unacceptable performance in accordance with Volume 2011 of this Instruction.

(1) DoD Components with DCIPS positions may determine that an employee's overall performance is unacceptable at any time during the performance evaluation period. Supervisors and managers will notify the employee of the performance objectives and elements for which performance is unacceptable, and inform the employee of the performance requirements or standards that must be attained to demonstrate acceptable performance in his or her position and provide the employee a reasonable opportunity to improve and demonstrate acceptable performance.

(2) If, in the rating official's judgment, an employee's performance is unacceptable, the rating official will document feedback sessions with the employee. Documentation will be provided to the employee and will include, at a minimum, a statement of the performance requiring improvement, the performance improvement actions that the supervisor and employee have agreed to implement, and the consequences of failure to demonstrate acceptable performance improvement within an established period of time.

(3) Once an employee has failed to demonstrate acceptable performance after a reasonable opportunity, a DoD Component with DCIPS positions may propose a reduction in an employee's work level, pay band (for organizations operating under the DCIPS banded structure), grade (for organizations operating under the DCIPS graded structure), or base pay rate; or removal on the basis of unacceptable performance.

(4) When an employee is moved involuntarily to a lower work level, pay band (for organizations operating under the DCIPS banded structure), grade (for organizations operating under the DCIPS graded structure), or base pay rate as a result of unacceptable performance, the

authorizing management official may reduce the employee's base salary to an amount not less than the minimum for the pay band (for organizations operating under the DCIPS banded structure) or grade (for organizations operating under the DCIPS graded structure) to which the employee is reduced. In no case may the employee's salary exceed the maximum for the pay band (for organizations operating under the DCIPS banded structure) or grade (for organizations operating under the DCIPS graded structure) to which the employee is reduced. An employee's annual compensation may not be reduced under involuntary procedures more than once in a 12-month period.

c. An employee whose removal or reduction in work level, pay band (for organizations operating under the DCIPS banded structure), grade (for organizations operating under the DCIPS graded structure), or base pay rate on the basis of unacceptable performance is entitled to:

(1) A 30 calendar-day advance written notice of the proposed action. This notice will identify the specific performance objectives and/or performance elements against which performance has been found to be unacceptable, and cite specific examples of unacceptable performance. This advance notice may be made at any time during the performance evaluation period.

(2) Request to have a representative assist in preparing and/or presenting a reply to the notice of proposed action. If such representative is desired, an employee must advise the DoD Component with DCIPS positions in writing, providing such information as the Component requires. An employee's choice of a representative may be declined by the Component when such representation would result in a conflict of interest or position; conflict with the priority needs of the Component, compromise classified activities of the Government, or give rise to additional cost to the Government.

(3) A reasonable period (typically 7 to 15 calendar days) to reply to the notification orally or in writing.

(4) A written final decision that specifies the instances of unacceptable performance on which the decision is based and, unless proposed by the head of the agency, includes statement that the action has been concurred with by a manager who is in a higher position than the manager who initiated the action.

(5) Notification of the right to appeal the final decision in accordance with section 5 of this enclosure.

4. ADVERSE ACTIONS.

a. DoD Components with DCIPS positions will issue policies for effecting adverse actions consistent with the requirements of this Volume. At a minimum, such policies will entitle the employee to:

(1) At least 30 calendar-days' advance written notice of the proposed action unless the component has reasonable cause to believe that the employee has committed a crime for which a sentence of imprisonment may be imposed and is proposing a removal or suspension, including indefinite suspension. This notice will identify the specific reasons for the proposed action and include specific examples, where applicable.

(2) Request to have a representative assist in preparing and presenting a reply to the notice of proposed action. If such representation is desired, an employee must advise the DoD Component with DCIPS positions in writing, providing such information as the Component requires. An employee's choice of a representative may be declined by the Component when such representation would result in a conflict of interest or position, conflict with the priority needs of the Component, compromise classified activities of the Government, or give rise to additional cost to the Government.

(3) A reasonable period (typically 7 to 15 calendar days) to reply to the notification of the proposed action orally and in writing.

(4) A written final decision that specifies the instances of unacceptable conduct or behavior on which the decision is based, the effective date of the action, and unless proposed by the head of the agency, a statement that the action has been concurred with by a manager who is in a higher position than the manager who initiated the action.

(5) Notification of the right to appeal the final decision. Employees have the right to appeal an adverse action based on conduct or behavior in accordance with section 5 of this enclosure.

b. If the adverse action is a suspension and removal in the interests of national security a Component may immediately suspend an employee in accordance with section 7532 of reference (f), and at a minimum, Component implementing guidance will include the following requirements:

(1) Within 30 calendar days from the date of notification of suspension, the employee has a right to submit documentation to show why he or she should be restored to duty.

(2) If the employee has a permanent or indefinite appointment, has completed his or her trial period, and is a United States citizen, the employee is entitled, after suspension and before removal to:

(a) Within 30 calendar days, a written notice of the charges against him or her, which will be stated as specifically as security considerations permit. This notice may be amended within 30 days after the original notice.

(b) Thirty calendar days to respond to the charges and submit documents, and an additional 30 calendar days if the charges are amended.

(c) A hearing if requested by the employee.

(d) A review of his or her case by the head of the agency or his designee, before a decision adverse to the employee is made final.

(e) A written final decision.

c. The advance written notice and opportunity to respond are not required for furloughs without pay due to unforeseeable circumstances, such as sudden breakdowns in equipment, acts of God, or sudden emergencies requiring immediate curtailment of activities, pursuant to Section 752.404(d)(2) of Title 5, Code of Federal Regulations (Reference (g)).

5. APPEALS.

a. Except for terminations under section 1609 of reference (e) and Enclosure 3 of this Volume, employees to whom this Volume applies who have successfully completed a DCIPS trial period and who are employed under other than a temporary appointment of 2 years or less may appeal adverse or performance-based actions within their Component in accordance with this Volume. Such appeals must be based upon a final written decision issued by the Component. Appeals in which an employee alleges illegal discrimination cannot be brought through a Component appeals process and should be processed through the Component's equal employment opportunity office. Generally, disputes regarding performance evaluations of record should be addressed only through the administrative reconsideration process provided in Volume 2011 of this Instruction, except as to adverse or performance-based actions resulting from the performance evaluation of record, which may be appealed under this Volume. Disciplinary actions cannot be appealed but may be grieved under Component grievance procedures pursuant to Volume 2014 of this Instruction.

b. Preference-eligible employees may appeal adverse actions within their DoD Component with DCIPS positions prior to the completion of their trial period provided they have completed 1 year of current continuous service in the same or similar positions.

c. DoD Components with DCIPS positions appeals procedures will provide for equitable treatment, high standards of integrity and efficiency, and freedom from favoritism and arbitrary action.

d. DoD Components with DCIPS positions will apply the standard of "substantial evidence" in section 7701(c)(1)(A) of title 5, U.S.C. (Reference (f)) in adjudicating employee appeals of actions resulting from unacceptable performance.

e. DoD Components with DCIPS positions will apply the standard of "preponderance of the evidence" in section 7701(c)(1)(B) of Reference (f) in adjudicating employee appeals of actions resulting from unacceptable conduct.

f. Preference-eligible employees who have completed 1 year of current continuous service in the same or similar positions may appeal adverse and performance-based actions to the U.S.

Merit Systems Protection Board (MSPB). However, if the employee bypasses the DoD Component with DCIPS position's appeals process and appeals directly to the MSPB, the employee may not subsequently appeal the same action in the Component process.

g. Employees covered by section 1612(b) of Reference (e) may appeal adverse or performance-based actions to the MSPB. However, if the employee bypasses the DoD Component with DCIPS position's appeals process and appeals directly to the MSPB, the employee may not subsequently appeal the same action in the Component process.

h. In a case in which the employee alleges that an action taken against him or her was the result of a prohibited personnel practice as defined in section 2302(b) of Reference (f), the employee may either appeal the action; make a complaint to the DoD Component's Inspector General; or take other appropriate actions in accordance with section 5.a. of this enclosure, which in the case of an employee who is not in the Defense Intelligence Agency, National Geospatial-Intelligence Agency, or National Security Agency, includes filing a complaint with the U.S. Office of Special Counsel.

i. The employee may request to have a representative assist in preparing and presenting an appeal. If such representation is desired, an employee must advise the DoD Component with DCIPS positions in writing, providing such information as the Component requires. An employee's choice of a representative may be declined by the Component when such representation would result in a conflict of interest or position; conflict with the priority needs of the Component, compromise classified activities of the Government, or give rise to additional cost to the Government.

j. There is no entitlement to a hearing.

ENCLOSURE 3

SPECIAL TERMINATION AUTHORITY

Notwithstanding any other provisions, pursuant to section 1609 of Reference (e) and consistent with Reference (d):

a. The Secretary of Defense, Deputy Secretary of Defense, the Heads of the DoD intelligence components with respect to their employees, and the Secretaries of the Military Departments, as delegated, may terminate the employment of their Defense Intelligence employees covered by DCIPS only if they consider the action to be in the interests of the United States and determine that the procedures prescribed in other provisions of law that authorize termination of employment of such an employee cannot be invoked in a manner consistent with the national security. This authority will not be further delegated. These officials will:

(1) Determine the appropriate delegation procedures within their DoD Components with DCIPS positions for proposing such termination actions for Defense Intelligence employees covered by DCIPS.

(2) Conduct a thorough and timely incident or case investigation including review by their General Counsels and with their DoD Component with DCIPS positions human resources specialists before requesting authority to issue a proposed notice to terminate employment pursuant to this authority.

(3) Prior to invoking the extraordinary authority of section 1609 of Reference (e), the proposing official will notify the USD(I) of the intended use of this authority and request authority to proceed. An action officer should be identified by the USD(I) for related actions, as needed.

(4) Provide the employee written notification of the decision to terminate. This notification will be signed by the appropriate official listed in paragraph a. of this enclosure and will:

(a) Specify the effective date of termination.

(b) Inform the employee of the DoD Component with DCIPS positions' exit process and points of contact pertinent to the termination.

(c) When the decision to terminate is made by an official other than the Secretary of Defense, advise the employee of the right to appeal to the Secretary of Defense following procedures outlined in paragraph e. of this enclosure.

(5) Maintain all documentation and all communication with the employee consistent with applicable security and counterintelligence standards.

(6) Where determined to be warranted by the DoD Component with DCIPS positions, request authorization for postemployment assistance from the USD(I).

b. The decision to terminate the employment of an employee under the Special Termination Authority is final and may not be appealed or reviewed outside the Department of Defense.

c. The Secretary of Defense, through the Director, Human Capital Management Office in the Office of the USD(I), will promptly notify the congressional oversight committees of any termination using this authority.

d. Termination of employment does not affect the right of the removed employee to seek or accept employment with any other department or agency of the United States if the Director of the Office of Personnel Management declares the employee eligible for such employment.

e. The following procedures apply to appeals of such actions to the Secretary of Defense:

(1) The employee, or his or her designated representative, may present information in support of his or her case.

(2) Appeals must be in writing and state specific reasons why the termination action should not have been taken and should include all matters the employee wishes the Secretary to consider in deciding the appeal including, but not limited to, copies of any documents in the employee's possession related to the termination decision. The appeal must state the specific relief requested.

(3) Appeals must be submitted to the Secretary of Defense through his or her designated representative at the address and fax number that will be provided for this purpose within 30 calendar days of the termination decision, and must be signed and dated. An appeal submitted after the 30 calendar-day deadline will be considered untimely unless good cause is shown as to the reason such appeal could not be submitted within the time provided.

(4) If the employee requires an extension to the time limit for filing an appeal, he or she directly, or through their representative, may make a written request to the designated point of contact at the address or fax number provided. The request must include the basis for the extension and the period of additional time requested. The request for an extension to the time limit must be received within the 30 calendar-day period provided for the employee to submit the appeal.

(5) Appeals will provide the written address to which the Secretary's decision should be sent. After the Secretary of Defense considers the employee's appeal, the employee will be notified of the Secretary's decision, in writing, at the address identified in his or her appeal.

ENCLOSURE 4

POST-EMPLOYMENT ASSISTANCE: CERTAIN TERMINATED INTELLIGENCE
EMPLOYEES

1. As provided by section 1611 of Reference (e), the Secretary of Defense may provide post-employment assistance to certain terminated employees when such assistance is essential to maintain the judgment and emotional stability of the qualified former intelligence employee and is essential to avoid circumstances that might lead to the unlawful unauthorized disclosure of classified information. This authority is intended to address highly unusual personnel situations where the national security is demonstrably threatened, and is not meant as authority, for example, to provide monetary assistance to former employees solely because they are experiencing personal difficulties once they leave employment. The DoD Components with DCIPS positions will request such assistance from the USD(I) through the Director, Human Capital Management Office.
2. In the request for such post-employment assistance on behalf of the former employee, the Head of the DoD Component with DCIPS positions will certify to the USD(I) that such assistance is essential to maintain the judgment and emotional stability of the qualified former intelligence employee and to avoid circumstances that might lead to the unlawful disclosure of classified information and the threat to national security is demonstrable.
3. In making the certification, the Head of the DoD Component with DCIPS positions will consider and provide to the USD(I):
 - a. Assessment(s) by appropriate psychological and/or psychiatric medical professional(s) of the judgment and emotional stability of the former employee.
 - b. Assessment by DoD Component with DCIPS positions security and counter-intelligence professionals of the threat to national security if the former employee were to unlawfully disclose classified information. In weighing the risk of unlawful disclosure, Components will apply the principles and elements of Intelligence Community Policy Guidance 704.1 (Reference (h)) and the standards and adjudicative guidelines of Intelligence Community Policy Guidance 704.2 (Reference (i)).
 - c. Assessment of any documentation, correspondence, or statements provided by the former employee, for credible evidence that such assistance is essential to avoid circumstances that may threaten national security.
 - d. The nature, duration (not to exceed 5 years from the date of the termination of the qualified former intelligence employee), and funding required for such post-employment assistance.
 - e. The plan for assuring appropriate follow-up and monitoring of former employee progress.
