DoD Directive 2010.05
The North Atlantic Treaty Organization Security Investment Program

Originating Component: Office of the Under Secretary of Defense for Acquisition and Sustainment

Effective: November 9, 2022

Approved by: Kathleen H. Hicks, Deputy Secretary of Defense

Purpose: This issuance:

- Establishes policies governing DoD participation in the North Atlantic Treaty Organization (NATO) NATO Security Investment Program (NSIP).
- Assigns responsibilities for DoD participation in the NSIP.
- Assigns U.S. host nation program and financial management responsibility under the NSIP.

SECTION 1: GENERAL ISSUANCE INFORMATION

1.1. APPLICABILITY.

This issuance applies to:

a. OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (referred to collectively in this issuance as the “DoD Components”).

b. Military construction; equipment procurement; consultation, command and control and communication information systems capabilities procurement; and other projects eligible for funding through the NSIP, to include restoration as defined by NATO.

c. The use of appropriated funds available to the DoD for projects that may become eligible for NSIP funding.

d. NSIP direct funded projects for which the U.S. is designated by NATO as the user nation or as the host nation.

1.2. POLICY.

It is DoD policy that:

a. NSIP-eligible projects required for U.S. support to NATO will be funded, when possible, through the NSIP. All U.S. supported NATO operational requirements should be considered “over and above” those requirements that can reasonably be expected to be made available from U.S. national resources (i.e., meeting the NATO over and above principle for NSIP eligibility).

b. U.S. operational requirements will be based on the Joint Strategic Campaign Plan. Per Chairman of the Joint Chiefs of Staff Instruction (CJCSI) 3100.01E, requirements supporting NATO operations are identified in United States European Command’s (USEUCOM’s) Combatant Commander’s Campaign Plan (Annex A, “Theater Posture Plan,” and Annex D, “Theater Distribution Plan”).

(1) In accordance with DoD Instruction (DoDI) 3000.12, these requirements will be identified by DoD Components to the Commander, USEUCOM, to ensure coherence of U.S. operational planning with NATO operational planning and that U.S. operational requirements supporting Combatant Commander’s campaign plans are incorporated into NATO operational requirements statements.

(2) U.S. requirements supporting NATO crisis response operations potentially eligible for the NSIP will also be identified in NATO planning processes by the appropriate Combatant Command with geographic areas of responsibility, and submitted to the Commander,
USEUCOM, for NSIP eligibility determination by the U.S. prior to submittal to NATO in conformance with NATO policies.

c. To the extent allowed by law and international agreements, DoD will undertake U.S. host nation NSIP projects, after designation by NATO as the host nation, as military construction in accordance with DoD Directive 4270.5, including the use of DoD criteria and specifications.

d. The design and construction of potentially NSIP-eligible project requirements to be procured by or for the U.S. in NATO countries will conform to established NATO criteria and standards. U.S. operational, safety, environmental, and energy conservation requirements that exceed the NATO standard normally are not eligible for NATO common funding, and if authorized, are funded conjunctively by DoD Components subject to the availability of funds.

e. U.S. appropriated funds may only be expended in support of, or in connection with, an NSIP project when authorized by law using funding properly available for such purposes.

f. U.S. appropriated funds (i.e., pre-financing) will not be expended on a project, or part of a project, likely to be eligible for NSIP funds except as outlined in Section 3.

g. When advantageous to U.S. interests, capability requirements for operational needs not covered by NATO will be identified and pursued by the DoD Components with NATO.

h. For requirements and projects approved by NATO in capability packages (CPs), U.S. participation in the NSIP will conform with the NSIP Manual, NATO Bi-Strategic Command Directive 85-1, and implementation policies issued by the Commander, USEUCOM.

i. For requirements submitted and projects in capability program plans (CPPs), U.S. participation in the NSIP will conform with NATO Document PO(2018)0259, applicable NATO directives, and USEUCOM implementation policies.
SECTION 2: RESPONSIBILITIES

2.1. UNDER SECRETARY OF DEFENSE FOR ACQUISITION AND SUSTAINMENT (USD(A&S)).

The USD(A&S):

a. Conducts all long-range planning and review of the NSIP in relation to U.S. posture planning and the U.S. military construction program.

b. Coordinates with the Under Secretary of Defense for Policy (USD(P)) on all policy matters for U.S. participation in the NSIP.

c. In coordination with the USD(P), the Under Secretary of Defense (Comptroller)/Chief Financial Officer, Department of Defense (USD(C)/CFO), and the Defense Advisor (DEFAD) for the U.S. Mission to NATO:

   (1) Determines the level of annual and future year funding required to meet U.S. obligations to the NSIP.

   (2) Prepares and submits the annual U.S. NSIP budget request and associated justification material to the USD(C)/CFO.

   (3) Supports and advocates for annual NSIP funding requests before Congress.

d. In cooperation with the DEFAD for the U.S. Mission to NATO and the Secretary of Commerce, promotes increased participation by U.S. companies in procurements under the NSIP.

e. Establishes guidance on international competitive bidding for DoD Components.

f. Designates the DoD construction agent (DCA) for NSIP projects where the U.S. accepts a host nation designation by NATO. This authority may be delegated in writing.

2.2. USD(P).

The USD(P):

a. Develops all policy guidance on U.S. participation in the NSIP.

b. Acts as the principal point of contact with the Department of State for all NSIP-related matters.

c. In coordination with the USD(A&S), the USD(C)/CFO, and the DEFAD for the U.S. Mission to NATO, assists in the determination of the level of annual and future year funding required to meet U.S. obligations to the NSIP.
2.3. USD(C)/CFO.

The USD(C)/CFO:

a. Establishes the fiscal guidance and procedures that govern U.S. participation in the NSIP.

b. In coordination with the USD(A&S), the USD(P), and the DEFAD for the U.S. Mission to NATO, assists in the determination of annual and future U.S. NSIP funding requirements, reviews U.S. NSIP budget requests, and submits associated budget justification material to the Office of Management and Budget and U.S. Congress as required.

c. Acts as the principal point of contact on all NATO financial-related matters with the Office of Management and Budget.

2.4. DOD COMPONENT HEADS.

The DoD Component heads, prior to programming a U.S. appropriated funds military construction project that supports NATO operational requirements, will coordinate with the Commander, USEUCOM, to evaluate NSIP eligibility of the project.

2.5. THE SECRETARIES OF THE MILITARY DEPARTMENTS.

In addition to the responsibilities in Paragraph 2.4., the Secretaries of the Military Departments:

a. Submit a NATO User Nation—Identified Facilities and Condition Report, of those facilities required to support U.S. operational plans supporting NATO to the Commander, USEUCOM, and the DEFAD for the U.S. Mission to NATO.

b. Coordinate U.S. NSIP requirements with design, construction, and equipment procurement planning to support NATO operational and crisis response plans. Submits requirements to the Commander, USEUCOM, for inclusion in the NSIP.

c. Coordinate with the host nation to ensure all U.S. requirements are considered for inclusion to a project when the U.S. will be the user nation.

d. Pursue maximum direct NATO funding of U.S. construction projects eligible under the NSIP, rather than through U.S. military appropriated funds construction programs (pre-financing) in accordance with DoD Directive 4270.5. If the decision is made that pre-financing is required:

   (1) Coordinate approval with the Commander, USEUCOM, prior to project submission for U.S. funding to include planning action(s) to be taken to expedite future NATO processing through the NSIP.

   (2) Pursue the recoupment of U.S. pre-financing expenditures when NATO funds are authorized.

f. Serve as the DCA pursuant to DoD Directive 4270.5 for NSIP projects where the United States accepts a NATO host nation designation. When a host nation, responsibilities as a DCA include:

   (1) Design, construct, and schedule joint formal acceptance inspections; corrects deficiencies; and schedules and participates in NATO audits.

   (2) Report the progress and financial status of NATO-funded projects from project initiation through audit and issuance of a certificate of final financial acceptance.

   (3) Ensure that records of all project solicitation documents, invoices, and as-built drawings are maintained by the DCA until financial close-out by the International Board of Auditors for NATO (IBAN).

g. In instances where the U.S. accepts host nation designation for execution of a NSIP project, and NATO does not agree to contribute funding for all costs necessary for the DCA to carry out the project, determines whether completion of the project is in the national interest of the United States; and, if so, identifies appropriate funding for and authorizes execution of such conjunctively funded requirements pursuant to Section 2350q(e) of Title 10, United States Code (U.S.C.).

h. After project acceptance in the NATO inventory:

   (1) When a host nation, track, maintain, restore, and dispose of NATO inventory as required in accordance with the NATO definition of maintenance as clarified in the Glossary.

   (2) When a user nation, identify all NATO inventory required to support U.S. operational plans supporting NATO, track facility condition, and report the status to the Commander, USEUCOM, annually for inclusion in the NATO Joint Force Command Operation and Maintenance Inspection Program.

2.6. SECRETARY OF THE ARMY.

In addition to the responsibilities in Paragraphs 2.4. and 2.5., the Secretary of the Army:

a. Through the Commander, USEUCOM, manages DoD host nation program and financial responsibilities when the U.S. acts as the host nation. Exercises responsibility for resourcing and manning the administrative and program management support requirements, as determined by and in direct support to the Commander, USEUCOM.
b. Provides financial management support for the U.S. contributions to the NSIP and supports the Commander, USEUCOM, with a monthly status of NSIP funds report.

c. Supports Commander, USEUCOM, with production of the annual NSIP pre-financing and recoupment status report.

2.7. CHAIRMAN OF THE JOINT CHIEFS OF STAFF.

In addition to the responsibilities in Paragraph 2.4., and in coordination with the U.S. Military Representative to the NATO Military Committee (MC), the U.S. National Military Representative at Supreme Headquarters Allied Powers Europe, and the U.S. National Liaison Representative at Allied Command Transformation, the Chairman of the Joint Chiefs of Staff:

a. Provides recommendations on NSIP operational requirements and related matters to the Secretary of Defense.

b. Represents U.S interests on the NATO MC, recommends U.S. positions, and helps the exchange of information between NATO and the U.S.

c. Provides guidance on NATO operational and contingency requirements to the U.S. Delegation to the NATO MC, and the Commander, USEUCOM.

d. Prepares U.S. operational, posture, and capability requirements to support NATO planning, as identified in the Joint Strategic Planning System, in accordance with CJCSI 3100.01E. Ensures that these requirements are synchronized with the Commander, USEUCOM, in U.S. responses, policy positions, and inputs to operational requirements statements (ORSs), capability requirements briefs, and CPPs within the NATO Strategic Domain. Oversees alignment of USEUCOM strategic plans with the NATO strategic plans.

2.8. COMBATANT COMMANDERS.

In addition to the responsibilities in Paragraph 2.4., the Combatant Commanders:

a. Provide NATO operational requirements to the Commander, USEUCOM, in accordance with CJCSI 3100.01E, and Combatant Commander’s Campaign Plan in Annex A, “Theater Posture Plan” requirements, in accordance with DoDI 3000.12, to merge into NATO ORSs.

b. Submit NATO crisis response operations requirements to the Commander, USEUCOM, for NSIP eligibility determination by the U.S. prior to submittal to NATO in conformance with NATO policies to maximize NSIP funding for contingency requirements.

c. Participate, as needed, in the Commander, USEUCOM, NSIP quarterly program management reviews.
2.9. COMMANDER, USEUCOM.

In addition to the responsibilities in Paragraphs 2.4., the Commander, USEUCOM:

a. Confirms DoD Components have planned for any necessary conjunctive funding for an NSIP project prior to submission of a project to the NATO Investment Committee (IC) for authorization and oversees synchronization between the NSIP and the DoD military construction program.

b. Manages and directs operational requirements development, CPP, project execution, and implementation of U.S. projects (host nation and user nation) funded by the NSIP based on policy in Paragraph 1.2., to appropriate Combatant Commands, theater Component commands, and the other DoD Components. In the case of projects where the United States will be the user nation, USEUCOM ensures coordination occurs between its Military Service Component Commands and the host nation for full consideration of U.S. requirements.

c. Maintains direct liaison with the NATO military commanders and host nations on all NSIP-related matters.

d. Directs Combatant Commands strategic requirements, as identified in the Joint Strategic Campaign Plan in accordance with CJCSI 3100.01E, supporting NATO operations are included in USEUCOM’s Combatant Commander’s Campaign Plan in Annex A, “Theater Posture Plan,” and Annex D, “Theater Distribution Plan,” in accordance with DoDI 3000.12. Ensures these strategic requirements are provided to NATO to inform the NATO Defense Operational and Crisis Response Operational Plans. Coordinates DoD Components’ engagement with NATO strategic commands to combine U.S. priority requirements into ORSs, capability requirements briefs, and CPPs.

e. Reviews and approves all DoD Component requests for NSIP pre-financing projects to ensure synchronization with the U.S. military construction program. Each project proposal from the DoD Components will also identify when the project(s) will be submitted for NSIP programming. Carries out an effective program to recoup funds.

f. Coordinates with DoD Components and recommends designation of U.S. as the host nation for the execution of NSIP projects to the Allied Command Transformation, territorial host nation, U.S. Military Representative, and the DEFAD for the U.S. Mission to NATO. Confirms DoD Component requirements for conjunctive funding are aligned for planning, programming, and budgeting by a DoD Component prior to submission of a project for NATO approval. Accepts host nation designation from NATO for execution of a NSIP project pursuant to Subsection (a) of Section 2350q of Title 10, U.S.C., and oversees project coordination with the DCA. Monitors lifecycle program execution, acceptance, facility condition, and disposal of U.S. host nation and user nation projects.

g. Organizes and conducts quarterly NSIP program management reviews for all DoD Components.

h. Provides training on NSIP planning, programming, and project implementation for U.S. personnel.
i. Submits a monthly status of NSIP funds report to the USD(A&S), the USD(C)/CFO, and the DEFAD for the U.S. Mission to NATO.

j. Submits an annual NSIP pre-financing and recoupment status report to the USD(A&S), the USD(P), the USD(C)/CFO, and the DEFAD for the U.S. Mission to NATO.

k. In coordination with the DEFAD for the U.S. Mission to NATO, represents the DoD as the U.S. Requirements Stakeholder at internal conferences and meetings on the NSIP.

l. Establishes implementation guidance for execution of NSIP direct funded projects and procedures for international competitive bidding contracting, when required by NATO for DoD Components.

2.10. DEFAD FOR THE U.S. MISSION TO NATO.

The DEFAD for the U.S. Mission to NATO:

a. In coordination with the USD(A&S) and the USD(C)/CFO, assists in the determination of annual and future U.S. NSIP funding requirements.

b. Provides information and assistance to U.S. companies on NSIP project bidding and contracting.

c. Recommends U.S. position on discussion items and decisions.

d. Provides U.S. representation on NATO committees (Resource Policy and Planning Board (RPPB), IC, Budget Committee (BC)) to:

   (1) Set NSIP policy.

   (2) Approve CPs and CPPs supporting NATO capabilities.

   (3) Establish NSIP procedures.

   (4) Oversee the management of the NSIP.

   (5) Designate host nation for projects.

   (6) Authorize NSIP projects.

   (7) Establish level of NSIP funding as captured in the Medium Term Resource Plan.

e. Reports on projects to NATO boards and committees for which NATO has designated the U.S. as the host nation.

f. Coordinates the exchange of NSIP information between NATO and Federal agencies of the U.S. Government.
g. Represents the United States as the principal delegate at all international conferences and meetings on the NSIP.

h. Supports presentation of and advocates for annual funding requirements before Congress in coordination with the USD(A&S), USD(P), and the USD(C)/CFO.
SECTION 3: APPROPRIATED FUNDS

U.S. appropriated funds (i.e., pre-financing) will not be expended on a project, or part of a project likely to be eligible for NSIP funds, except:

a. For a project already approved by NATO, for example, in an approved CP or CPP:

   (1) The use of appropriated funds for the design or construction of NSIP-eligible elements within the project will be limited to those elements that are of a high operational priority, and may not be completed or acquired through the NSIP in the time frame required as determined by the Commander, USEUCOM.

   (2) Procurement procedures will follow the NATO IC authorization decision. NATO international competitive bidding will be used in accordance with NATO documents AC/4-D/2261, AC/4-D/2261-ADD2 (Annex X), and AC/4-D(2008)0002-REV2, unless a waiver is sought and obtained from the IC. When the U.S. acts as the host nation, the Federal Acquisition Regulation and Defense Federal Acquisition Regulation Supplement will be used as the authorities to award contracts.

   (3) When the U.S. acts as the host nation, records of all project solicitation documents, invoices, and as-built drawings will be maintained by the DCA (or as applicable by other DoD Components) until no earlier than financial close-out by the IBAN. This retention is required despite any conflicting provisions in records management and disposition schedules.

b. For a project not yet approved by NATO:

   (1) The use of appropriated funds for the design or construction of potentially NSIP-eligible elements within the project will be limited to those elements that are of a high operational priority, and may not be completed or acquired through the NSIP in the necessary time frame as determined by the Commander, USEUCOM.

   (2) Pre-financing statements will be prepared and coordinated with host nations by the DoD Components, and be submitted through the Commander, USEUCOM, to the DEFAD for the U.S. Mission to NATO for submission to the NATO IC for all projects that are likely to become eligible for future NSIP funding. DoD Component’s submissions must also outline actions to be taken to hasten future NATO programming and funding of these requirements.

   (3) The Commander, USEUCOM, will notify the NATO IC through the DEFAD for the U.S. Mission to NATO of the United States’ intent to pre-finance, including the planned method of procurement, before contract solicitation. Any exceptions to NATO bidding and contracting procedures under NATO Documents AC/4-D/2261, AC/4-D/2261-ADD2 (Annex X), and AC/4-D(2008)0002-REV2 must be requested and noted by the IC before contract solicitation. Any national concerns raised in the IC regarding alternative procurement methods must be addressed.

   (4) If only partial pre-financing (i.e., NSIP funds become available during project implementation), DoD asset accounts will be adjusted as appropriate. NSIP funds authorized by
(5) Recoupment of all pre-financed projects will be pursued. If NATO approves the project (e.g., by including the project or partial project in a CP or CPP), then documentation for the recoupment of a pre-financed project will be submitted for authorization by the Commander, USEUCOM, through the U.S. IC representative at the DEFAD for the U.S. Mission to NATO. Alternatively, if the U.S. provided pre-financing but was not designated the host nation, the U.S. will require that the host nation submit the required documentation for recoupment and transfer NATO funds to the United States once authorized.

(6) When the U.S. acts as the host nation, records of all project solicitation documents, invoices, and as-built drawings will be maintained by the DCA (or as applicable by other DoD Components executing the NSIP project) until financial close-out by the IBAN.

c. DoD records management requirements.

(1) Records created and received by DoD Components per this issuance that lack NATO classification markings will be maintained pursuant to DoDI 5015.02, records disposition schedules, and authorized retentions.

(2) Records created and received by DoD Components with NATO classification markings will be maintained pursuant to administrative and security requirements defined in NATO Document C-M(2002)49-REV1, and DoD security policies cited in United States Security Authority for NATO Affairs Instruction 1-07.

<table>
<thead>
<tr>
<th>TERM</th>
<th>DEFINITION</th>
</tr>
</thead>
<tbody>
<tr>
<td>capability requirements brief</td>
<td>A step in NATO requirements development that includes doctrine, organization, training, materiel, leadership, personnel, facilities, and interoperability line of development; rough order of magnitude cost (investment, operations and maintenance, and manpower, as applicable); scope; schedule; performance and risk.</td>
</tr>
<tr>
<td>certificate of final financial acceptance</td>
<td>Issued by the IBAN on completion of an audit of an NSIP-funded project.</td>
</tr>
<tr>
<td>common funding</td>
<td>The formal arrangements that have been put in place by which nations, collectively, provide funds to NATO for the provision of requirements which are over and above those which could reasonably be expected to be made available from national resources.</td>
</tr>
<tr>
<td>conjunctive funding</td>
<td>The use of U.S. appropriated funds for qualifying project expenses not eligible for NATO funding. These expenses include additive U.S. requirements that exceed NSIP-eligible criteria and expenses such as land acquisition necessary for a complete and usable facility when not provided for within a NATO authorization, but for which authorization exists under U.S. law. The term also refers to funding of additional overhead and design costs not provided by NATO.</td>
</tr>
<tr>
<td>CP</td>
<td>A combination of national (military and civilian) and NATO funded infrastructure; operations, maintenance; manpower; and associated costs that, with the military forces and other essential requirements, enable a NATO commander to achieve a specific military required capability.</td>
</tr>
<tr>
<td>CPP</td>
<td>A step in NATO requirements development that includes doctrine, organization, training, materiel, leadership, personnel, facilities, and interoperability capability components; refined assessment of through-life cost (investment, operations and maintenance, and manpower, as applicable); scope; schedule; performance; risk; proposed tolerances at program level; options analysis (including acquisition strategy); and planning for phasing-out systems or services no longer required.</td>
</tr>
<tr>
<td>criteria and standards</td>
<td>Common NATO standards that ensure that facilities constructed for NATO use, although designed and built according to host nations national codes and standards, will favor interoperability and multi-national operations.</td>
</tr>
<tr>
<td>TERM</td>
<td>DEFINITION</td>
</tr>
<tr>
<td>----------------</td>
<td>--------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>direct funding</td>
<td>Process through which NSIP funds are provided quarterly to pay invoices based on a forecast of anticipated project costs. Where the U.S. is the host nation, DCAs incur obligations for direct funded projects in advance of receipt of direct funding based on NATO project authorization amounts, pursuant to Section 2350q of Title 10, U.S.C.</td>
</tr>
<tr>
<td>eligibility</td>
<td>Categories and types of projects that the NATO allies have agreed will be funded through the NSIP. Currently, the nine categories of requirements eligible for NSIP funding are: Alliance operations and missions. Readiness capabilities. Deployable assets. Capabilities supporting deploying forces. Command, control, and consultation capabilities. Air command and control capabilities. Training, exercise, and education. NATO command structure. Nuclear deterrent posture.</td>
</tr>
<tr>
<td>governance</td>
<td>All actions and decisions taken by consensus by NATO allies. Conducted through the North Atlantic Council (NAC), RPPB, MC, IC, and BC.</td>
</tr>
<tr>
<td>host nation</td>
<td>The entity which implements a NSIP project on behalf of NATO. The host nation may be the territorial host nation, a NATO agency, a user nation, or a strategic command.</td>
</tr>
<tr>
<td>IC</td>
<td>NATO’s resource committee responsible for the oversight of the implementation of the NSIP, as endorsed by the RPPB and approved by the NAC. For common funded capability delivery (CFCD), authorized project cost, scope, schedule, technical approach, procurement method, and project tolerances.</td>
</tr>
<tr>
<td><strong>TERM</strong></td>
<td><strong>DEFINITION</strong></td>
</tr>
<tr>
<td>---------------------------</td>
<td>---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>infrastructure</td>
<td>Buildings, pavements, piers, and other fixed facilities or structures to include certain mobile projects (e.g., radars and mobile operational war headquarters) and equipment essential to NATO operations and war plans (e.g., communications and information technology systems).</td>
</tr>
<tr>
<td>international competitive bidding</td>
<td>The default procedure for the contracting of NSIP projects. Only firms of NATO countries participating in the financing of projects may be invited to bid.</td>
</tr>
<tr>
<td>maintenance</td>
<td>Work required to sustain existing facilities or equipment. Examples of maintenance work are replacement of expendable items, minor repair, painting, grading, and repair of road shoulders or ditches. Routine maintenance is a user nation’s responsibility and is not eligible for common funding. However, some work classified as maintenance under U.S. programming procedures may be programmed as restoration in NATO infrastructure, and therefore be eligible for common funding. NATO conducts periodic operations and maintenance inspections to confirm proper maintenance of NATO facilities by the peacetime user nations. The frequency of the inspections depends on the status and operational role of the infrastructure. For facilities in a caretaker status during peacetime, maintenance is the responsibility of the wartime user nation.</td>
</tr>
<tr>
<td>MC</td>
<td>NATO committee primarily responsible for approving operational requirements, capability requirements, and analysis across the full capability lines of effort and military priorities. For CFCD, the MC approves operational requirements, capability requirements brief, endorses CPP and tolerances (with RPPB), approves capability acceptance report (with RPPB), and approves retirement (disposal with RPPB).</td>
</tr>
<tr>
<td>military construction</td>
<td>Defined in Section 2801 of Title 10, U.S.C.</td>
</tr>
<tr>
<td>ORS</td>
<td>A statement of established need justifying the timely allocation of resources to achieve a capability to accomplish approved military objectives, operations, missions, or actions.</td>
</tr>
<tr>
<td>over and above principle</td>
<td>NATO common funding eligibility will focus on the provision of requirements which are over and above those which could reasonably be expected to be made available from national resources.</td>
</tr>
<tr>
<td>TERM</td>
<td>DEFINITION</td>
</tr>
<tr>
<td>-----------------------------</td>
<td>----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>pre-financing statement</td>
<td>The declaration of a host nation to NATO that it has the intention to fund from national resources a project which may later qualify for NSIP funding. It is the document which is noted by the IC and contains the scope of work, costs, and proposed procurement strategy.</td>
</tr>
<tr>
<td>project proposal</td>
<td>The document under the CFCD governance model which includes updated assessments of through-life-cost (investment, operations and maintenance, and manpower, as applicable), schedule, performance and risk, finalized scope, proposed tolerances at project level, and implementation strategy or procurement method.</td>
</tr>
<tr>
<td>recoupment</td>
<td>NATO reimbursement of U.S. funds previously used to pre-finance an NSIP-eligible project.</td>
</tr>
<tr>
<td>restoration</td>
<td>Actions required, beyond normal maintenance, to bring NATO facilities up to the criteria in force when originally built.</td>
</tr>
<tr>
<td>RPPB</td>
<td>Senior advisory body to the NAC on the level and management of all NATO resources. Responsible for the overall management of NATO’s civil and military budgets, as well as the NSIP and manpower. The RPPB is responsible for resource policy, including eligibility and affordability, and is tasked with planning and performance assessment. The RPPB receives strategic guidance from the NAC and provides coherence and guidance to the work of the IC and BC. For CFCD, the RPPB confirms eligibility, approves capability requirements briefs, designates host nation, approves acquisition strategy, authorizes advanced planning funds, endorses CPP and tolerances, approves capability acceptance reports, and approves retirement or disposal.</td>
</tr>
<tr>
<td>strategic command</td>
<td>The highest level of the NATO command structure. There are two strategic commands: allied command operations; and allied command transformation.</td>
</tr>
<tr>
<td>territorial host nation</td>
<td>The country on whose territory an NSIP project is to be implemented.</td>
</tr>
<tr>
<td>U.S. Mission</td>
<td>The U.S. diplomatic mission to NATO located at NATO Headquarters, Brussels, Belgium. The DEFAD for the U.S. Mission to NATO provides representation of the U.S. on all NATO resource committees including RPPB, IC, and BC.</td>
