References: See Enclosure 1

1. PURPOSE. This instruction:

a. Reissues DoD Instruction (DoDI) 1000.17 (Reference (a)) in accordance with the authority in DoD Directive (DoDD) 5105.53 and the January 11, 2021 Deputy Secretary of Defense Memorandum (References (b) and (t)).

b. Updates established policies, assigned responsibilities, and procedures for detailing DoD personnel (military or civilian) to organizations outside the DoD.

2. APPLICABILITY. This instruction:

a. Applies to OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (referred to collectively in this instruction as the "DoD Components").

b. Applies to all DoD military and civilian personnel except as provided in paragraph 2c.

c. Does not apply to personnel who are:

(1) Funded or reimbursed through foreign military sales, the International Military Education and Training Program, and similar military and security assistance programs.

(2) Assigned to military assistance groups and missions to include peacekeeping and United Nations Missions in accordance with DoDD 2065.01E (Reference (c)).

(3) Assigned to, participating in, or performing duties outside the DoD under fellowships, scholarships, Training with Industry opportunities, or grant programs consistent

with DoDI 1322.06 (Reference (d)) or part 362 of Title 5, Code of Federal Regulations (Reference (e)).

(4) Detailed to another Federal, State, or local agency pursuant to sections 4107 and 4121 of Title 5, United States Code (U.S.C.) (Reference (f)) or participating in or performing duties as part of an educational, professional, or career development program or agreement, to include those assigned to the National Security Professional Program as defined by Executive Order 13434 (Reference (g)) and other applicable issuances and guidance.

(5) Selected for assignment to Reserve Components or Selective Service System Reserve Force units pursuant to section 451 et. seq. of Title 50, U.S.C. Appendix, also known as the “Military Selective Service Act”, as amended (Reference (h)).

(6) Exempted by the provisions of DoDD S-5210.36 (Reference (i)).

(7) Assigned to DoD Components that perform work for non-DoD agencies as part of the DoD Component’s functional responsibility (e.g., those assigned to a manpower authorization of the White House Military Office are not considered to be detailed to the White House).

(8) Assigned to exchange programs, to include those established with the Department of State (DOS), the National Aeronautics and Space Administration, or the Intelligence Community Civilian Joint Duty Program.

(9) Assigned to or performing duties for the National Science Foundation, the Office of the Attending Physician to the U.S. Congress, or the U.S. Coast Guard as Navy chaplains, or the DOS as members of the Navy Construction Battalion team.

(14) Contractor personnel.

(15) Detailed to another Federal, State, or local agency, as approved by the Inspector General of the Department of Defense (IG DoD), in direct support of that office's functional responsibilities and or based upon concurrent jurisdiction. The IG DoD will provide written notification to the DoD Executive Secretary upon such instance.

3. POLICY. It is DoD policy that:

a. Details outside the DoD will be executed only when they promote the increased effectiveness of the U.S. Government, are not duplicative, and produce a more economic use of government resources, in accordance with the guidance in Enclosure 2 of this instruction.

b. Funds are appropriated to pay for DoD personnel to carry out DoD's missions. As a general policy, and consistent with section 1535 of Title 31, U.S.C. also known as "The Economy Act," as amended (Reference (n)), the DoD will approve requests for details outside the Department only on a reimbursable basis.

(1) Non-reimbursable details will be executed only if non-reimbursement is specifically authorized by statute; the detail has a minimal effect on the loaning agency's appropriations; or the employee will be performing functions consistent with those for which DoD funds are appropriated and the greater benefit of the detail accrues to the-DoD.

(2) The external duties normally will relate to matters ordinarily handled by the DoD, and aid the Department in accomplishing its functions. Details may be beneficial to both agencies, but absent a clear showing of preponderant benefit accruing to the DoD, approval will normally be on a reimbursable basis.

(3) Details outside of DoD where DoD personnel are performing a DoD mission, but simply working at a facility controlled by another agency, such as a liaison position, are non-reimbursable.

c. Detail of members of a Reserve Component in a Federal status that are on active duty other than for training will only be considered as an exception to policy when:

(1) There are no other qualified personnel within the available Active Component.

(2) The parent organization agrees to resource the requirement.

(3) The detail is deemed a valid requirement that is in the best interest of the Department.

d. Personnel will be detailed and employed according to terms approved by the DoD Executive Secretary and within the limitations of Enclosure 2. Without prior approval from the DoD Executive Secretary, personnel will not be:

(1) Detailed to perform substantially different duties from those formally approved.

- (2) Transferred intra-agency.
- (3) Transferred or assigned to a different duty position.
- (4) Transferred, assigned, or detailed to another agency.

4. RESPONSIBILITIES. See Enclosure 3.

5. PROCEDURES. See Enclosure 4.

6. RELEASABILITY. **Cleared for public release.** This instruction is available on the Directives Division Website at <https://www.esd.whs.mil/DD/>.

DETAIL GUIDELINES

1. DETAILS OUTSIDE THE DoD

a. DoD personnel may be detailed to non-DoD agencies to support a specific project, for a pre-determined duration, where it is judged that:

(1) DoD personnel are uniquely qualified within the U.S. Government to accomplish the task.

(2) The detail furthers identifiable DoD interests.

b. All details will be for the minimum possible duration. Extensions, not to exceed 1 year, may be considered on a case-by-case basis.

c. All requests for outside DoD details are subject to a formal process.

d. DoD personnel are not authorized to report to an agency outside the DoD until such time that the DoD Executive Secretary approves the detail request.

e. All temporary duty assignments in excess of 14 calendar days to an agency outside the DoD must be processed in accordance with this instruction. Temporary duty that does not exceed 14 calendar days must still be documented in a formal memorandum addressed to the DoD Executive Secretary detailing what duties the individual will be performing and the duration. In all cases of temporary duty, formal approval by the DoD Executive Secretary is required before commencement of the duties to be performed.

2. DETAIL FUNDING

a. Non-reimbursable details will be executed only if the employee will be performing functions consistent with those for which DoD funds are appropriated and DoD gains the greater benefit of the detail, a relevant statute authorizes the detail on a non-reimbursable basis, or the detail has a minimal effect on the loaning agency's appropriations. All requests for non-reimbursable support must include rationale describing how the detailee will be performing functions consistent with those for which DoD funds are appropriated and how the DoD gains the greater benefit of the detail, or identify the authority that authorizes the detail to be performed on a non-reimbursable basis.

b. Details to international organizations may be made with or without reimbursement to the United States, in whole or in part, as provided by section 3343 of Reference (f).

c. Details to the White House Office, the Executive Residence at the White House, the Office of the Vice President, the Domestic Policy Staff, or the Office of Administration determined to be subject to section 112 of Title 3, U.S.C. (Reference (o)) will be on a reimbursable basis following any period of 180 calendar days in any fiscal year in which detailed.

d. Other statutes not listed in this instruction may authorize details between DoD and other specific elements of the Federal Government, such as to the intelligence community, DOS, or the National Aeronautics and Space Administration. When a detail relies upon one of these specific statutes as the underlying authority for the detail, the limitations of the statute with respect to duration and any requirement for reimbursement must be complied with.

e. Consistent with section 8062 of Public Law 112-74 (Reference (p)), or similar annually recurring provision that is applicable in future fiscal years, details to agencies that are more than 90 days late in discharging payment to DoD for previously provided reimbursable goods or services will not be considered.

f. Official travel or training undertaken on behalf of or directed by the host will be funded accordingly. The host organization will provide the necessary funding or reimburse detailees directly for any training or travel in accordance with chapters 300 through 304 of Title 41, Code of Federal Regulations (Reference (q)). Any travel must be approved in advance by host management and the detailee's parent organization.

3. DETAIL RESTRICTIONS

a. Personnel will not be detailed outside the DoD when such a detail would be the individual's final tour before retirement or separation.

b. Personnel are prohibited from serving on back-to-back details within the same or to another government agency.

c. Personnel will not be detailed for any period (initial or in combination with an approved extension) that exceeds 4 consecutive years outside the DoD.

d. No details of DoD civilian personnel or military members are permitted to the Legislative Branch of the U.S. Government except under the terms and conditions of References (d) and (e).

ENCLOSURE 3

- a. Serves as the single DoD focal point for the submission and final disposition of all requests to detail personnel outside the DoD.

- b. Do not take independent action on any detail request, nor offer judgment regarding the potential for a detail approval.
- c. Act as the Component's designated coordinating officials. If delegating this responsibility below the Component's Principal Deputy level, the DoD Executive Secretary must agree in accordance with the procedures in Enclosure 4 of this instruction.

d. Submit a copy of all applicable DoD military and civilian personnel who are currently detailed outside of the Department to the Executive Secretary on the fifth working day of the month.
