SECTION 4: COORDINATING ASSIGNMENTS OF ACTIVE DUTY SERVICE MEMBERS WHO HAVE A FAMILY MEMBER WITH SPECIAL NEEDS

4.1. STANDARDS FOR AUTHORIZING OVERSEAS TRAVEL FOR FAMILY MEMBERS WITH SPECIAL NEEDS OF ACTIVE DUTY SERVICE MEMBERS.

a. Family member travel at government expense overseas may be denied when an active duty Service member has a family member with special medical needs and the services to meet those needs are unavailable in a duty location, as determined by the MHS based on acceptable U.S. healthcare standards. The Military Department will follow the procedures in this instruction regardless of the sponsor’s location when processing a Service member with a family member with special needs.

b. Active duty Service members may not be denied consideration for an essential (as defined by the military personnel assignment system) duty assignment overseas solely because of the special needs of a family member. They will receive the same consideration for travel at government expense to any duty location as families without such members.

c. The failure to assign an active duty Service member to a pinpoint location overseas, as defined in the Glossary, is never a basis to deny EIS or special education to the active duty Service member’s eligible infant, toddler, or child pursuant to DoDI 1342.12 and DoDM 1342.12.

d. The responsible Military Department may request reimbursement from the sending Military Department if failure to coordinate an assignment with the responsible Military Department results in one of the following situations:

   (1) The assignment of the Service member to an overseas location where responsible Military Department personnel are not available to provide EIS pursuant to the child’s IFSP or related services pursuant to the child’s IEP.

   (2) The assignment causing the responsible Military Department to incur extraordinary expenses (e.g., hiring additional staffing) to provide EIS pursuant to the child’s IFSP or related services pursuant to the IEP.

e. The receiving Military Department may also require the sending Military Department to provide those services that are pursuant to the child’s IFSP or IEP when there is failure to coordinate an assignment.
4.2. MILITARY SERVICE PROCEDURES. Each Military Service will establish procedures to:

a. Identify active duty Service members who have family members with special medical needs through completion of DD Form 2792, and with educational needs through DD Form 2792-1. The procedures require use of the information when considering family member travel.

b. Update the status of family member(s) with special needs when conditions occur, change, or no longer exist, and when Service-specific policy requires.

c. Coordinate the availability of medical and educational services.

d. Maintain records on the effectiveness of the assignment process involving sponsors who have family members with special needs and on-assignment problems resulting from the inadequacy of the Military Services’ procedures or failure to follow their procedures.

4.3. MILITARY PERSONNEL ACTIVITIES. Military personnel activities will coordinate with appropriate sources to verify that required special medical and educational services are available.

a. Assignments Overseas.

(1) Coordinate with medical activities to verify that required medical services are available, if the member has a dependent eligible for such services, before authorizing family member travel at government expense.

(2) Coordinate with DoDEA and the medical activity responsible for supporting DoDEA to ensure that assignments are made to locations where EIS or special education services are available. DoDEA will determine whether the needs can be met in any location or whether an established pinpoint location is required.

(3) Remove active duty Service members who have family members with special medical and educational needs from overseas orders if no suitable overseas assignment location can be found and there is no adverse impact on the military mission or on the active duty Service member’s career.

b. Assignments within the United States and its Territories.

(1) Coordinate and verify the availability of medical services essential to meet the needs of family members with special medical needs.

(2) Coordinate with the MHS, school districts or EIS providers, EFMP family support services personnel, the school liaison officer, and others, as appropriate, to determine the availability of EIS and special education services essential to meet the family member’s special education needs.
4.4. **MILITARY MEDICAL ACTIVITIES.** Military medical activities will respond to requests from personnel activities to determine the availability of required medical services. Medical treatment facilities will identify or confirm family members who meet the criteria for special needs, as specified in Section 3, following Service-specific guidance.

4.5. **ACTIVE DUTY SERVICE MEMBERS.**

   a. When the active duty Service member becomes aware that a family member may meet the criteria for special needs, as specified in Section 3, the active duty Service member must:

      (1) Notify the cognizant military medical authority using Service-specific guidance.

      (2) Have the DD Form 2792 completed by the appropriate medical provider.

      (3) Have the DD Form 2792-1 completed by the current EIS provider or current school providing special education to determine whether the family member (birth through 21 years of age, inclusive) is eligible for or receiving special education and related services.

   b. The active duty Service member must provide the cognizant military authority the completed DD Form 2792, DD Form 2792-1, IFSP or IEP.

   c. The active duty Service member must provide the information required to complete the DD Form 2792 and, when appropriate, the DD Form 2792-1. An active duty Service member who fails or refuses to provide the required information for a family member for whom the Service member is a personal representative for health information in accordance with Public Law 104-191, or who knowingly provides false information about any dependent, may be subject to disciplinary actions for such offense.

      (1) Such disciplinary actions, in appropriate cases, would be in accordance with Article 92 (failure to obey a lawful order or regulation or dereliction of duty) or Article 107 (false official statement), in violation of Chapter 47 of Title 10, U.S.C. (also known and referred to in this instruction as “The Uniform Code of Military Justice (UCMJ)”).

      (2) In addition to UCMJ disciplinary action, the active duty Service member may also be subject to administrative sanctions, including denial of command sponsorship.
SECTION 5: CIVILIAN EMPLOYEES ON OVERSEAS ASSIGNMENT

5.1. VOCABULARY. Part II of the Glossary provides definitions of “family member” that apply only to this section.

5.2. EMPLOYEE RIGHTS.

   a. The DoD Components must select civilian employees for specific positions based on job requirement and merit factors in accordance with Section 2302 of Title 5, U.S.C. and Sections 791 through 794d of Title 29, U.S.C. The selection for an overseas position must not be influenced by the special needs of a civilian employee’s family member(s), or any other prohibited factor.

   b. The civilian employee or selectee will be given comprehensive medical, dental, and educational information about the overseas community where the position is located after the cognizant medical and educational authorities review the medical and educational information provided to help the employee make an informed choice about the position.

   c. Refer to the Joint Travel Regulations for PCS travel and transportation allowances for eligible civilian employees and their family members.

   d. Civilian employees or selectees assigned to positions overseas are generally responsible for obtaining medical and dental services and paying for such services, except services provided pursuant to DoDI 1342.12 and DoDM 1342.12. Their family members may have access to the MHS on a space-available, reimbursable basis only, except for services pursuant to DoDI 1342.12 and DoDM 1342.12.

      (1) The DoDEA and the Military Medical Department responsible for the provision of related services to support DoDEA at the duty station are required to evaluate school-aged children (ages 3 through 21 years, inclusive) eligible for enrollment in a DoDEA school on a space required basis and provide them with the special education and related services stipulated in their IEPs in accordance with DoDM 1342.12.

      (2) The Military Departments are required to provide infants and toddlers (from birth up to 3 years of age, inclusive) eligible for enrollment in a DoDEA school on a space required basis with the EIS stipulated in the IFSPs in accordance with DoDM 1342.12.

5.3. PROCESSING A CIVILIAN EMPLOYEE FOR AN OVERSEAS POSITION.

(2) Provide information on the availability of medical and educational services, including a point of contact for the applicant to ask about specific special needs. This information must be contained in any document used for recruitment for overseas positions.

(3) Include the following statements in recruitment information:

   (a) If an employee brings a child to an overseas location and that child is entitled to attend a DoD school on a space-required basis in accordance with DoDEA Regulation 1342.13, the DoDEA and the Military Department responsible for providing related services will ensure that the child, if eligible for special education, receives a free appropriate public education, including related services pursuant to DoDI 1342.12 and DoDM 1342.12.

   (b) If an employee brings an infant or toddler (up to 3 years of age) to an overseas location, and that infant or toddler, but for the child’s age, is entitled to attend the DoDEA on a space-required basis in accordance with DoDEA Regulation 1342.13, then the Military Department responsible for EIS will provide the infant or toddler with the required EIS in accordance with the eligibility criteria consistent with DoDI 1342.12 and DoDM 1342.12.

   (c) If an employee brings a family member to an overseas location who requires medical or dental care, then the employee will be responsible for obtaining and paying for such care. Access for civilian employees and their families to military medical and dental treatment facilities is on a space-available and reimbursable basis only.

b. When the gaining human resources representatives process a civilian for an overseas position where family member travel is authorized at government expense, then they must ask the selectee to determine whether a family member has special needs, using the criteria provided in Section 3. All selectees must be asked only after they have been notified of their selection in accordance with Sections 791 through 794d of Title 29, U.S.C. and Section 1630.14 of Title 29, Code of Federal Regulations. If the selectee indicates that a family member has special needs:

   (1) The DoD civilian human resources representatives may not coerce or pressure the selectee to decline the job offer in light of that information.

   (2) The selectee may voluntarily forward to the civilian human resources representative completed DD Forms 2792 or 2792-1 for each family member with special needs to provide information on the availability of medical and educational services. DD Form 2792-1 must be submitted if the selectee intends to enroll his or her child in a school funded by the DoD or a school in which DoD is responsible for paying the tuition for a space-required family member.

   c. The gaining human resources activity will coordinate with the appropriate military medical and educational personnel on availability of services and inform the selectee in writing of the availability of medical, educational, and early intervention resources and services to allow the civilian employee to make an informed choice whether to accept the position. The notice will include:

   (1) Comprehensive medical, dental, and educational information on the overseas community where the position is located.
(2) A description of the local DoDEA facility and programs, specifying the programs for children with special education needs.

(3) A description of the local EIS available for infants and toddlers with developmental disabilities.

(4) A statement indicating that the lack of EIS or special education resources (including related services assigned to the military medical departments) cannot serve as a basis for the denial of family travel at government expense and required services will be provided even if a local program is not currently established in accordance with DoDM 1342.12.

5.4. **USE OF EFMP FAMILY SUPPORT SERVICES.** Civilian employees may utilize EFMP family support services on a space available basis.
