Policy.

- In accordance with Section 1065 of Title 10, U.S.C., the following new patron groups are authorized access to DoD commissary, exchange, and morale, welfare, and recreation (MWR) Category C revenue generating activities on the same basis as a member of the Military Services entitled to retired or retainer pay, effective January 1, 2020:
  - Veterans who were awarded the Purple Heart.

  - Veterans classified by the Department of Veterans Affairs (VA) as having a service-connected disability rating below 100 percent.
  - Individuals assessed, approved, and designated as caregivers or family caregivers for veterans under the VA Program of Comprehensive Assistance for Family Caregivers. Additional MWR Category B activities authorized by the Secretary of the Military Department concerned in accordance with Attachment 3.

- Further guidance concerning access to MWR Category A activities will be provided in a separate issuance.

PROCEDURES

1. IDENTIFICATION FOR BENEFIT ACCESS. The DoD will accept the following VA documentation to differentiate and verify eligible veteran and caregiver patrons for commissary, exchange, and authorized MWR access pursuant to Section 1065 of Title 10, U.S.C.:

   a. Veterans Health Identification Card (VHIC).

      (1) VHIC-eligible veterans eligible solely under this DTM will be identified and verified in person by a current VA-issued VHIC having one of the following acceptable identifiers: “PURPLE HEART,” “FORMER POW,” or “SERVICE CONNECTED.” The VHIC will also be scanned for electronic verification at the register when making commissary purchases.

      (2) Further guidance concerning veterans currently ineligible for a VHIC will be provided in a separate issuance.

   b. Caregiver Letter. Caregivers and family caregivers eligible solely under this DTM will be identified and verified in person by presentation of an acceptable credential authorized in Volume 3 of DoD Manual 5200.08, and a VA-issued letter certifying they are currently enrolled as a caregiver or family caregiver for a veteran in the VA Program of Comprehensive Assistance for Family Caregivers. The VA-issued caregiver letter will expire annually on December 31, and will be reissued annually by the VA to verify continued eligibility. This letter is a temporary proof of eligibility until the VA creates an official identification card for caregivers. Once an official caregiver identification card is created, these caregivers must obtain the new card to facilitate access to these benefits.

   c. Electronic Verification for Access to Online Benefits. Eligible veterans and caregivers under this DTM will be authorized access to online exchange and MWR activities through Defense Manpower Data Center data verification.

   b. The user fee will be set as a transaction-based flat rate, calculated within a range of the average annual rates of credit and debit card transaction costs incurred by the Department of
Treasury on behalf of DeCA and in compliance with applicable card network rules. One rate will be set for credit and signature debit card transactions, which are processed as credit cards. Another rate will be set for personal identification number debit card transactions. These rates will be reviewed annually and adjustments may be made as necessary to meet the requirements of Section 1065 of Title 10, U.S.C.

c. Purchases made with electronic benefit transfer cards (e.g., Women, Infants, and Children or Supplemental Nutrition Assistance Program) and the MILITARY STAR card are not subject to this credit/debit card user fee.

d. No user fee reimbursement will be made on customer return of merchandise.

e. All credit/debit card user fee amounts collected in commissary stores will be deposited in the General Fund of the Treasury.

4. ADDITIONAL MWR CATEGORY B ACTIVITIES. The Secretaries of the Military Departments may authorize access to additional Category B MWR activities (except child development programs) to veterans and caregivers authorized pursuant to this DTM on a space-available basis when there is excess capacity and user fees cover the majority of operational expenses.
