## FY 2009 SECTION 1022 (a) REPORT

**NATION:** Colombia

**PROJECT/BASE SUPPORT EFFORT:** Supports the sustainment and expansion of Colombia's Initial Entry Rotary Wing (IERW) training base at Melgar, Colombia. School currently has a throughput of approximately 40 students per year to meet Colombia's rotary wing pilot requirements supporting both CN/CNT operations. Long-term US Southern Command and Government of Colombia objective is to expand the training capability at Melgar into a regional International Initial Entry Rotary Wing (IIERW) capability that can meet and sustain Colombia's expanding rotary wing training requirements, as well as those of all Spanish speaking countries in the region. Intent is to reduce DoD funding assistance and foster regional interaction/engagement in the CN effort.

**PROJECT CODE:** 9201

**FUNDING (\$K):** \$10,930K

**DESCRIPTION:** Funding provides for the sustainment of a Technical Assistance Field Training Team (TAFT) supporting both Melgar IERW helicopter training and the development of the Limited Aviation Depot (LAD) at Rio Negro. The LAD supports the repair of the "hot section" of the T-700 and T-53 engines. Operational support includes parts and fuel to sustain the 15 USG titled UH-1 aircraft that are the primary helicopter training aircraft, a maintenance contract sustaining readiness rates above 75% for the UH-1's, and infrastructure that will facilitate and support the expansion of the IERW school at Melgar into a regional IIERW capability.

**PROJECT TASKS:**

- TAFT (\$1,200K) – advise and assist the COLAF/COLMIL in the management/maintenance/operation/and planning associated with the operation of an IERW training capability. Program of Instruction and overall training certified as meeting DoD (Ft Rucker) standards.
- LAD (\$250K) – advises and assists the COLAF in the development of a focused depot level repair for the "hot section" of the T-700 (UH-60) and T-53 (UH-1) engines.
- IERW operational support (\$1,200K) - provide fuel (\$400K) and parts (\$800K) to augment Colombia's IERW capability. Fuel support terminates effective FY10.
- IERW Maintenance (\$3,980K) – train Colombian personnel in maintenance procedures on the UH-1 aircraft- and maintain the UH-1 aircraft at a minimum 75% readiness. Expand operations to include the OH-58 aircraft in FY10.
- IERW Infrastructure (\$4,300K) - provide the minimal infrastructure needed to sustain an expanded IERW capability that includes an additional 24 IIERW students annually. Construction includes expanding the current kitchen in the dining facility, construction of an additional barracks and modular classrooms (4), and helicopter pads (4).

\*\* Not shown is \$1,800K that supports 13 USA civilian contractors providing Spanish pilot/maintenance training in support of US Southern Command's regional rotary wing training requirements.

water" operations at Puerto Carino and Tres Esquinas, and in direct support of JTF-Omega riverine operations. Funding also provides a small portion of the fuel required to sustain Colombian Navy (COLNAV) maritime interdiction operations on the Pacific coast using the DoD purchased Midnight Express boats. Aviation fuel directly supports base operations in Bogota, Apiay, and Rio Negro for those aircraft supporting JTF-Omega operations.

### **PROJECT TASKS:**

- Augment COLMAR and COLNAV maritime operations, as required, to sustain operations against CN/CNT targets (\$1,500K)
- Augment JTF-Omega fuel requirements, as required, to sustain operations (\$3,500K)  
\*\*Funding for fuel will cease in FY10 with the exception of that needed to sustain maritime interdiction operations. All funding for fuel will cease after FY10 as the COLNAV increases its annual budget consistent with the Colombian fiscal year.
