Comments: Further to our telefax of 05/23/94 and subsequent
conversations, we want to remove "systems maintenance"
from 42.1504 (b)(1)(V) because we do not know what requires
these words we intended to convey. "Systems maintenance" is not
defined in the proposed rule and the original drafts of the
language (DCAA) has agreed that it is appropriate to remove
this requirement. Please confirm your agreement to this change.

Comments: Reference FAR Case 93-005. We want to remove
42.1504 (b)(2)(v) concerning "systems maintenance" from the
proposed FAR rule. In the definition of "compensation
system" in 31.001, we want to change "administering"
to "administering." Request your concurrence ASAP as we
are seeking Departmental approval to publish.

DCAB concurs with these changes.
