The parking database has changed from two different agency from 1981 (my arrival) to 2005 when transition to PFFA. We never has tracked or annotate on a parking application a check box field for consultants; therefore, we do not have that data. The information I can provide from past knowledge and PFFA IT database are as follow:

Contractor - 5,253 (see attached)
Media spaces - 1981 to 2003, 35 designated spaces
- 2003 to 2009, media/visitors parked on a first-come-basis in one parking area; nothing set aside just for the media
- 2009 to present, 36 designated spaces Media parking permits issued - ranged from 20-30
