 Subject: FW: Key Documents

ALCON,

Attached is a list of documents that (b)(6) has requested we consolidate for the archives. I have gone through my files and I have accumulated a large number of these documents and established a Groove site just for these documents. Please send me any of these files that you might have so that I may add them to the Archive Files. I have lined through the list of files that I feel I have a complete copy of in the Groove site already.

If you would like an invite to the Groove space, please let me know.
