The only people involved in selecting the individuals and companies on contract to ORHA are now in-theater. The only people overseeing the performance of these contracts (most likely the same individuals) are also in-theater.

[REDACTED]

Here are some of the individuals who, as best as I know, are providing substantive oversight for the contracts.

- Iraqi Free Media Program (contract number DASW01-03-F-0533) - This contract has been handled by OSD/SOLIC/Information Activities since the very beginning. You already have two people from this office listed as CONUS-based POCs [REDACTED]

I hope this information is helpful to you. Even as you continue to work to identify the appropriate people to oversee these contracts, please remove my name from these contracts as a point of contact.

I really must insist that my name be removed from these contracts as a point of contact. I am not and have not been in a position to make any decisions, evaluations, or other judgments about these contracts or the individuals performing them.

-- On the contracts for the democracy and governance group, I simply passed to ORHA's contracting officer requests from Deputy Secretary Wolfowitz to hire the individuals identified. (b)(5) has been managing this project and is now serving as the point of contact for all involved.

-- On contracts for (b)(5) I merely passed along to ORHA's contracting officer requests from Jay Garner to bring these gentlemen on board through appropriate contracting means.

-- On the contract for (b)(5) I merely passed along to ORHA's contracting officer a request from Mike Mobbs to renew (b)(5) contract. Mobbs had brought (b)(5) in to his Energy Infrastructure Protection Group before ORHA came into existence.

-- I have had no involvement whatsoever - not even passing messages - on the contracts for MPRI, IRDC, Ronco, linguists, the Iraqi Free Media Program, (b)(5) (b)(5) I don't feel comfortable serving as a point of contact on matters which I have absolutely no knowledge of.

Thanks.

Sir,

Attached is a consolidated contract list for the ORHA contracts I have been privy to initiate. There are others that I do not have the information on because they were initiated before my arrival. I will send a separate email with the SOWs for each contract effort.
