 1. Ray,

Please come prepared to answer questions as to how we get these people on whichever payroll makes sense. [REDACTED]

Also, we have one person from the Peace Corps. It would be terrific if we could get the Peace Corps to detail her to us for a period of 1 year.

2. [REDACTED]

Please provide Ray with forms that we can conduct background checks on these people. We are not looking to give them clearances; just need to make sure there is no adverse information.
