[REDACTED]

We are trying to get [REDACTED] to come in this afternoon to sign their subcontracts. Based upon a matrix provided previously by your office, the compensation was identified as follows:

- [REDACTED] \$95K after tax. At a 40% tax bracket, this equates to \$133K/year. \$511.54/day.
- [REDACTED] \$81K after tax. At a 40% tax bracket, this equates to \$113,400/year. \$436.15/day.
- [REDACTED] No compensation identified.

I need to know immediately what the compensation rate should be for [REDACTED]

Also, unless I hear otherwise, we are going to provide the compensation as shown above for the other two individuals. Please let me know soonest. Thanks.
