Post-convention funeral planned for Tubbs Jones

By Jared Allen

Posted: 08/21/08 02:40 PM [ET]

Memorial services for Rep. Stephanie Tubbs Jones (D-Ohio) are being scheduled in Cleveland after the Democratic National Convention, according to her congressional office.

Nothing has been finalized, but a spokeswoman for the late congresswoman said that Saturday, Aug. 30 is being eyed as the likely date for a service to pay tribute to the Cleveland native, who died Wednesday after suffering a brain aneurysm.

<<http://ad.thehill.com/adlog.php?bannerid=958&clientid=889&zoneid=33&source=&block=0&capping=0&cb=199b6aff4baf1cf76632825a7d9aa1b7>>

<<http://ad.thehill.com/adclick.php?n=a5f6dd33>>

"We're trying to find the right time to bring everyone together," said Tubbs Jones's spokeswoman Nicole Williams. "Right now our biggest challenge is finding a venue big enough to hold everyone who will want to be here. She was just so important to so many people."

Democratic officials were busy Wednesday planning for a tribute to Tubbs Jones, which is likely to be included in the program for next week's convention, although no details were available.

Officials said New York senator and former presidential candidate Hillary Rodham Clinton (D) — who was a close friend to Tubbs Jones — will likely be personally involved.

Clinton joined her husband and former President Bill Clinton and her daughter Chelsea in issuing a joint statement on Tubbs Jones's death, in which they described her as "one of a kind" and a true friend.

"Stephanie's friendship meant the world to us, a friendship that deepened through every trial and challenge," said the Clintons. "We could always count on her to be a shoulder on which to lean, an ear to bend, a voice to reassure. Over the course of many years, with many ups and many downs, Stephanie was right by our side — unwavering, indefatigable."

Williams said also that Tubbs Jones's colleagues in the Congressional Black Caucus and the Ohio delegation may be involved in a Denver tribute, and will likely take the lead — along with House Democratic Whip James Clyburn (S.C.) — in organizing a memorial to be held in Washington, likely after Labor Day.

The 58-year-old Tubbs Jones on Tuesday night suffered an aneurysm that burst in an inaccessible area of her brain. She was found by Cleveland police unconscious behind the wheel of her car and rushed to Huron Hospital. She remained in critical condition with "limited brain function" until she was taken off life support on Wednesday evening. Her doctors pronounced her dead at 6:12 p.m. on Wednesday.

According to Williams, Tubbs Jones's surviving relatives — including her son, Mervyn Jones II — had no immediate plans to hold a private ceremony or burial service prior to Aug. 30.

The 201st C-40C mission is currently slated to depart from KSFO on 30 Aug at 0800L (SFO pick-up is non-std and special coordination was accomplished thru ODS/LA and the House Travel Office). How will the DV get from Cleveland to SFO? OSD policy prohibits pick-ups such as this on DOD assets, so generating ANOTHER CVAM flight to support this leg from Cleveland to San Francisco is a no-go.

Coordination was completed yesterday to switch her OCONUS CODEL departure from SFO to Cleveland...the timing there works; this might be the option to pursue.

We have cops on board all the time with the Speaker and they do NOT pay, since they are authorized by the Speaker. The whole issue of reimbursement is directed at Members or family members getting a lift to and from their Districts that would be paid out of office funds. My view is that any Member catching a lift should reimburse, but staff should be put in Speaker's letter as traveling on a non-reimbursable basis just like the security guys.

Is this trip still going on the G-5? Based on your earlier e mail, I believe that's the case. It appears the only difference between this trip and a normal Spkr Shuttle, is the fact that they are stopping off in Iowa on the return to view flood damage done to the state. I think we should probably keep this as a Spkr shuttle if it's still on the G-5 and have her request, as she does on all other Spkr shuttle travel, reimbursement for the other members traveling.

Sweet, your thoughts??

I am requesting your read on the cmte letter. The intent is now for this to be a CODEL. Pelosi letter is written to suggest Speaker shuttle rules of reimbursable travel. I am thinking that this trip should not be treated as a shuttle, but a CODEL. Hence, reimbursable travel is not necessary. How do you read? Do you think I need a new speaker letter?

All,

Due to the number of stops, the nature of the visits, and people involved, this former Speaker Shuttle mission needs to now be treated as a CODEL. This is an exception to policy with regard to moving a member from their district to Washington but will be approved provided we receive a new Speaker letter. Please have the paperwork reflect the purpose of the CODEL, the fact that members and the governor will be picked up in Des Moines and taken to see damage in two other Iowa cities, and the party minus the governor will be accompanying the Speaker back to DC.

I'm not aware of the legalities in having a Governor accompany a member on an INCONUS (or OCONUS for that matter) mission. Anyway, I would think the Speaker could request in her letter that the Governor of Iowa accompany her to overfly the flood affected areas, though the Governor should be able to use his own state assets to do this.

I'm assuming the Governor will be boarding the G-5 once they make their first stop in Iowa?????

Dear Mr. Secretary:

This letter serves as authorization for my travel from San Francisco to Washington DC including stops in Des Moines, Waterloo & Cedar Rapids, Iowa on Monday, September 8, 2008 for official business. Congressman Boswell, Congressman Braley, and Congressman Loebsack are invited to travel on a reimbursable basis at a government rate as well as Kate Knudson, Scott Boule and Nadeam Elshami of my staff. Additionally, Tonya McCarroll, Chris Dang and Katey Pavone of the U.S. Capitol Police are also authorized to travel.

All,

The 0800 start in the House today does not provide much definitive insight into whether the flight will go as scheduled below or not. The House convened and started with a single vote which lacked a quorum. They will tackle some procedural issues, then begin 3 hours of debate on the Financial Bill. They could be done for a 1400 flight...we'll have to see how it rolls this morning.

Understand all the variables and the need for flexibility. If this was just a paperwork drill then no big deal.

As you know there is a hidden cost though. We have mx folks prepping the jets and crews driving in (not a short drive for some), cooking meals and preflighting the jets etc.

If the members and staff still don't know until an hour before takeoff than OK. However, if the group can decide a couple hrs before than we might be able to save the units and aircrew some money and effort.

Saw the info about the vote tomorrow morning. I'm sure the units and crews will be ready and leaning forward. Im also sure the escorts will be doing the same.

Thanks

Agree with both of you. We have received notifications to convene, hour recesses and upcoming votes on an hourly basis for about the past 3-4 days.

Right now there are votes at 1600, but rumors of votes tomorrow am. We won't know that until the 1600 reconvene either. So this is real time scheduling for everyone.

As far as what happened today, no offices would have any idea of today or yesterday's schedule until they convened at 1300 at which time both sides of the aisle would show their cards from the all night proceedings. The emails below seem to show the DV's office responded immediately following that determination. I do not have SA on what the emails looked like yesterday. So I do not see malice or a lack of urgency on their parts given the weekend Hill proceedings.

Obviously we all need to keep leaning forward. It's the right thing to do.

Thanks

However, we have to be able to do better than this organizationally...two days in a row we cancel the mission after the crew is at the aircraft ready to execute, when there were clear signs there would be no travel. There are five G5s

Two are broke

Two off on CODELs

One slated for priority White House (I think that is redundant) tasked overseas mssn next week.

Switching to Weds to RTB SFO does nothing for the possibility of G5; however, I have been advised that, depending what happens with WH mssn tasking, CVAM maybe able to work on a G5 for Tuseday afternoon, but we will not know if that is doable until around noon on Monday.

So, we should keep on G-III for now for Tuesday afternoon and start sacrificing goats and chickens.

[REDACTED] short answer. Speaker has added a msn of 11 Dec to her 10 Dec. She has business that is closer to Travis and due to the tight timeframe is requesting to depart out of Travis instead of SFO. She lives about 1.5 hours from SFO and much closer to Travis. LL is well aware of the all the rules and tries hard to get our travelers to follow them. But, if we dedicate an aircraft to her for her use, then shouldn't we try to meet her itinerary? As [REDACTED] said, CVAM has never done this before...I think this illustrates that the Speaker doesn't ordinarily ask for this treatment. From our point of view, it is difficult to tell the speaker that we can't support her when whole reason we have a jet is to support her. Whether it is the best use of assets is not the question, but instead is it worth upsetting the speaker due to what really amounts to a rather minor point? LL is requesting an exception from OSD in order to provide necessary support. Thank you.

We have never done this in the past. The deal is from OSD/Execsec, the White House and OSD/LA that the Speaker shuttle is from DC to SFO and back. We will not reposition. We do not reposition for convenience even for the SECDEF. It is not to far of a drive from Travis to SFO.

Did the escort suggest to the Speaker that this is ok? If so, I hope you guys correct them immediately.

AF/LL has asked this question before. We can't reposition the airplane such a short distance. It is not a judicious use of the asset. It is too expensive to operate the jet when there is truly no need to do so.

The Speaker is working hard to have mission depart late on Thursday evening, but if for house floor schedule issues it slips to Thursday AM she would like to go to Travis vice SFO. Will keep you informed.
