As mentioned, I wanted to pass on that there is an impending FOIA release.

(Bill) Young (R-FL) and Norm Dicks (D-WA), for the period from 2006 to the date of its request.

CREW subsequently agreed to amend its request to ask only for indexes of correspondence between the DoD and Representatives Young and Dicks. A search for records responsive to the amended request resulted in three pages of indexes for Representative Young - please find attached.

The expected release date of these five pages of indexes to CREW's Melanie Sloan is December 24, 2009.

Should there be additional documents involving your office, I will give you a heads up.

Please let me know if you have any questions.

Daniel/Doug,

AF/OSD has found HFAC travel docs responsive to WSJ FOIAs attached. I will burn a CD for each of you and send over via OSD LA courier today or tomorrow.

I do not find any of the documents especially newsworthy, but wanted you to have them before they go out. My best guess is Friday release.

All unclassified but for HFAC use only due to additional redactions being possible.

The 20 pages attached were released to JW by EUCOM (see attached). I am cc'ing Mr. Kircher because that release has House travel as well.

Two pages of the 23 pages referred are the ones sent below (also attached).

Hey Wyndee,

We are preparing a release responsive to the Judicial Watch FOIA request attached.

I have put all Speaker Pelosi related travel docs on a CD and will send this in the LA run today or tomorrow.

The package will be under your name and will go to H232 if that works. Please let me know.

As always, the documents are for your office use only as there may be additional redactions made.

Please call if you have any questions.

Mark,

It is completely up to you. I have not seen the constituent letters that resulted in the Army responses, so I do not know what their interest is.

CQ appears to be trolling for something to write about re: your boss. I do not see much here, but I don't know the reporter's agenda.

There will be additional releases on this request. I will give you a heads up on those too.

I will burn a CD for Kerry if you still wish the responsive docs sent to him. It should arrive Thursday or Friday.

Thank you for the explanation. Given the status, I'm not sure we have any role to play. If I understand correctly, EUCOM has already released the 20 pages, including those with Senators' names. I'm not sure, given that, that any decisions remain to be made about the other 2 DoD pages. If DoD wants to give a heads-up to Senate offices that documents have been/are being released, it's probably better for DoD legislative affairs to do that directly with the offices involved. Mr. Michael L. Rhodes

Acting Director of Administration and Management Office of the  
Secretary of Defense 1950 Defense Pentagon Washington, DC 20301-1950

Dear Mr. Rhodes:

We have reviewed the materials that are slated for release in connection with the July 22, 2009, Freedom of Information Act (FOIA) requests from the Wall Street Journal. We understand that the Department of Defense has decided that it will not redact the names of congressional staff.

We object to this decision, and we believe that the names of congressional staff should be redacted from these documents.

Defense Department policy provides that names of staff below the O-6 level be redacted from FOIA releases. We are aware of the Department's argument that congressional staff should not be accorded the same level of protection from public scrutiny because the Congress has adopted a practice of greater transparency with respect to its personnel. We are not, however, persuaded that this forms the basis for a valid legal distinction.

Accordingly, we ask that the Department redact the names of congressional staff before releasing the documents in question.

If you have any questions concerning this matter, please contact our Chief Counsel, Eric Greenwald, at 202-225-7690.

Sincerely,

Mike Delaney  
Staff Director

Eric,

As promised, please find attached revised HPSCI travel documents with location information removed.

My best guess on a release date is the week of December 14.

Of course, any timely written objection to our approach will be carefully considered.

But we are bound by FOIA as interpreted by the courts.

Happy to discuss further.

Have a great weekend.

For that reason, we object to the disclosure of any docum

Thanks for the follow-ups:

(1) Since 9/11, DoD has redacted personnel names O-6 and below. See DoD Policy at <http://www.dod.mil/pubs/foi/dfoipo/docs/withhold.pdf> and caselaw attached. Unlike military personnel, congressional personnel information (including salaries and title) is publicly available. DoD has never redacted congressional names. Senate Legal Counsel and House General Counsel are aware of this.

Please note, all HPSCI/SSCI documents are also going through full Intel Community coordination, so no final decision on additional redactions/withholds have yet been made per IC chops.

Due to IC coordination taking an estimated 10 days from today, we expect to move forward with non-Intel Committee travel docs first - which should be more time.
