SECTION D

Performance Work Statement**Federal Voters Assistance Program****1. Background**

Federal Voters Assistance Program (FVAP) assists military and overseas voters to exercise their right to vote, primarily through the absentee voting assistance process. It does so under the authority of the Uniformed and Overseas Citizen Absentee Voting Act (UOCAVA), and in close coordination with State and local election officials, the Departments of Justice and State, and the military services. It provides assistance to over 1.5 million uniformed service personnel, 1.1 million voting age dependents, and two to four million potential overseas voters.

Each State, territory and the District of Columbia has unique requirements and timelines for military and overseas voters to register, request absentee ballots, receive and return absentee ballots. Complete State by State voting instructions are available at the Federal Voting Assistance Program (FVAP) website: www.FVAP.gov and published in the Voting Assistance Guide, also available on that website.

2. Purpose

The purpose of this effort is to improve on-line voting assistance and voting opportunities for uniformed service personnel and dependents, and overseas voters of all 56 States and territories by piloting secure, web based state specific voting assistance wizard capability services including hosting and help desk. The intent is for BPA Calls to demonstrate the effectiveness of voting assistance wizards for enabling military and overseas voters to exercise their right to vote and with the results to encourage States and territories to adopt Electronic Voting Support methods. The Wizards which are State specific shall provide all of the following functionality:

- On-line marking of an absentee ballot for all federal, State and local elections for a participating voter's precinct.
- Hard copy print-out of the voted ballot with all voter markings populated on the printed ballot
- On-line delivery of blank (unmarked) ballot for voter print-out and hand marking
- State-specific casting and return instructions

3. Scope

3.1 This request for quotes is intended to establish a pool of vendors with the requisite capabilities of providing on-line Voting Assistance Wizard pilot services as indicated in Section 4. The government intends to establish Blanket Purchase Agreements (BPAs) with vendors who can satisfy the technical requirements. The individual State or territory pilots will be competed among the established BPA holders on a Technically Acceptable, Lowest Cost basis.

3.2 The contractor shall provide an on-line wizard capable of delivering, and online marking of, a precinct specific absentee ballot (including federal, State, and local elections), to be available online through the wizard at least 45 days prior to the November 2010 general election.

3.3 Provide complete services solution capability necessary to obtain viable wizard functionality, testing and technical and functional support, to include hosting and help desk support, through January 31st, 2011. (Voter help desk support must be maintained through the last day that individual States accept ballots, and technical/election official help desk support must be maintained through tabulation and reporting periods, subsequent to completion of balloting.)

3.4 Hosting will be at the contractor's location.

4. Requirements and Tasks

4.1 Technical Objectives.
