PART II - CONTRACT CLAUSES

18. AWARD (Contractor is not required to sign this document.)

20A. NAME AND TITLE OF CONTRACTING OFFICER

DONALD J. BOBBY / CONTRACTING OFFICER

19. NAME OF CONTRACTOR

Donald J. Bobby / Contracting Officer

20C. DATE SIGNED

13-Aug-2002

STANDARD FORM 26 (REV. 4-8)

PREVIOUS EDITION UNUSABLE

CPO 1983 O - 460-794

Presented by GSA

FAR (48 CFR 31.204(a))
SECTION B Supplies or Services and Prices

ITEM NO SUPPLIES/SERVICES QUANTITY UNIT UNIT PRICE AMOUNT

0001 Design Engineering 1.00 Lot $ $ 

CPFF - In accordance with the Statement of Objectives (SOO), titled "Kinetic Energy (KE) Boost Phase Space-Based Research, Development and Mission Integration". The SOO is incorporated herein and attached hereto under Section J, List of Documents, Exhibits and Other Attachments.

PURCHASE REQUEST NUMBER 29052

ESTIMATED COST $1,850,722.00

FIXED FEE $148,058.00

TOTAL EST COST + FEE $1,998,780.00

ACRN AA Funded Amount

$458,000.00

ITEM NO SUPPLIES/SERVICES QUANTITY UNIT UNIT PRICE AMOUNT

0002 Technical Data and Reports for CLIN 0001 1.00 Lot $ $ NSP

- Data required to support CLIN 0001. Delivery in accordance with the Contract Data Requirements List (CDRL), DD Form 1423, Exhibit A. Exhibit A is incorporated herein and attached hereto under Section J, List of Documents, Exhibits and Other Attachments.

CLIN 0002 IS NOT SEPARATELY PRICED. THE PRICE FOR CLIN 0002 IS INCLUDED IN CLIN 0001.

See Exhibit A

CLAUSES INCORPORATED BY FULL TEXT

B-1 CONTRACT TYPE

This is a Cost-Plus-Fixed-Fee completion contract with an 18-month period of performance from date of contract award.
SECTION C Descriptions and Specifications

CLAUSES INCORPORATED BY FULL TEXT

C-1 SCOPE OF WORK (JAN 2001)

The Contractor shall perform the work specified in the SOO or other Attachments and Exhibits in Section J of this contract, and shall provide any material, equipment, and facilities incidental to performance.

C-2 TECHNICAL REPORTS AND OTHER DELIVERABLES (JAN 2001)

a. The Contractor shall submit all reports and other deliverables in accordance with the delivery schedule set forth in Section F, and the attached Contract Data Requirements Lists, DD Form 1423-1.

b. Reports delivered by the Contractor in the performance of the contract shall be considered Technical Data, as defined in DFARS 252.227-7013, "Rights in Technical Data -- Noncommercial Items."

c. Bulky reports shall be mailed by other than first-class mail unless the urgency of submission requires use of first-class mail. In this situation, one copy shall be mailed first-class and the remaining copies forwarded by less than first-class.

d. The following information shall be provided with all reports. However, if the report incorporates an MDA logo or letterhead, this information will be provided on a severable cover sheet and not on the same sheet of paper as the MDA logo or letterhead.

c. All reports generated under this contract shall contain the following disclaimer statement on the cover page:

"The views, opinions, and findings contained in this report are those of the author(s) and should not be construed as an official Department of Defense position, policy, or decision, unless so designated by other official documentation."

f. Except as provided by the Contract Data Requirements Lists, DD Form 1423-1, Exhibit A, and the Contract Security Classification Specification, DD Form 254, the distribution of any contract report in any stage of development or completion is prohibited without the approval of the Contracting Officer."
SECTION D Packaging and Marking

CLAUSES INCORPORATED BY FULL TEXT

D-1 PACKAGING AND MARKING OF TECHNICAL DATA (JAN 2001)

Technical data items shall be preserved, packaged, packed, and marked in accordance with the best commercial practices to meet the packaging requirements of the carrier and insure safe delivery at destination.
SECTION E Inspection and Acceptance

CLAUSES INCORPORATED BY REFERENCE:

52.246-8    Inspection Of Research And Development Cost Reimbursement    MAY 2001
252.246-7000 Material Inspection And Receiving Report    DEC 1991

E-1 INSPECTION AND ACCEPTANCE

Final inspection and acceptance of the work called for herein will be by the Contracting Officer's Representative (COR) at:

Office of the Secretary of Defense
Missile Defense Agency (MDA/KB)
Federal Office Bldg 2 (FOB2) – Navy Annex
1301 Southgate Road
Arlington, VA 22202
SECTION F Deliveries or Performance

CLAUSES INCORPORATED BY REFERENCE:

52.242-15 Alt I Stop-Work Order (Aug 1989) - Alternate I  
52.247-34 F.O.B. Destination  

CLAUSES INCORPORATED BY FULL TEXT

F-1 DELIVERY SCHEDULE/PERIOD OF PERFORMANCE (JAN 2001)

The Contractor shall accomplish the work required by CLINs 0001 and 0002 in accordance with the SOO within a period of eighteen months after the effective date of the contract.
SECTION G Contract Administration Data

ACCOUNTING AND APPROPRIATION DATA:

AA: 9720400.2520 40603883C 2522 012123 BMDO0125079052
AMOUNT: $458,000.00

CLAUSES INCORPORATED BY FULL TEXT

252.242-7000 POSTAWARD CONFERENCE (DEC 1991)

The Contractor agrees to attend any postaward conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation subpart 42.5.

(End of clause)

G-1 CONTRACT ADMINISTRATION

The contract administration office will be indicated on the first page of the award document. No changes, deviations, or waivers shall be effective without a modification of the contract executed by the Contracting Officer or his duly authorized representative authorizing such changes, deviations, or waivers.

G-2 TAXPAYER IDENTIFICATION NUMBER (TIN) (JAN 2001)

The Contractor's taxpayer identification number is 95-4161115. This number shall appear in the space identifying the Contractor in the appropriate blocks of contract forms and billing submittals.

G-3 SUBMISSION OF VOUCHERS

a. The Contractor's vouchers for costs incurred shall be submitted in quadruplicate to the cognizant DCAA office for review and provisional approval.

b. Final payment shall be made in accordance with FAR 52.216-7, "Allowable Cost and Payment." The Contractor shall establish compliance with all terms of the contract by submitting a signed copy of the Material Inspection and Receiving Report (DD Form 250) or Letter of Transmittal, as applicable.

G-4 ALLOTMENT OF FUNDS (JAN 2001)

Pursuant to FAR 52.232-22, "Limitation of Funds", the total amount of funds presently available for payment and allotted to this contract (which covers all items, including fee payable), and the estimated period of performance said funds cover, are as follows:

CLIN 0001: $458,000.00
Estimated funds exhaustion date: 30 September 2002

G-5 PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS (JAN 2001)

The contract may be funded by multiple accounting classification citations, resulting in multiple accounting classification reference numbers (ACRN's). Therefore, as required by DFARS 204.7104, informational subline
items will be used to identify each ACRN assigned to an end item. DFAS shall make payments from those ACRNs assigned to each line item as described in the schedule.
SECTION H Special Contract Requirements

CLAUSES INCORPORATED BY FULL TEXT

H-1 ACQUISITION OF FACILITIES (JAN 2001)

The Contractor agrees to provide all necessary facilities (as defined under FAR 45.301 and further defined under FAR 45.101 definitions of Plant Equipment and Real Property) for the performance of this contract. The term facilities includes all general purpose office equipment and automated data/information processing equipment and software. Accordingly, the Contractor shall not purchase or lease facilities for the account of the Government without the express permission of the Contracting Officer. In no case shall the cost to the Government for leased facilities, acquired under this contract, exceed the constructive cost of ownership. Additionally, acquisition or lease of facilities, if approved by the Contracting Officer, shall be provided at cost, applicable burdens applied, exclusive of prime Contractor fee/profit of other profit centers or business units of the prime Contractor.

H-2 INSURANCE

The Contractor shall maintain the types of insurance and coverage listed below:

<table>
<thead>
<tr>
<th>TYPES OF INSURANCE</th>
<th>MINIMUM AMOUNT</th>
</tr>
</thead>

H-3 PUBLIC RELEASE OF INFORMATION (JAN 2001)

a. The policies and procedures outlined herein apply to information submitted by the Contractor and his subcontractors for approval for public release. Prior to public release, all information shall be cleared as shown in the "Industrial Security Manual for Safeguarding Classified Information" (DoD 5220.22-M).

b. All public information materials prepared by the Contractor shall be submitted to the MDA (see paragraph e. below) for clearance prior to release. These materials include but are not limited to, technical papers, and responses to news queries which relate to a Contractor's work under this contract.

c. However, once information has been cleared for public release, it does not have to be cleared again for later use. The information shall be used in its originally cleared context.

d. The MDA Director for External Affairs is responsible for processing Contractor-originated material for public release.

e. All material to be cleared shall be sent to:
Contractor. proposed public releases shall be submitted for approval through the prime contractor.

f. The Contractor shall submit the material proposed for public release to the above addressee by a letter of transmittal which states: (1) to whom the material is to be released; (2) the desired date for public release; (3) that the material has been reviewed and approved by officials of the Contractor, or the subcontractor, for public release; (4) the contract number and the applicable COR.

g. Two (2) copies of each item, including written material, photographs, drawings, "dummy layouts" and the like shall be submitted at least six (6) weeks in advance of the proposed release date.

h. The items submitted must be complete. Photographs shall have captions.

i. Abbreviated materials or abstracts may be submitted if the intent is to determine the feasibility of going further in preparing a complete paper for clearance. However, final approval for release or disclosure of the material cannot be given on the basis of abstracts.

j. Outlines or rough drafts will not be cleared.

k. Materials submitted to MDA for release purposes shall be void of all Contractor logos or other attributions to the Contractor.

H-4 ORGANIZATIONAL CONFLICT OF INTEREST (OCI) (JAN 2001)

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

(1) the Contractor's scientific objectivity and judgment are not biased because of its present, or currently planned interests (financial, contractual, organizational, or otherwise) which relate to work under this contract;

(2) the Contractor does not obtain an unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources;

(3) the Contractor does not obtain any unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: The restrictions described herein shall apply to performance or participation by the Contractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "Contractor") in the activities covered by this clause as prime Contractor, subcontractor, co-sponsor, joint venture, consultant, or in any similar capacity. The term "proprietary information" for purposes of this clause is any information considered so valuable by its owners that it is held secret by them and their licensees. Information furnished voluntarily by the owner without limitations on its use, or which is available without restrictions from other sources, is not considered proprietary.

(1) Access To and Use of Government Information: If the Contractor, in the performance of this contract, obtains access to information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, the Contractor agrees that without prior written approval of the Contracting Officer, it shall not: (a) use such information for any private purpose unless the information has been released or otherwise made available to the public, (b) compete for work based on such
information for a period of one year after the completion of this contract, or until such information is released or otherwise made available to the public, whichever occurs first, (c) submit an unsolicited proposal to the Government which is based on such information until one (1) year after such information is released or otherwise made available to the public, or (d) release such information unless such information has previously been released or otherwise made available to the public by the Government.

(2) Access To and Protection of Proprietary Information: The Contractor agrees that, to the extent it receives or is given access to proprietary data, trade secrets, or other confidential or privileged technical, business, or financial information (hereinafter referred to as “proprietary data”) under this contract, it shall treat such information in accordance with any restrictions imposed on such information. The Contractor further agrees to enter into a written agreement for the protection of the proprietary data of others and to exercise diligent effort to protect such proprietary data from unauthorized use or disclosure. In addition, the Contractor shall obtain from each employee who has access to proprietary data under this contract, a written agreement which shall in substance provide that such employee shall not, during his/her employment by the Contractor or thereafter, disclose to others or use for their benefit, proprietary data received in connection with the work under this contract. The Contractor will educate its employees regarding the philosophy of Part 9.505-4 of the Federal Acquisition Regulation so that they will not use or disclose proprietary information or data generated or acquired in the performance of this contract except as provided herein.

c. Subcontracts: The Contractor shall include this or substantially the same clause, including this paragraph, in consulting agreements and subcontracts of all tiers. The terms “Contract”, “Contractor”, and “Contracting Officer”, will be appropriately modified to preserve the Government’s rights.
d. **Representations and Disclosures:**

(1) The Contractor represents that it has disclosed to the Contracting Officer, prior to award, all facts relevant to the existence or potential existence of organizational conflict of interest as that term is used in FAR Subpart 9.5.

(2) The Contractor represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to the Contracting Officer. This disclosure shall include a description of the action the Contractor has taken or proposes to take in order to avoid or mitigate such conflicts.

e. **Remedies and Waiver:**

(1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government may terminate this contract for default, disqualify the Contractor for subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, the Contractor discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Contracting Officer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government.

(2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, the Contractor may at any time seek a waiver from the Director, MDA, (via the Contracting Officer) by submitting a full written description of the requested waiver and the reasons in support thereof.

f. **Modifications:** Prior to contract modification, when the SOO is changed to add new work or the period of performance is significantly increased, the Contracting Officer will request and the Contractor is required to submit either an organizational conflict of interest disclosure or an update of the previously submitted disclosure or representation.

**H-5 ENABLING CLAUSE FOR BMD INTERFACE SUPPORT (JAN 2001)**

a. It is anticipated that, during the performance of this contract, the Contractor will be required to support Technical Interface/Integration Meetings (TIMS) with other BMD Contractors and other Government agencies. Appropriate organizational conflicts of interest clauses will be negotiated as needed to protect the rights of the Contractor and the Government.

b. Interface support deals with activities associated with the integration of the requirements of this contract into Ballistic Missile Defense System plans and the support of the key MDA program reviews.

c. The Contractor agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, the Contractor will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between the Contractor and such entities.

d. The Contractor further agrees to include a clause in each subcontract requiring compliance with the response and access provisions of paragraph c. above, subject to coordination with the Contractor. This agreement does not relieve the Contractor of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and such subcontractors.

e. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct the Contractor in any manner. The Contractor agrees to accept technical direction as follows: Whenever it becomes necessary to modify the contract and redirect the effort, a change order signed by the Contracting Officer, or a supplemental agreement signed by both the Contracting Officer and the Contractor, will be issued.
f. This clause shall not prejudice the Contractor or its subcontractors from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause.

H-6  MDA VISIT AUTHORIZATION PROCEDURES (JAN 2001)

a. The Contractor shall submit all required visit clearances in accordance with NISPOM regulations and will forward all visit requests, identifying the contract number, to:

Office of the Secretary of Defense
Missile Defense Agency (MDA/ACC)
7100 Defense Pentagon
Washington, DC 20301-7100
Telephone No.: (703) 697-8204 Facsimile No.: (703) 693-1526

b. The COR is authorized to approve visit requests for the Contracting Officer.

H-7  CONTROL OF ACCESS TO MDA SPACES AND INFORMATION SYSTEMS

a. To maintain the security of the MDA spaces and information systems, the Contractor shall notify the COR in writing whenever a prime or subcontractor employee included on the current Visit Authorization Request/Letter discontinues support to this contract. This requirement shall apply to both Contractor and employee initiated termination of services and to temporary suspension of services longer than four weeks.

b. Upon notification, the COR will ensure that the Technical Area Security Officer (TASO)/Office Security Manager (OSM) takes timely action to:

(1) remove the employee from the current Visit Authorization Request/Letter;

(2) cancel the MDA badge, keycard and Pentagon Pass issued pursuant to the Visit Authorization Request/Letter; and

(3) terminate the MDA LAN account/access privileges.

c. The contractor shall identify the reason for and date of termination or expected period of suspension and submit the notification to the COR within five working days prior to service discontinuation. For unplanned termination or suspension of services exceeding four weeks, notification shall be made within one working day after termination/suspension action.

52.222-2 PAYMENT FOR OVERTIME PREMIUMS (JUL 1990)

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed 0% or the overtime premium is paid for work --

(1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment, or occasional production bottlenecks of a sporadic nature;

(2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;

(3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances, and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise; or

(4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above shall include all estimated overtime for contract completion and shall--

(1) Identify the work unit; e.g., department or section in which the requested overtime will be used, together with present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;

(2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;

(3) Identify the extent to which approval of overtime would affect the performance or payments in connection with other Government contracts, together with identification of each affected contract; and

(4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

(End of clause)

52.244-2 SUBCONTRACTS (AUG 1998)

(a) Definitions. As used in this clause--
Approved purchasing system means a Contractor's purchasing system that has been reviewed and approved in accordance with Part 44 of the Federal Acquisition Regulation (FAR).

Consent to subcontract means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

Subcontract means any contract, as defined in FAR Subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) This clause does not apply to subcontracts for special test equipment when the contract contains the clause at FAR 52.245-18, Special Test Equipment.

(c) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (d) or (e) of this clause.

(d) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that--

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds--

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(e) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts:

N/A

(f) (1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (c), (d), or (e) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.

(vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.

(vii) A negotiation memorandum reflecting--
(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason cost or pricing data were or were not required;

(D) The extent, if any, to which the Contractor did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

(E) The extent to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;

(F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical-performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for which consent is not required under paragraph (c), (d), or (e) of this clause.

(g) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination--

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

(3) To relieve the Contractor of any responsibility for performing this contract.

(h) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).

(i) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.

(j) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR Subpart 44.3.

(k) Paragraphs (d) and (f) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

N/A

(End of clause)

52.247-1 COMMERCIAL BILL OF LADING NOTATIONS (APR 1984)

If the Contracting Officer authorizes supplies to be shipped on a commercial bill of lading and the Contractor will be reimbursed these transportation costs as direct allowable costs, the Contractor shall ensure before shipment is made
that the commercial shipping documents are annotated with either of the following notations, as appropriate:

(a) If the Government is shown as the consignor or the consignee, the annotation shall be:

"Transportation is for the _____ and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are assignable to, and shall be reimbursed by, the Government."

(b) If the Government is not shown as the consignor or the consignee, the annotation shall be:

"Transportation is for the _____ and the actual total transportation charges paid to the carrier(s) by the consignor or consignee shall be reimbursed by the Government, pursuant to cost-reimbursement contract no. _____. This may be confirmed by contacting _____."

(End of clause)

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

[Insert one or more Internet addresses]

52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any ______ (48 CFR ______) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

252.227-7030 TECHNICAL DATA--WITHHOLDING OF PAYMENT (MAR 2000)

(a) If technical data specified to be delivered under this contract, is not delivered within the time specified by this contract or is deficient upon delivery (including having restrictive markings not identified in the list described in the clause at 252.227-7013(e)(2) or 252.227-7018(e)(2) of this contract), the Contracting Officer may until such data is accepted by the Government, withhold payment to the Contractor of $20,000.00 of the total contract price or amount. Payments shall not be withheld nor any other action taken pursuant to this paragraph when the Contractor's failure to make timely delivery or to deliver such data without deficiencies arises out of causes beyond the control and without the fault or negligence of the Contractor.

(b) The withholding of any amount or subsequent payment to the Contractor shall not be construed as a waiver of any rights accruing to the Government under this contract.

(End of clause)

1.0 Overview

The primary focus of this effort is to define a multi-year, multi-mission space-based research and development effort to prove the feasibility of a Kinetic Energy Boost element of the Ballistic Missile Defense System. Beginning with Fiscal Year 2002, the Missile Defense Agency (MDA) established a Kinetic Energy Boost Program with the objective of executing a thorough risk management and mitigation plan including a space experiment campaign that provides a sound empirical basis for an informed deployment decision as early as 2005/2006. Spectrum Astro will work cooperatively with the MDA’s KE Boost Program Office and associated contractors to develop a risk identification and risk mitigation strategy culminating in a succession of space experiments.

2.0 Acquisition Concept

This statement of objectives (SOO) and resultant contract for the KE-Boost Phase envisions two major business elements, consisting of an initial study to develop a space experiment campaign which mitigates risks identified in the risk mitigation plan and the subsequent fabrication, assembly, integration, test and operation of three (3) space based experiments demonstrating the critical technologies and providing empirical data. The initial study effort is articulated in paragraph 4.0 of this SOO and is tied to CLIN 0001. The content, objectives, and value of each of the 3 contemplated experiments will be defined on an incremental basis, based on progressive demonstration of capability and technology assessment, in contract modifications. The initial study effort and subsequent authorizations to proceed in executing experiments are the product of a competition and source selection based on government solicitation and evaluation of a broad agency announcement (BAA). The work contemplated is estimated to have a cumulative value of $80 million. The government reserves the exclusive right to determine the necessity and timing of acquiring no, one, two or three experiments and is under no obligation to contract for proposed experiments. Should the government elect to acquire these experiments, a Justification and Approval (J&A) for other than full and open competition is not required.

3.0 Objectives

Develop, in conjunction with the MDA KE Boost Program team and associated contractors, a multi-year, multi-mission space experiments campaign that addresses risks in the key boost phase intercept engagement functions of (1) Interoperability/ Battle Management Command and Control, (2) Early Detect, Track and Identification, (3) Intercept Point Prediction, (4) Engageability (5) Target Containment, (6) Plume-to-Hardbody Handover, (7) Aimpoint Select, and (8) Lethality/Kill Assessment. For each space experiment selected define the
mission, develop, integrate, test, launch and operate the mission with the selected associated contractor and government team. Develop and execute detailed modeling and simulation of selected space-based interceptor constellation concepts providing predicted performance and threat launch areas denied.

4.0 **Tasks**

4.1 **Task 1- Space Campaign Design**

Define Space Campaign approaches to effectively mitigate key KE Boost risks. Building upon the initial KE Boost Risk Management Plan, develop a space campaign that mitigates risk through a successive number of space missions. Refine the partitioning of requirements through additional analysis and engineering trades resulting in a campaign plan captured in mission specific Mission Requirements Documents (MRD).

The MRD will form the baseline for engineering analysis and trades for the design of each Space Based Experiment (SBX) leading to the development of a Technical Requirements Document for each SBX.

The design team will perform a preliminary decomposition of technical requirements for each segment or component of each SBX to identify hardware and software implementation options from the available technology base and develop ROM costs and schedules.

A more detailed design approach for SBX1 through 3 will be investigated leading to a complete technical and cost description suitable for acquisition of each flight concluding with a preliminary design level of maturity.

Simulation tools will be developed, modified, configured, etc., to support boost phase interceptor study efforts including constellation alternatives, OPSCON Development, and support to other mission areas.

Perform constellation development, OPSCON development and engineering analysis in support of MDA’s efforts to define an acquisition strategy for a future KE Boost Phase element to be integrated with other elements of the BMDS.
