AWARD/CONTRACT

2. CONTRACT NO. 6001-06-D-0001
3. EFFECTIVE DATE 10 Mar 2006
4. REQUISITION/PURCHASE REQUEST/PROJECT NO. 7
5. ISSUED BY DARPA
ATTN: ANTHONY E. CICALA
5251 N. FAIRFAX DR.
ARLINGTON VA 22203-1714
6. ADMINISTERED BY CODE 3N06A
DCMA VIRGINIA
1800 SATELLITE PARKWAY
SUITE 200
FAIRFAX VA 22030-2342
7. NAME AND ADDRESS OF CONTRACTOR NAME, ADDRESS, CITY, COUNTY, STATE AND ZIP CODE
RIS INFORMATION SYSTEMS, INC.
1651 OLD MEADOW ROAD, 7TH FLOOR
MCLEAN VA 22102
8. DELIVERY [ ] FOR ORIGIN [X] OTHER (See below)
9. DISCOUNT FOR ON TIME PAYMENT
10. SUBMIT INVOICES 1 ITEM
[ ] INSTRUCTIONS TO THE ADDRESS SHOWED IN
[ ] BLOCK 6

11. SHIP TO/MAST FOR CODE 024L6
FACILITY CODE 12. PAYMENT WILL BE MADE BY CODE 10038
EFAS COLUMBUS CENTER
SOUTH ENTRANCE OPERATIONS
P.O. BOX 10264
COLUMBUS, OH 43218-2604

13. AUTHORITY FOR USING OTHER THAN FULL AND OPEN COMPETITION:
[ ] 10 U.S.C. 2304(c) [ ] 41 U.S.C. 253(c)
14. ACCOUNTING AND APPROPRIATION DATA

15. ITEM NO. 15B. SUPPLIES/SERVICES
15C. QUANTITY 15D. UNIT 15E. UNIT PRICE 15F. AMOUNT

SEE SCHEDULE

16. TABLE OF CONTENTS

15G. TOTAL AMOUNT OF CONTRACT $16,868,075.88

17. CONTRACTING OFFICER WILL COMPLETE ITEM 17 OR 18 AS APPLICABLE
19A. NAME AND TITLE OF SIGNER TYPE OR PRINT
ANTHONY E. CICALA / NC
TEL: 703-223-4639 EMAIL: anthony.cicala@darpa.mil

Section C - Descriptions and Specifications

CLAUSES INCORPORATED BY FULL TEXT

C-1 General

This contract is for “Unclassified” Information Technology (IT) Support and Services in support of the Defense Advanced Research Projects Agency (DARPA). The focus of the work requirements is to provide DARPA with the required information technology support services that will allow DARPA to focus on its mission of technology research and development. This will include, but not be limited to: hardware and software deployments, reliable network and security, anytime/anyplace computing, and efficient and knowledgeable help desk resources.

C-2 Scope of Work

(a) The Contractor shall furnish the necessary personnel, materials, facilities services and supplies, as may be specifically ordered by the Government via the issuance of individual Task Orders under this contract, in accordance with the general Statement of Work, Attachment 1 hereto, and the contractor’s proposal received in response to solicitation HR0011-05-R-0001 dated 31 OCT 2005, copies of which are in possession of the parties. Specific instructions, as may be necessary, will be included in any such Task Order issued under this contract.

(b) In addition to the requirements delineated in the government’s solicitation and corresponding Statement of Work (SOW), included as Attachment 1 to the contract herein, the contractor has agreed to provide and the government agrees to accept, at no additional cost to this contract, the following additional offerings, which are specifically reiterated herein and emphasized for point of reference:

1. The contractor will open its existing Information Technology (IT) testbed environment to DARPA, fund its initial expansion, and continually finance pilot projects and infrastructure modernization efforts by investing 10% of the program’s total award fee. This could equate to an investment of over $1,000,000.

2. The contractor will provide monitoring, maintenance, and support for network devices, including routers, switches and firewalls on the HPC.ORG network within the managed services model.

3. Upon DARPA’s approval, the contractor will fund any extensions to the currently identified DARPA enclave, via secure VPN, and provide direct support to and from any additional leased space funded by the contractor.

4. The contractor will provide all required software/hardware to pilot test and deploy SEM/SIM, Enterprise Project Management, Network Management Solution, Quarantine, Unified Messaging, and/or Tower Trim Context Solution. No additional funding will be required from DARPA via any of the Expert Assistance CLINS delineated in the contract.

5. The contractor will proactively communicate with its customers any time that there is a change to their IT services. The contractor will implement an on-line Voice of the Customer (VOC) tool to introduce a new forum for DARPA staff to convey their issues, concerns, and recommendations as well as develop a defined process in order to identify and address customer concerns and requests before they escalate into larger issues. The Remedy Information Technology Services Management (ITSM) tool will be leveraged to implement, track, and address an action plan for each concern from the initial request through resolution to the customer’s satisfaction. The VOC database will integrate with an online dashboard to easily identify pending issues, due dates, trends, closure, and updates, and will provide DARPA with real-time data-feed on customer issues.
6. The contractor's server approach ensures a reliable and secure enterprise infrastructure, including the following benefits:

   a) Introduction of email performance monitoring tools will address Exchange issues before or as they occur and will provide a live data feed into the network dashboard for immediate visibility by DARPA's Information Resources Directorate (IRD).

   b) Introduction of a Web-enabled password management tool will enable customers to change passwords via a Web page and provide a database backend to manage and track changes.

   c) Building on SMS 2003 for remote software distribution, to include security patches and software upgrades; 1e.com’s SMS Patch Management Pack tool increases the success of critical patch rollouts to almost 100% (for direct connect systems).

   d) Deployment of Live Communications Server 2005 will deliver Internal Instant Messaging.

7. The contractor's help desk/desk-side support focuses on customer care and customer confidence, including the following benefits:

   a) The Help Desk analyst to customer ratio is 1:34 which exceeds the industry standard of 1:75.

   b) Introduction of a Service Delivery Manager provides management oversight, trend analysis, and ongoing improvement of the customer delivery process.

   c) Implementing remote monitoring tools for Conference Room and Printer Seats from the Help Desk and Network Operation Center (NOC) ensures proactive service maintenance.

8. The contractor's toolset and innovative services will enhance user productivity, which includes the following benefits:

   a) Configuration Management Database (CMDB) tool to identify, control, maintain, and verify configuration items (CIs) within within the DARPA environment.

   b) Configuration Management Tracking Tool (CMTT) for automated CM voting and status.

   c) Security Information/Event Manager for security event recording, correlation, and network dashboard display.

9. Based on an analysis and understanding of DARPA’s needs, the contractor will further expand the Service Delivery Point (SDP) hardware and software services. This includes MS Front Page for Web authoring, Adobe Acrobat Professional for PDF creation and editing, MS Project Standard for project management, StorActive solution for live backups on all DARPA data, Google Desktop Enterprise for enhanced desktop and email search capabilities, new TabletPC and 17” LCD desktop replacement offerings, two wireless PDA model alternatives, and a digital printing press PSdp option as a high-end graphics printing solution.

10. The contractor will integrate ITIL-compliant Remedy ITSM suite with Atrium BMC Configuration Management Database (CMDB) as an intelligent repository that creates and maintains a single, consistent model across the DARPA IT environment shared across the ITSM applications. In addition, the CMDB provides real-time audited inventory reporting to the Government for strategic, financial, and management insight into the disposition of SDPs.
11. The contractors Portable and Fixed Data Seat suites will support end user productivity by including the following:

a) Encrypted hard drives on PC portable workstations for data protection

b) SmartCard technology on portable and fixed data seats

c) Integration of latest network security technologies (anti-virus, spyware, Microsoft Bulletins, Active X)

d) Enterprise implementation of StorActive to include all DARPA contractors

e) USB Hubs/optical mice/port replicators for computing requirements

f) Portable Data Seat biometrics (fingerprint reader), with evaluation of biometrics on a fixed data seat

g) Built-in wireless technology on PC laptops for external DARPA use

h) Portable seat options to desktop replacement with 17" LCD screen and TabletPCs

i) 24 X 7 X 365 On-site and remote access to all DARPA network services

j) MacIntosh platforms are supported and maintained

k) Integration of latest network security technologies (anti-virus, spyware, Microsoft Bulletins, Active X)

l) Contractor provided USB Hubs/optical mice/port replicators for computing requirements

m) Kiosk systems for shared usage; process to manage multiple user accounts

n) Dual PC and MacIntosh platforms are integrated and supported securely

12. The contractor will provide DARPA full continuity of conference room seat services by including the following:

a) Enhanced VTC and Conference Room support for senior DARPA Management to include Directors and Deputy Directors

b) Ceiling-mounted digital multimedia projector support

c) HPC.org network connections are installed and labeled in conference rooms to support external user demonstrations and performer operations

d) DMSS network connections labeled for security

e) Loaner portable digital multimedia projectors on request

f) Conference Room/VTC instructions

g) Contractor-provided Operator Services to include off hour support

h) User training on VTC set up

i) Installation and maintenance of IT equipment to include projector, video recorder, DVD, stereo sound
system, and network connectivity

13. Proposed new offerings to the conference room seats include large plasma screen monitor technology; interactive whiteboard; VTC Single Bridge; and remote monitoring of Conference Room technologies, projector and VTC units, and use of diagnostic tools.

14. The contractor will integrate monitoring of the HPC.org network with the network dashboard.

15. The contractor will improve upon the existing DARPA Intranet by transitioning into an Enterprise Portal environment that provides tighter integration with the Microsoft Office Suite and greater collaboration capabilities. The contractor will also improve upon the base implementation to deploy improved search, Web crawling, and workflow management capabilities as well as custom developed Web parts to extend functionality of SharePoint and address DARPA specific requirements. An updated Web services enabled development environment will also be provided to the DARPA Web Development Team to reduce the time to market for Web development efforts and facilitate improved integration of applications.

16. The contractor will build upon the extranet infrastructure and harden authentication to the extranet environment through use of Public Key Infrastructure (PKI) and will provide a secure environment for the development and implementation of custom Web Applications. In addition, the contractor will provide increased support for DARPA external partners facilitating greater collaboration and improved productivity.

17. The contractor will deploy 1c.com’s SMS Patch Management Pack tool. The SMS Patch Management Pack increases the success of critical patch rollouts to almost 100% (for systems directly connected to the DMSS). The contractors software distribution trending reflects that approximately 25% of DARPA machines are in a powered-off state at the time critical patches are deployed. With approval from DARPA, the contractor will leverage SMSSWakeUp to remotely power-on DMSS fixed data seats to receive the incoming critical patch.

18. The innovative online training system, Thomson Netg INTERACTIVE-Distance Learning, a fully Section 508C-compliant application, is available 24X7 from any Internet connection with an established DARPA account.

19. The contractor will replace the existing shared file services solution with a Network Appliance FAS3020 clustered Network Attached Storage (NAS) device.

20. Effective analysis of trending data on file server disk utilization has permitted the contractor to provide disk capacity that has always stayed ahead of customer demands. The contractor will continue this practice and make file utilization statistics continuously available on the Executive Dashboard.

21. The contractor is fully prepared to support and exceed expectations with respect to retention of DARPA electronic records by facilitating an enterprise implementation of the TRIM Context tool currently used by the DARPA/Facilities Administration Directorate (FAD) Records Management and Comptroller organizations. DARPA will be able to leverage TRIM as a preferred tool for secure electronic maintenance and tracking of critical DARPA data.

22. The contractor will upgrade the Remedy ITSM to version 6.0. Integration of real-time customer support data feeds into the Executive Dashboard will dramatically enhance DARPA's insight into customer service trends, issues, and resolution.

23. The contractor recognizes the critical significance of a secure, stable, and highly functional network communications infrastructure. The contractors successful deployment of latest generation access and collapsed core switch infrastructure supports a secure media converged infrastructure for Voice-over-IP
ready capability, Unified Messaging, and VTC improvements. This deployment places DARPA at a point to take advantage of IPv6 (Internet Protocol Version 6) security, including data integrity and privacy features.

24. The contractor will deploy network management solution, Al Metrix NeuralStar, which overlays a common logical layer across the DMSS network’s many devices providing a single point of monitoring and control for the entire network. An additional component of our network management solution is network health product, CA eHealth Monitor, which will allow the contractor to proactively maintain critical SLOs. These Commercial-off-the-Shelf (COTS) tools entail trending solutions that will convert existing customized legacy solutions to provide enhanced data correlation points. Furthermore, the contractor will integrate the network monitoring components of the Security Information Manager/Security Event Manager (SIM/SEM) to provide pre-correlation of events and near real-time feeds for government awareness and oversight. The contractor is dedicated to successfully deploying this solution with a concise, agreed-upon end-state.

25. The contractor will implement an innovative backup methodology to replace the current tape backup structure. This is a fundamentally different approach to backing up data by executing a backup directly to an off-site location over an encrypted link. Backup of only changed data will directly result in less impact on server platforms and enable increased flexibility for data backup during the business day. Physical delivery of off-site tapes are no longer required and can be executed directly by the Help Desk correlating to an increased responsiveness to customer data restoration needs.

26. The contractor will continue to manage the DARPA network address space and will provide redundant DNS resolution services on the unclassified network for both internal and external customers.

27. The contractor agrees to provide additional custom reports within each functional area, other than those listed in the contractor’s Technical Proposal, Exhibit 3-23, as required by DARPA.

28. The contractor will implement a Quarantine Solution to defend against network attacks. Network attacks take advantage of systems that are vulnerable and without defense. Any system without the latest patches or virus signatures poses a greater risk to DARPA. Through the deployment of a quarantine solution, the contractor will drastically reduce computing threats in the DARPA enclave. A quarantine solution has the ability to check for current patches and virus signatures prior to connection to the DARPA network. Systems that do not meet the minimum requirement for connectivity can be quarantined until the system is successfully remedied.

29. In the event of a network security threat or attack, the contractor will proactively support DARPA’s threat response activities by providing the data, forensic analysis, and subject matter expertise to adequately prevent and mitigate the incident.

30. Upon completion of the Transition Period, the contractor will deliver a comprehensive IT Security Plan, based on industry best practices.

31. The contractor will ensure that customer satisfaction is integrated into every stage of the Catalog process by accomplishing the following:
   a) Periodic review of catalog items to ensure item versions are up-to-date
   b) Proactive testing and inclusion of updated versions to keep offerings current
   c) Review of trending data to determine recommendations for new offerings
   d) Evaluation of best-of-breed and industry standards to ensure the best products are included in the
Catalog

e) Continuous improvement and enhancement of the Catalog system and user interface

f) Streamlined New Item Request process with the incorporation of the TIR testing process into the managed services model

g) Desk-side orientation will be expanded to include training and specific configuration of software or hardware (when applicable)

h) Detailed financial reporting for individualized budgeting support for the DARPA Financial Management Teams within the Technical and Administrative Offices

32. The contractor will ensure that the new Catalog will also integrate with the Remedy ITSM suite and the CMDB to support the Configuration Management and Asset Management processes as part of the contractors implementation of the overall ITIL framework.

33. Real-time financial status reporting based on multiple search criteria (time, status, and office) is currently provided through the contractors Catalog system. The real-time data reporting capability will be enhanced by the contractor to provide data in multiple formats (pre-defined reports, ad hoc reports, query capability) and will provide further insight into Technical Office funding levels.

34. The contractors real-time reporting capability will be extended to provide auto-generated alerts to notify users of changes in Order status. Trending reports will be developed and trend analysis will be conducted on the requested COTS Catalog items. The contractor will collaborate regularly with DARPA to incorporate these data in the selection of new SDPs and Customer IT Services.

35. In order to provide continuous improvement in the delivery of expert assistance services, the contractor will leverage the Microsoft EPM solution. Built on the Microsoft Office Project Server 2003 and Microsoft Project 2003 technological foundation, this tool provides near real-time project status updates in a Web-based dashboard format. EVM will be integrated into the EPM tool to enable the DARPA EA Team and EA Sponsors to view cost and schedule performance. Integration of an EPM solution will further enhance EA scope, schedule, and cost performance resulting in continuous improvement on product delivery. The contractor will leverage its proven methodology to transition Expert Assistance services to basic services.

36. The contractor will introduce Atrium BMC Configuration Management Database (CMDB) as the intelligent repository to create and maintain a single, consistent model across the DARPA IT environment and shared across the ITSM applications.

37. The contractor will deploy an integrated CDM/ITSM toolset. Integration of an automated Configuration Management Tracking Tool (CMTT) to facilitate the voting and real-time approval status of CI within the CCBWG, GWG and CCB is a critical element to increase the productivity and collaboration during the CM review and approval process.

38. The contractor will work with DARPA to capture and define the requirements and to streamline the IT Governance voting process via the automated CMTT resulting in increased efficiencies in approval time and rapid delivery to the end user. The contractor will incorporate the IT Governance group in the CMTT product development and pilot testing process to ensure the right technical solution is provided to DARPA. User training and Web-based FAQs will be provided to ensure that the CMTT is used to its fullest extent.
39. The contractor will ensure that customer trend analyses will also be fed into其 Quality Assurance (QA) process and organization. The contractor's QA manager, will seek to identify root causes, mitigate, and subsequently eliminate any negative customer service trends, while ensuring that the contractor adheres to all baseline SLO target values.

40. The contractor agrees to adhere to the initial contract transition Service Level Objectives identified in Section 3.8.3.3 of its Technical Proposal.

41. The contractor will provide all required software/hardware to deploy an approved Earned Value Management System (EVMS) solution. No additional charges will be required via Expert Assistance.

42. The contractor will provide all required software/hardware to deploy an approved Executive Program Management solution. No additional charges will be required via Expert Assistance.

43. The contractor will provide all required software/hardware to deploy an approved Automated Configuration Management (CM) solution. No additional charges will be required via Expert Assistance.

44. The contractor agrees to provide full and unrestricted access to all program information through the DARPA Executive Management System, an integrated management dashboard, which allows access to tools such as Enterprise Project Management Systems (EPMS), Earned Value Management Center, SLO database, VOC, CM database and all future management tools.

45. Within the IT seat paradigm, in addition to the standard operating features proposed by the contractor, the contractor agrees to provide the following additional components/services which are hereby highlighted for reference:

New Solutions:
Unified messaging
Remote Backup Solution
EVMS
VPN infrastructure upgrade
Trim Solution

Conference Room Refresh:
eBeam System 3 (Electronic Whiteboard)

Maintenance Warranty:
Iron Mountain-Backup Tape Maintenance
Newsgroup Services
Replace Aelita Event Log Application
SMS Wake-Up and Night Watchman
MS Project
Adobe Professional Complete
MS Frontpage

C-3 Reports and Other Deliverables

(a) The Contractor shall furnish the Reports and Other Deliverables specified in this contract, or as otherwise agreed to between the Government and Contractor.

(b) All Reports and Other Deliverables shall comply with any necessary security requirements, and such other sections of the contract, as applicable.
Section D - Packaging and Marking

CLAUSES INCORPORATED BY FULL TEXT

D-1 Packaging and Marking

(a) All items shall be preserved, packaged, packed and marked in accordance with best commercial practices to meet the packing requirements of the carrier, and to ensure safe delivery at destination, unless security requirements necessitate other safeguards for the protection of "classified" information and other deliverables.
Section E - Inspection and Acceptance

INSPECTION AND ACCEPTANCE TERMS

Inspection and acceptance of any and all deliverables and/or services provided under this contract will be accomplished by the Contracting Officer's Representative (COR) designated in the contract herein, unless specified otherwise via Individual Task Order.

CLauses Incorporated by Reference

52.246-2 Alt 1  Inspection Of Supplies Fixed Price (Aug 1996) - Alternate 1  JUL 1985
52.246-3  Inspection Of Supplies Cost-Reimbursement  MAY 2001
52.246-4  Inspection Of Services--Fixed Price  AUG 1996
52.246-5  Inspection Of Services Cost-Reimbursement  APR 1984
Section F - Deliveries or Performance

CLAUSES INCORPORATED BY FULL TEXT

F-1  Term of Contract

The period of performance for this contract to include the Transition In Period, Base Period, Option 1 Period, Option 2 Period, Option 3 Period, and Option 4 Period, is as indicated below. This contract is subject to the availability of Government funds and continuing Government requirements. Individual Task Orders placed against this contract will comply with all funding and budgetary requirements.

(a) The period of performance for the TRANSITION IN Period, CLINS 0001, 0002 and 0003 is three (3) months. [03 APR 2006 thru 30 JUN 2006]

(b) The period of performance for the BASE Period, CLINS 0010 thru 0065, and CLIN 0068 is nine (9) months. [01 JUL 2006 thru 31 MAR 2007]

(c) The period of performance for the OPTION 1 Period, if exercised by the Government, CLINS 0110 thru 0165, and CLIN 0168 is twelve (12) months. [01 APR 2007 thru 31 MAR 2008]

(d) The period of performance for the OPTION 2 Period, if exercised by the Government, CLINS 0210 thru 0265, and CLIN 0268 is twelve (12) months. [01 APR 2008 thru 31 MAR 2009]

(e) The period of performance for the OPTION 3 Period, if exercised by the Government, CLINS 0310 thru 0365, and CLIN 0368 is twelve (12) months. [01 APR 2009 thru 31 MAR 2010]

(f) The period of performance for the OPTION 4 Period, if exercised by the Government, CLINS 0410 thru 0465, and CLIN 0468 is twelve (12) months. [01 APR 2010 thru 31 MAR 2011]

(g) The period of performance for the TRANSITION OUT Period, if exercised by the Government, CLINS 0066 and 0067, or 0166 and 0167, or 0266 and 0267, or 0366 and 0367, or 0466 and 0467 is three (3) months. [NOTE: Of the TRANSITION OUT Period CLINS available, it is anticipated that only one set of the TRANSITION OUT Period CLINS would only be exercised by the government, if at all. The exercise of any set of TRANSITION OUT Period CLINS may have the effect of extending either the BASE Period, Option 1, 2, 3, or 4 Period, by an additional three (3) months, if exercised at the end of any of those respective time periods.]

F-2  Reports and Other Deliverables

(a) Delivery of reports and other necessary deliverables shall be made to the addressees specified in Section F-3 entitled “Report Distribution” below in accordance with the following:

*End of Contract Transition Plan
Attachment 1 – SOW, Paragraph 5.7.2.5

*NOTE: These reports will be provided to ALL individuals delineated in SECTION F-3 Report Distribution below. All other reports, will only be provided to the DARPA/IRD Contracting Officer’s Representative (COR).

NOTE: Unless otherwise specifically indicated, electronic submission of “unclassified” reports and other deliverables may be made by the Contractor. The Government will not be held responsible or liable, however, for any electronic submission transmission failure experienced by the Contractor in delivering the required information. It is the Contractor’s responsibility to ensure that any required deliverables are received by the addressees listed in Section F-3, and comply with any applicable security requirements of this contract, including the protection of unclassified but sensitive data.

NOTE: For submission of any “classified” reports and/or other deliverables that may be required in the performance of this contract, the Contractor shall provide the required deliverables only to the representatives of DARPA specified in Section F-3, shall specifically comply with the terms and conditions of this contract, and shall contact the DARPA Program Manager for specific transmittal instructions if necessary, as indicated in Section F-3.

F-4 Notice Regarding Late Delivery

(a) In the event the Contractor anticipates difficulty in complying with the contract delivery schedule, the Contractor shall immediately notify the Contracting Officer in writing, giving pertinent details, including the date by which it expects to make delivery; PROVIDED, however, that this date shall be informational only in character and the receipt thereof shall not be construed as a waiver by the Government of any contract delivery schedule, or any rights or remedies provided by law or under this contract.

F-5 Place of Performance

(a) The Contractor shall perform the majority of work at the DARPA site located in Arlington, VA. The Government will provide space for on-site support teams, which includes all furniture, equipment, telephone services etc. needed for the performance of this contract as follows: 4,460 sq. ft at 3701 North Fairfax Drive, 270 sq. ft for a customer service area, 2,550 sq. ft for on-site Help Desk support, and 1,640 sq. ft in the computer room. The contractor shall be responsible for procuring all other space necessary to deliver the services detailed in the Statement of Work.

F-6 Deliverable Types

(a) The deliverable types are as described in the Statement of Work and this contract.

F-7 Deliverables Media

(a) All deliverables including technical products shall be delivered in the format described within the Statement of Work. Lacking a formal description, all deliverables may be delivered in electronic format (including web accessible), unless security requirements dictate use of another transmission medium, using the most current Microsoft Office Suite for Windows (e.g., Word, Excel, PowerPoint, or Access as
appropriate). In the event that deliverables are transmitted electronically, the Contractor shall ensure that all data is transmitted virus free.

F-8 Technical Interchanges Meetings

(a) The Contractor shall participate in technical interchange meetings, as required, to support the Tasking under this contract.
CLAUSES INCORPORATED BY FULL TEXT

G-1 Procuring Office Representative

(a) The Procuring Office Representative is Anthony Cicala, DARPA/CMO, 3701 North Fairfax Drive, Arlington, VA 22203-1714, Phone: (571)218-4639, FAX: (703)248-1927, Email: anthony.cicala@darpa.mil.

G-2 Invoices

(a) An original invoice identified by contract number, with supporting statements, shall be submitted for review and provisional approval to the cognizant audit agency listed below:

DCAA Baltimore Branch Office
Attn: Jim Brennan, Supervisory Auditor
8441 Belair Road
Suite 102
Baltimore, MD 21236
Phone: (610)878-2894
FAX: (610)878-2870
Email: jim.brennan@dcaa.mil

Or as directed by DCAA

NOTE: It is requested that the contractor also submit a copy of each invoice to the COR, as specified in the contract herein, at the same time that such invoice is submitted to DCAA, or is otherwise submitted by the contractor to the government for payment purposes.

G-3 Delegation of Authority for Contract Administration

(a) The Administrative Contracting Officer (ACO) and DCMA Office authorized to represent the Contracting Officer, is delineated in Section F-3 of this contract. Functions delegated to DCMA shall take place in accordance with current regulations and directives.

(b) In addition to those functions that may be otherwise specifically delegated to the ACO from the Contracting Officer from time to time, the ACO is hereby delegated the authority, and is specifically responsible for the following activities associated with this contract:

1) Overseeing the processing of vouchers/invoices associated with various Task Orders that may be issued against the contract, and interfacing with the Defense Finance and Accounting Services (DFAS) payment activity, or the Defense Contract Audit Agency (DCAA) as may be necessary to ensure prompt and efficient payment to the contractor, unless an individual Task Order specifies otherwise.
2) Having joint authority with the Contracting Officer to process unfunded administrative modifications to the contract and individual Task Orders that may be issued under the contract.
3) Property administration, as may be applicable
4) Contract closeout
5) Contract Termination, if applicable
G-4  Contracting Officer's Representative (COR)

(a) Performance of work under this contract shall be subject to the technical direction of Brian Sweeney, 3701 North Fairfax Drive; Arlington, VA 22203, Phone: (703)526-4011, Email: brian.sweeney@darpa.mil. Such technical direction includes those instructions to the Contractor necessary to accomplish the Statement of Work. The COR is not otherwise authorized to make any representations or commitments of any kind on behalf of the Contracting Officer or the Government. The COR does not have the authority to alter the Contractor's obligations or to change the specifications of the contract.

(b) Technical direction shall not include any direction which:

(1) Constitutes additional work outside the scope of work;

(2) Constitutes a change as defined in Section I contract clause entitled "Changes";

(3) In any manner causes an increase or decrease in the total estimated cost or the time required for contract performance; or

(4) Changes any of the stated terms, conditions, or specifications of the contract.

G-5  Payment Instructions for Multiple Accounting Classification Citations

(a) Payments under contract line items funded by multiple accounting classification citations shall be made from the earliest available fiscal year funding sources.
Section H - Special Contract Requirements

CLAUDES INCORPORATED BY FULL TEXT

H-1 Contracting Officer

(a) Notwithstanding any other provision of this contract, the Contracting Officer is the only individual authorized to redirect the effort or in any way amend or modify any of the terms of this contract. If, as a result of technical discussions, it is desirable to alter contract obligations or statement of work, a modification must be issued in writing and signed by the Contracting Officer.

H-2 Type of Contract

(a) This contract is an Indefinite Delivery/Indefinite Quantity (IDIQ) contract, with both Fixed Price Award Fee (FPAF) and Cost Plus Award Fee (CPAF) CLINs. Effort will take place in accordance with Individual Task Orders that may be issued and funded in accordance with the terms and conditions of this contract, and in accordance with any specific instructions referenced in Individual Task Orders issued.

H-3 Public Release or Dissemination of Information

(a) There shall be no dissemination or publication, except within and between the Contractor and any subcontractors, of information developed under this contract or contained in the reports to be furnished pursuant to this contract without prior written approval of the COR. All technical reports will be given proper review by appropriate authority to determine which Distribution Statement is to be applied prior to the initial distribution of these reports by the Contractor. Papers resulting from unclassified contracted fundamental research are exempt from prepublication controls and this review requirement, pursuant to DoD Instruction 5230.27 dated October 6, 1987.

(b) When submitting material for clearance for open publication, the Contractor must furnish DARPA Technical Information Officer, 3701 North Fairfax Drive, Arlington VA 22203-1714, telephone (703) 526-4163 with five (5) copies and allow four (4) weeks for processing. Viewgraph presentations must be accompanied with a written text. Whenever a paper is to be presented at a meeting, the Contractor must indicate the exact dates of the meeting or the Contractor's date deadline for submitting the material.

H-4 Key Personnel

(a) The Contractor shall notify the Contracting Officer prior to making any proposed changes in key personnel.

Key personnel, for purposes of this contract, are specifically identified as follows:

1. Kirk A. Herdman, Program Manager
2. Fleur Ryan, Deputy Program Manager
3. Patrick Keim, Network Operations Manager
4. Jared V. Blazowski, Security Manager
5. Thomas Craft, Customer Relationship Manager
6. Antonio Hall, VIP Help Desk Analyst
7. Robert Ngo, VIP Help Desk Analyst

(b) In the event that changes in Key Personnel become necessary (e.g. death or disability, or other circumstances beyond the control of the Contractor), the Contractor must demonstrate that the qualifications of the prospective personnel are equal to or better than the qualifications of the key
personnel being replaced. Any requests for substitution and/or changes to any of the key personnel identified herein must include a detailed explanation for the circumstances necessitating the proposed change, a resume for the proposed substitute, and any other pertinent information that may be requested by the Government to establish the qualifications of such personnel being proposed as permanent replacements or temporary substitutes. Notwithstanding any of the foregoing provisions, key personnel shall be furnished unless the Contractor has demonstrated to the satisfaction of the Government that the qualifications of the proposed substitute personnel are equal to or better than the qualifications of the personnel being replaced.

(c) In the event that any of the key personnel cease to perform under the contract, or such proposed changes or substitutions are not approved by the Government, this contract may be immediately terminated in accordance with the Termination Clause of the contract.

H-5 Restrictions on Printing

(a) Unless otherwise authorized in writing by the Contracting Officer, reports, data, or other written material produced using funds provided by this contract and submitted hereunder shall be reproduced only by duplicating processes and shall not exceed 5,000 single page reports or a total of 25,000 pages of a multiple-page report. These restrictions do not preclude the writing, editing, preparation of manuscript or reproducible copy of related illustrative materials if required as part of this contract, or incidental printing such as forms or materials necessary to be used by the Contractor to respond to the terms of the contract.

H-6 Contractor Representations and Certifications

(a) The Contractor’s Representations and Certifications submitted under RFP HR0011-05-R-0001 are hereby incorporated by reference.

H-7 Insurance Schedule

(a) The Contractor shall maintain the types of insurance listed in FAR 28.307-2 (a), (b) and (c), with the minimum amounts of liability indicated therein. The types of insurance coverage listed in paragraphs (d) and (e) shall also be maintained when applicable.

H-8 Travel

(a) Reimbursement for travel-related expenses shall be in accordance with the Contractor’s approved travel policy. The Federal Travel Regulations, Joint Travel Regulations (JTR), and Standardized Regulations as stated in FAR 31.205-46 will be used as a guide in determining reasonableness of per diem costs. Costs for travel shall be allowable subject to the provisions of FAR 31.205-46.

(b) In connection with direct charge to the contract of travel-related expenses, if authorized under the Task Order, the Contractor shall hold travel to the minimum required to meet the objectives of the contract, and substantial deviations (defined for purposes of any Task Order issued against this contract unless the individual Task Order specifies otherwise, as an increase of greater than 50 percent) from the amount of travel agreed to during contract negotiation shall not be made without the authorization of the Contracting Officer.

When applicable, the Contractor shall notify the COR, Contracting Officer, and ACO of proposed travel of an employee beyond that agreed to during negotiations.

(c) Approval of the Contracting Officer shall be obtained in advance for attendance by personnel at training courses, seminars, and other meetings not directly related to contract performance if the costs for the courses, seminars, and other meetings are charged to the contract.
(d) All foreign travel shall be authorized and approved in advance, in writing, by the Contracting Officer. Request for such travel must be submitted to the Contracting Officer at least forty-five (45) days in advance of traveler’s anticipated departure date, and shall include traveler’s itinerary of United States Flag Air Carriers.

H-9 Government Furnished Property/Facilities and Services

(a) The Government will provide floor space to the Contractor as detailed in the Statement of Work Section 1.1 Background.

(b) The Government will furnish each individual assigned to tasks under the contract proper identification (access badge) to allow entry to and departure from Government facilities.

(c) The Government will furnish workspace and equipment (e.g., furniture, equipment, and telephone services) suitable for the performance of the contract to Government on-site Contractor personnel.

(d) The Government will not be responsible for providing the Contractor with cellular phones and/or Blackberry devices, nor for providing those devices subscription services. The Contractor shall provide its personnel with communication systems that provide seamless interface with the systems at DARPA.

(e) The Government will provide the Contractor with all existing engineering drawings and configuration documentation as Government-Furnished Information (GFI). The Government will retain ownership of all GFI provided to the Contractor, and will assume ownership of all documentation and deliverables submitted to the Government by the Contractor in performance of the contract.

H-10 Proprietary Technical Data and Computer Software

(a) Any deliverable technical data or computer software developed or generated at private expense and considered to be proprietary by the Contractor or Subcontractors in the performance of this contract shall be delivered in accordance with DFARS 252.227-7013 and 252.227-7014.

H-11 Accommodation / Accessibility For The Disabled

(a) The Contractor shall comply with Section 508 of the Rehabilitation Act of 1973, as amended 29 U.S.C. § 794 (d) and the Federal Acquisition Regulation (FAR) 48 CFR Parts 2, 7, 10, 11, 12, and 39 [FAC 97-27; FAR Case 1999-607].

H-12 Earned Value Management

(a) The Contractor shall use an Earned Value Management System and process for Cost Plus and Cost Plus Award Fee (time and materials project-based) work in accordance with OMB, ANSI / EIA-748-A and other applicable regulations throughout the life of the contract. This process shall result in monthly reports by project reflecting expenditures for the Budget Cost of Work Performed, Actual Cost of Work Performed and Actual Cost of Work Scheduled. The Contractor shall provide a plan to implement an Earned Value Management System five (5) days after award and must implement the system within 90 days after award.

H-13 Security Requirements

(a) All Contractor employees must be U.S. citizens with a minimum of an interim SECRET clearance. DARPA will perform a local background check on all Contractor employees. Compliance with
Department of Defense (DoD) personnel security provisions (most notably DoD 5200.2-R and DoD Directive 8500.1) concerning clearance actions prior to commencing work, is required.

(b) The Contractor shall safeguard classified project material in accordance with GSA ADM P 1025.2C, Information Security Program. Additionally, the Contractor shall safeguard all data and information in accordance with all applicable DARPA and DoD policies and Instructions. Refer to the attached (Section J Attachment 4) DD Form 254 for additional guidance.

(c) Contractor personnel may become aware of data pertaining to contractors or services relating to or residing on systems utilized by DARPA. Contractor personnel shall not obtain, divulge, or use this data for any purposes other than to support DARPA. Under no circumstances shall Contractor personnel use this information for personal or Contractor gain. Data the Contractor produces as a result of this effort shall become the property of the Government and the Contractor shall protect this data at the appropriate security level and sensitivity identified.

H-14 Termination – Supplemental Provision

(a) Upon contract cancellation or expiration, contractors shall provide a written transition-out / exit plan ninety (90) days prior to the anticipated ending date. The Contractor shall work with the successor Contractor in developing a project plan for transferring all Contractor performance services; Government owned assets, documentation, information and data.

(b) The Contractor shall continue to update this plan as necessary until all services have been successfully transitioned to the new service provider.

H-15 Removal From Project Access

(a) When employees are removed from positions, for any reason, the Contractor shall:
   (1) Revoke all access authorizations
   (2) Retrieve all specific keys and badges
   (3) Change the combinations on all locks to which the employee had access
   (4) Review the employee's obligations to the organization
   (5) Notify appropriate DARPA security officials of the removal action.

(b) For all access terminations, the Contractor shall:
   (1) Follow the Checklist for Employee Termination
   (2) Assure that the departing employee either completes all assigned tasks or briefs the replacement on the requirements and status of ongoing tasks
   (3) Determine the employee's access termination date
   (4) Immediately notify the assigned SID Systems Manager(s) if access termination is for cause and request an immediate revocation of access
   (5) Complete the Manager's Checklist for Employee Termination and forward the checklist to the Project Manager
   (6) Review with employee their obligation to protect related data
   (7) Assure that the employee completes the Access Termination Statement.

(c) The Project Manager shall:
   (1) Notify DARPA [with emphasis on notifying the Contracting Officer’s Representative (COR) first] of the access termination action on the employee
   (2) Notify the assigned SID Systems Managers of the access termination date.

CLAUSES INCORPORATED BY FULL TEXT

52.216-18 ORDERING. (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from April 3, 2006 through March 31, 2011, if and to the extent that any such options delineated in the contract are exercised by the Government.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of clause)

52.216-22 INDEFINITE QUANTITY. (OCT 1995)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum". The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum".

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed.
during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 30 June 2011.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor, provided that the Government gives the Contractor a preliminary written notice of its intent to extend before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed sixty-three (63) months.

(End of clause)

52.232-19 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

52.243-7 Notification Of Changes APR 1984

CLAUSES INCORPORATED BY FULL TEXT

52.246-20 WARRANTY OF SERVICES (MAY 2001)

(a) Definition.
"Acceptance," as used in this clause, means the act of an authorized representative of the Government by which the Government assumes for itself, or as an agent of another, ownership of existing and identified supplies, or approves specific services, as partial or complete performance of the contract.

(b) Notwithstanding inspection and acceptance by the Government or any provision concerning the conclusiveness thereof, the Contractor warrants that all services performed under this contract will, at the time of acceptance, be free from defects in workmanship and conform to the requirements of this contract. The Contracting Officer shall give written notice of any defect or nonconformance to the Contractor within 60 days from the date of acceptance by the Government. This notice shall state either (1) that the Contractor shall correct or reperform any defective or nonconforming services, or (2) that the Government does not require correction or reperformance.

(c) If the Contractor is required to correct or reperform, it shall be at no cost to the Government, and any services corrected or reperformed by the Contractor shall be subject to this clause to the same extent as work initially performed. If the Contractor fails or refuses to correct or reperform, the Contracting Officer may, by contract or otherwise, correct or replace with similar services and charge to the Contractor the cost occasioned to the Government thereby, or make an equitable adjustment in the contract price.

(d) If the Government does not require correction or reperformance, the Contracting Officer shall make an equitable adjustment in the contract price.

(End of clause)
