Account Tracking and Automation Tool (ATAT) Multi-Cloud Provisioning Application Programming Interface (API)

The ATAT API (v0.1.0) can be found at https://github.com/dod-ccpo/atat-csp-orchestration/blob/main/provisioning/atat_provisioning.yaml. Note that it is subject to the Government's change control process at any time prior to the JWCC Award Date, after which it will be finalized at v1.0.0. Following this, future modifications will be subject to a change control process.
