(e) Limitations on subcontracting. By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for—

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding certain other direct costs and certain work performed outside the United States (see paragraph (e)(1)(i)), to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract. The following services may be excluded from the 50 percent limitation:

(i) Other direct costs, to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service. Examples include airline travel, work performed by a transportation or disposal entity under a contract assigned the environmental remediation NAICS code 562910, cloud computing services, or mass media purchases.

Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. (End of clause)

52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (SEP 2021)

(a) Definitions. As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern--

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (d) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines a affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts--

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) If the Contractor represented that it was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, when the Contracting Officer explicitly requires it for an order issued under a multiple-award contract.

(d) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(e) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees if the acquisition--

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(f) Except as provided in paragraph (h) of this clause, the Contractor shall make the representation(s) required by paragraph (b) and (c) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause, or with its offer for an order (see paragraph (c) of this clause), that the data have been validated or updated, and provide the date of the validation or update.

(g) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (f) or (h) of this clause.

Section M - Evaluation Factors for Award

EVALUATION FACTORS FOR AWARD

EVALUATION

FACTORS FOR AWARD

1. BASIS FOR CONTRACT AWARD:

The Government intends to award a contract sole source contract resulting from this solicitation provided that the Offeror's proposal conforms to the solicitation and represents the best value to the Government. The basis for award is **Best Value**. Best value will be determined by an evaluation of the submitted Technical and Price proposals.

2. EVALUATION FACTORS

Proposals shall be evaluated on the factors listed below.

Evaluation Factors:

Factor 1 –
Technical
Approach
Factor 2 –
Price

FACTOR 1 – TECHNICAL APPROACH:

The Government will evaluate the adequacy of the Offeror's approach including staffing, completeness and understanding of the requirements specified in the solicitation and all attached documents, including the Performance Work Statement (PWS), as demonstrated by the proposed technical approach and capabilities. The proposal shall be sufficiently complete to demonstrate how the Offeror will comply with Government tasking and requirements throughout the performance period. Data previously submitted, or presumed to be known, i.e., descriptions of previous projects performed for the Government, cannot be considered as a part of the proposal unless physically incorporated in the proposal. Clarity, completeness and conciseness are essential.

The evaluation will consist of assessing a proper staffing approach to meet the Government's requirements and how the Offeror plans to manage unexpected turnover due to promotions, employees leaving the company, extended illnesses, military duty, etc., and how that plan minimizes the impact on contract performance. The evaluation will assess the Offeror's proposed approach to implementing, managing, and administering programs similar in scope and complexity specified in the PWS.

TECHNICAL ACCEPTABILITY: See the Description of the Technical Rating Listed Below.

Table A-1. Technical Rating

<u>Rating</u>	<u>Description</u>
Acceptable	Proposal/quotation clearly meets the minimum requirements of the solicitation.
Unacceptable	Proposal/quotation does not clearly meet the minimum requirements of the solicitation.

FACTOR 2 – PRICE:

The Government will evaluate price reasonableness using price analysis techniques in FAR 15.404-1(b). The Government will determine if the offeror's proposed price reflects

the offeror's understanding of the requirements and if the proposed price is consistent with the offeror's proposal. The evaluated price is the sum of the pricing for the base year and the six-month extension authorized by FAR 52.217-8.

For the purposes of price evaluation, the phrase "all option periods" in this section includes the total of the base period and all options including a potential six-month extension of services under FAR clause 52.217-8. Half the amount proposed for the last option period will be utilized for the evaluation of the six-month extension. However, in the event that the Government wishes to invoke FAR clause 52.217-8, the rates that will be used for the extension are that correspond to that current contract year.
