CLAUSES INCORPORATED BY FULL TEXT

B-03 CONTRACT TYPE (MAY 2005)

This is an Indefinite Delivery, Indefinite Quantity Contract with Fixed Rates for Labor Hour Task Orders with a Cost Reimbursable Line Item for Travel and Other Direct Costs (ODC). The contract has a 12-month base period, and one 12-month Option period as specified in Section B and other related Sections, Attachments and Exhibits.

B-05 OPTION REQUIREMENTS (MAY 2005)

The Government may exercise the Option requirements as identified under Option Items 1001 through 1017. These Option items may be exercised, in whole or in part, in accordance with Special Provision "Exercise of Options".

B-06 LABOR HRS FOR TOS**B-06 LABOR HOURS FOR TASK ORDERS:**

- a. The total number of Labor Hours for this contract is estimated to be: 99,560
- b. In the performance of the various Task Orders, which will be issued pursuant to the clause H-03 titled TASK ORDERS the contractor shall provide the specified number of Labor Hours per each task order, and as agreed to in the corresponding Task Order Plan, as provided.
- c. Labor Hours are defined as prime contractor and subcontractor actual direct labor hours exclusive of vacation, holiday, sick leave, and other absences.
- d. Prior to final payment on a Task Order, the contractor is required to certify to the Administrative Contracting Officer that he has exerted the total Labor Hours by labor category as stated in each voucher; has completed all associated travel; has acquired all required materials; has provided the reports called for; has dispositioned all contractor-acquired and government-furnished property according to government direction; and that the effort performed and reports provided are considered satisfactory by the Government.

CLAUSES INCORPORATED BY FULL TEXT**C-01 SCOPE OF WORK (MAY 2005)**

The Contractor shall perform the work specified in the Statement of Objectives/ Statement of Work (SOO/SOW) or other Attachments and Exhibits in Section J of this contract. The Contractor shall provide all necessary materials, labor, equipment and facilities incidental to the performance of this requirement.

Section C - Descriptions and Specifications

CLAUSES INCORPORATED BY FULL TEXT

C-02 REPORTS AND OTHER DELIVERABLES (MAY 2005)

- a. The Contractor shall submit all reports and other deliverables in accordance with the delivery schedule set forth in Section F, and the attached Contract Data Requirements Lists, DD Form 1423-1.
- b. Technical reports delivered by the Contractor in the performance of the contract shall be considered Technical Data, as defined in DFARS 252.227-7013, "Rights in Technical Data -- Noncommercial Items."
- c. Reports shall be submitted electronically in accordance with the attached Contract Data Requirements List, DD Form 1423-1, submission requirements. For reports that are unable to be submitted electronically, reports shall be mailed by other than first-class mail unless the urgency of submission requires use of first-class mail. In this situation, one copy shall be mailed first-class and the remaining copies forwarded by less than first-class.
- d. The following information shall be provided with all reports. However, if the report incorporates a MDA logo or letterhead, this information will be provided on a severable cover sheet and not on the same sheet of paper as the MDA logo or letterhead.
 - CONTRACT NUMBER
 - PROGRAM'S DESCRIPTION (INCLUDING 2 LETTER CODE)/PROGRAM MANAGER
 - CONTRACTOR'S POINT OF CONTACT NAME AND PHONE NUMBER
- e. All reports generated under this contract shall contain the following disclaimer statement on the cover page:

"The views, opinions, and findings contained in this report are those of the author(s) and should not be construed as an official Department of Defense position, policy, or decision."
- f. Except as provided by the Contract Data Requirements List, DD Form 1423-1, Exhibit A, and the Contract Security Classification Specification, DD Form 254, the distribution of any contract report in any stage of development or completion is prohibited without the approval of the Contracting Officer.

STATEMENT OF WORK

SYSTEMS ENGINEERING AND TECHNICAL ASSISTANCE BRIDGE (SETAB)

SCOPE OF WORK (SOW)

28 July 2008

1.0 INTRODUCTION AND BACKGROUND

1.1.1 The Missile Defense Agency has been directed to conduct vigorous research into Ballistic Missile Defense (BMD) technology programs, including air, space, and missile defense. The Missile Defense Agency mission is to conduct a coordinated research and development program in accordance with Department of Defense (DoD), Warfighter guidance. This includes Research and Development, testing, production, fielding, and deploying. The

goal of services hereby obtained is to ensure a timely, energetic, and cost effective development of technologies for defense against evolving threats; to coordinate all technology base development to maximize benefits for strategic and theater missile defense and air/space technology programs; and to ensure programs are in regulatory compliance. The Missile Defense Agency serves to advance the technologies of ballistic missile defense, air and space technology, and to provide a system technology base for a range of future defense applications. These programs revolve around fourteen major functions:

1.1.1.1 Safety, Quality & Mission Assurance

1.1.1.1.1 The Quality, Safety and Mission Assurance (QSMA) Directorate performs a continuous assessment of the engineering, technology, production and programmatic processes/practices used to develop and operate the Ballistic Missile Defense System (BMDS). The Directorate reports directly to the MDA Director. It identifies and addresses high risk attributes and increases confidence in achieving mission success while ensuring the safety of property and personnel.

1.1.1.2 Business & Finance Management

1.1.1.2.1 The Business Operations Directorate is the functional manager for the Missile Defense Agency (MDA) business and financial staffs supporting all of MDA's headquarters directorates and field operations. It is led by a Headquarters staff with functionally matrixed support teams in the National Capitol Region (NCR) and at geographically separated locations. Matrixed support helps ensure all budgeting, programming, and planning activities are conducted uniformly and consistently, making use of common data sets and business practices.

1.1.1.3 Administrative & Professional Support

1.1.1.3.1 The Chief of Staff of the Missile Defense Agency (MDA) provides executive support to the MDA Director, Deputy Director, and Executive Director; on-call executive support to other MDA senior leaders; directs and monitors implementation of decisions and executive actions/plans; and establishes and manages MDA administrative procedures. The support provided by contractor personnel includes executive support services, general office administrative services, protocol and event management support, day-to-day operational support to the MDA Command Group including graphic communication support via the Director's Action Group and Visual Information Production Center, and historical support services. The MDA Chief of Staff is responsible for the functional matrix management of office administrative services to all MDA organizations at all locations; supervises the MDA Historian, Chief of Protocol, Chief of Executive Services and Deputy Chiefs of Staff.

1.1.1.4 Systems Engineering

1.1.1.4.1 The Deputy for Engineering of the Missile Defense Agency (MDA) is led by a Headquarters staff with functional matrix support teams in the National Capital Region (NCR) and geographically separated program offices. The Deputy for Engineering is the functional manager for the Agency's technical staff that supports the Missile Defense Agency's and Element Program Offices. This matrix approach ensures that general engineering, technical analysis/support, scientific, systems engineering, operations support and test planning activities are conducted uniformly and consistently and make use of common data sets and practices. The support provided by contractor personnel for the Deputy for Engineering is grouped into System and Element Engineering, Threat Systems Engineering, and Manufacturing and Producibility.

1.1.1.5 Acquisition Management

1.1.1.5.1 The Agency acquisition management activity consists of a streamlined Headquarters staff with functional matrix support teams in both the National Capital Region (NCR) and geographically separated product centers. Specific functional responsibilities include providing acquisition expertise in support of the Deputy for Acquisition Management as principal advisor to the Director and senior staff on acquisition authorization, assessment, oversight, and assistance; providing acquisition expertise responsible for preparing analyses, and providing advice,

and recommendations to MDA Executive Leaders, BMDS Element Directors/Program Managers and staff members, and ad hoc special teams formed to provide expeditious resolution of programmatic problems; and providing acquisition expertise to support the development of acquisition policy, plans, processes, procedures, and guidance for MDA procurements.

1.1.1.6 Infrastructure & Environment

1.1.1.6.1 The Directorate's mission is accomplished through the centralized management of: infrastructure policy, plan, budget, facility/design standards, and space control formulation; infrastructure quality assurance/oversight; facility project management; and infrastructure/facilities resource management. The Directorate also uses decentralized execution of the core support functions (facilities logistics, facility operations & services, and management support) at the Field Activity Level to provide quality services and facilities to its customers, implement infrastructure policy and plans, perform logistics/services operations, perform management support, and provide headquarters support. The Directorate also coordinates and provides infrastructure support for the BMDS program element level at various locations such as Hanscom AFB, MA; Kirtland AFB, NM; Los Angeles Air Force Station, CA; and Vandenberg AFB, CA through the use of Memorandums of Agreement, Memorandums of Understanding, and other Inter-Service Support Agreements for local services at installations having MDA tenant activities. Contractor support to the Infrastructure & Environment Directorate includes Management Activities, Field Activity Operations Support, Operation of the Executive Motor Pool, Operation of the Shuttle Bus Service, Performance of Custodial Services, and Mailroom Support.

1.1.1.7 RESERVED

1.1.1.8 Test

1.1.1.8.1 The Test Functional Area is led by the Test Functional Manager and supported by test functional leaders and employees who are matrixed to BMDS element and program teams across the Agency. They support the worldwide BMDS test mission. The Test Functional Manager is responsible for ensuring: MDA test policies and processes are standardized and applied consistently; test 'lessons learned' are shared across the Agency; and the test workforce is ready at all times to support the Test mission. Contractor support to the Test Functional Manager covers the functional areas of Test Support, BMDS Test Data Analysis and Tools Support, and BMDS Truth Data Analysis and Tools Support.

1.1.1.9 Warfighter & BMDS Operations Support

1.1.1.9.1 The Warfighter and BMDS organization ensures that the warfighter perspective is considered in BMDS integration processes and facilitates Combatant Command participation in the development of future missile defense capabilities. Defined operational support groups provide base and facility support between host installations and BMDS mission operations. Specific functional responsibilities are to provide interface with the warfighters (all Combatant Commanders) in emerging BMDS development; support, maintain, and monitor readiness of the fielded BMDS; and interface between the Agency and the User community (Services/warfighters). Contractors provide support in all areas of responsibility. Support to the Deputy for Integration and Fielding is divided into two functional areas: Warfighter Operations Support and BMDS Operations Support Center.

1.1.1.10 Worldwide Deployment Support

1.1.1.10.1 The Worldwide Deployment Program Management Office is led by a Headquarters staff with functional matrix support teams centered in Huntsville, AL and also assigned to geographically separated organizations. It provides support to all BMDS elements and programs. Specific functional responsibilities are to provide deployment planning and integration; site activation expertise for tactical and test facility acquisition management; site activation expertise to perform environmental management; deployed site support and sustainment through transition; and support for BMDS Element integration.

1.1.1.11 Advanced Technology Development

1.1.1.11.1 The Deputy for Advanced Technology is responsible to the Director for developing advanced capabilities for the Ballistic Missile Defense System. This Deputate seeks out and develops new and innovative concepts and technologies that can be applied across the Ballistic Missile Defense System in order to pace the ballistic missile threat, improve system performance and reliability, reduce block implementation risks, and lower life-cycle costs. The Deputate leverages technology investments of other Department of Defense organizations, industry, academia, and international partners.

1.1.1.12 Security

1.1.1.12.1 The Security and Intelligence Operations Directorate provides information assurance, security, and intelligence and counterintelligence services to protect the Agency and Ballistic Missile Defense System (BMDS) technologies, facilities, information and people from threats and the compromise of classified information. It is organized into five divisions, representing the following major functional areas: Security and Program Protection; Special Programs; Intelligence, Counterintelligence; and Information Assurance. Support to the Security and Intelligence Operations Directorate is divided into four principal functional areas: Security and Program Protection, Security Operations, Intelligence and Counterintelligence, and Information Assurance.

1.1.1.13 International Affairs

1.1.1.13.1 International Affairs is led by a Director and Deputy Director. It is organized into three Directorates: 1.) European and Americas Regional Directorate; 2.) Asia-Pacific and Middle-East Directorate; and 3.) Strategy and Integration Directorate. The Deputy for International Affairs provides unique expertise across a broad range of international policy and foreign affair issues for the MDA Director, the Headquarters staff and element and program managers across the entire Agency. Contractor support to the Deputate includes: development and implementation of the MDA International Strategy, providing expertise to international conferences, and analyzing international policy issues; armament cooperation and interoperability opportunities; and security assistance opportunities.

1.1.1.14 Information Management & Tech Ops

1.1.1.14.1 The Missile Defense Agency (MDA) Directorate of Information Management and Technology Operations ensures information management services and technology resources of the MDA are administered, acquired, managed and operated in compliance with and meet the goals of existing statutes, Department of Defense (DoD) regulations and the MDA Director's priorities. The Directorate is led by a Headquarters staff with functional teams at geographically separated locations. On-site support teams help ensure timely, effective and secure support to field operations. The teams also ensure consistent and coordinated worldwide information system capabilities across all elements and programs within the Agency. Contractors support the Directorate in a broad array of information technology (IT) areas including: IT operations, computer network defense, information management and network system architecture and design.

1.1.2 The programs are continually changing based on evolving technology, new doctrine, and changing government emphasis. Current emphasis is to research, evaluate, prove the effectiveness of various components and systems, and support production and fielding. The Missile Defense Agency has structured research programs integrating an extremely wide range of technologies and support functions into system concepts and/or hardware components/system platforms. In addition to DoD elements and participating government agencies, many industrial firms, large and small, are also involved as government contractors. The purpose of this contract is to obtain systems engineering and technical assistance for the Missile Defense Agency and other associated air, space, and missile defense organizations related to the many tasks and projects which fall within the broad categories of air, space, and missile defense activities under the missions of those agencies, as they are defined by Higher Headquarters, Congress, and the Department of Defense.

2.0 SCOPE AND GENERAL REQUIREMENTS

2.1.1 The general areas to be supported for the duration of the contract are set forth in this Scope of Work. These areas are not meant to be definitive, but rather, represent in summary form the general areas to be supported. Therefore, the SOW is deemed to be a basic expression of the contract requirement. Specific performance requirements will be set forth in Task Orders (T/Os) issued under the contract. The T/Os may be issued for the Missile Defense Agency, other associated air, space, and missile defense organizations, or as directed by higher Headquarters, in support of their current Mission and Function Statements

2.1.2 The contractor shall conduct studies, and provide concept system definition and related documentation to support the study results; provide independent analyses, simulations, technological assessments; and perform other related tasks in systems definition, experiments, technology demonstration, system development, and production and fielding as applicable (reference Section 1.1.1). The contractor shall analyze, critique, and assess the adequacy, timeliness, and cost effectiveness of work performed by other contractors. The contractor shall identify issues and shall formulate and provide alternatives for issue resolution. The contractor must develop and maintain a working knowledge of MDA acquisition and technical directives, policies and processes.

2.1.3 The contractor shall implement the SETAC Operations Security (OPSEC)/TEMPEST Plan in performance of any portion of the contract requiring OPSEC. The plan, as updated, shall continue to conform to the requirements of the DD Form 1423 and any further instructions provided by the Government.

2.1.4 In performing this SOW, the contractor may be required to interact with the Missile Defense Agency, with other contractors, and with various other governmental agencies, as designated by T/O statements of work. Such interaction shall be conducted only to the extent addressed in the specific T/O or routine technical discussions with the task order monitor (T/OM).

2.1.5 Changes in emphasis and significant changes in program direction are inevitable with respect to approved projects. The contractor shall be responsive to such changes as they are defined by the issuance of T/Os. Therefore, the contractor shall be responsive to new, revised, or terminated effort.

2.1.6 The contractor shall perform specific work as directed, and funded, by individual T/Os. Each T/O will include, at a minimum, the estimated Labor Hours for the fixed-price labor categories; the applicable funding; the T/O ceiling for labor, travel, and other direct cost (ODCs); the period of performance; the required deliverables; the T/O statement of work; and any special instructions applicable to the given T/O.

2.1.7 The contractor shall provide a Task Order Management Plan (T/OMP) which shall define a management system to plan and control the SETAB effort under each specific T/O. The T/OMP must delineate how the contractor plans to accomplish the effort supporting the specific T/O, to include a breakout of Labor Hours, travel, ODCs, a milestone schedule, and a schedule for the planned expenditure of funds.

2.1.8 The contractor shall prepare and deliver to the government the technical data in accordance with the requirements and schedules set forth in the CDRL DD Form 1423. It is not the intent of the government to have new data formats prepared where existing ones may suffice. Thus, contractor-internal procedures, which are acceptable to the Contracting Officer as equivalent to the requirements of data item description(s), DD Form 1664, may be used for submittal to the government.

2.1.9 The contractor shall conduct and/or host status meetings as required by each T/O. These meetings, as scheduled by specific T/O, shall be structured to provide the government with an up-to-date status of the contractor's technical and programmatic progress. Following each such meeting, the contractor shall prepare a report for Government approval, as required.

2.1.10 The contractor shall maintain all Contractor Acquired Property (CAP) and Government Furnished Property/Equipment (GFP/GFE) in accordance with the Government Property provisions of the contract and as directed by the Contracting Officer.

3.0 CONTRACTOR REQUIREMENTS

3.1.1 The SETAB contractor shall provide the capability to perform a wide variety of tasks (to be defined in detail in the individual T/Os issued during the period of performance) related to the tasks as defined in 2.1.2 above. The contractor must be capable of providing flexible, responsive, and high quality systems engineering and technical support relating to the missions of the Missile Defense Agency, and other associated air, space, and missile defense organizations, as described in 1.1.1, above. The contractor shall appoint a program manager (PM) to direct its technical effort. The PM shall provide the overall management of program, personnel, planning, quality control, direction, coordination, and reviews necessary to assure effective contract performance.

3.1.2 The contractor shall ensure that adequate technical capability is available to provide responses to specific tasks based on a 40-hour work week. It is the contractor's responsibility to provide and maintain a state-of-the-art trained workforce capable of providing the services specified in the T/Os as issued under this contract. All related training, continuing education, certification courses, and other similar events are the financial responsibility of the contractor. Task priorities, short-notice suspenses, operational constraints, and other potential "impacts" shall be managed so as to maintain schedule requirements on all T/Os.

3.1.3 The contractor shall perform temporary duty (TDY) non-local travel, as required in the performance of this SOW, as directed by individual T/Os. The TDY locations include, but are not limited to, Washington, DC, White Sands, NM, Kwajalein Missile Range, Wake Island, Kodiak, AK, Colorado Springs, CO, Los Angeles, CA, PMRF, Reagan Test Site, and various OCONUS locations, to include Honolulu, HI, Europe, and the Far East. The T/Os will specify authorized travel locations and the NTE ceiling for the given effort. Travel to locations other than those specified in the T/O requires the prior written approval of the applicable T/OM.

4.0 SECURITY

4.1.1 Certain contractor personnel must possess TOP SECRET/Sensitive Compartmented Information (SCI) CLEARANCE access and/or be eligible for immediate adjudication by the cognizant security authority upon award of the contract. Future requirements for SCI-eligible personnel shall be established by individual T/Os. The T/OMs shall apprise the contractor of any increased security requirements. The contractor shall submit adequate clearance packages within ten (10) calendar days of identification of any increased security requirements.

4.1.2 Some T/Os issued under this contract may require access to, and clearance for, Special Access Programs (SAPs) up to and including the TOP SECRET/SCI level. The T/Os requiring such access will be awarded or modified accordingly with a revised DD254 allowing appropriate access and outlining the specific security requirements.

4.1.3 As identified in individual T/Os, the Government will provide a limited, temporary work area for two to three contractor personnel on an "as needed" basis at Government Sensitive Compartmented Information Facilities (SCIFs). Storage space, electronic SCI message support, and SCI billet indoctrination support shall be provided by the government.

4.1.4 The SETAB will require access to Sensitive Compartmented Information (SCI) data in order to perform analysis and assess the adequacy of the work performed by other contractors. This data and other related information will be used to check the adequacy of sources to provide the T/OM with an accurate assessment of the threat to the system and assist in the planning and the conduct of analyses, simulations, assessments, system tests, and other related tasks. The SCI-cleared contractors will be required in conjunction with their SCI contract monitor, to interface with key Missile Defense Agency personnel, and other government personnel, and enter into SCI discussions to assist in assessment and decisions on the programs.

4.1.5 The contractor shall perform in accordance with the National Industrial Security Program Operating Manual (NISPO) (DoD 5220.22M) and ensure that all classified material is handled in accordance with the latest appropriate security classification specifications.

5.0 MEETINGS/BRIEFINGS/PUBLICATIONS

5.1.1 The contractor shall participate in Technical Interchange Meetings (TIMs), to be scheduled upon request of the T/OM, to discuss and to informally evaluate the SETAB contractor's efforts and accomplishments in direct relation to specific T/Os. During these meetings, the contractor shall present necessary data to enable a joint review of its various assigned tasks, along with attendant schedules, and resource expenditures. The contractor shall present and participate in technical discussions and shall inform, in a timely fashion, the T/OM of any problems with contract execution and any proposed solutions. During these TIMs, the T/OM may also informally evaluate the on-going SETAC performance.

5.1.2 The contractor shall attend and participate in Program Management Reviews (PMRs), Integrated Process Teams (IPTs), and other meetings, as scheduled by the T/OM.

5.1.3 The contractor shall provide technical orientation briefings, as directed.

6.0 DELIVERABLES

6.1.1 Documentation developed under this contract shall be delivered as specified in individual T/Os. Individual T/Os will indicate the media type, as well as the quantity of copies of the work products required for delivery. The contractor shall be proficient in the use of the current Government/command-standard software and shall possess the capability to deliver the automated data in the command-standard software format. Delivery will typically be required only in electronic media form; all such deliveries shall be virus free.

6.1.2 As directed by the Contracting Officer, software developed incidental to the performance of this contract shall be delivered to the Government as both source and executable code and shall be considered a "Special Work" pursuant to DFARs 252.227-7020, Rights in Special Works. (A004)

Section D - Packaging and Marking

CLAUSES INCORPORATED BY FULL TEXT

D-01 PACKAGING AND MARKING OF TECHNICAL DATA (MAY 2005)

Technical data items shall be preserved, packaged, packed, and marked in accordance with the best commercial practices to meet the packaging requirements of the carrier and insure safe delivery at destination. Classified reports, data and documentation shall be prepared for shipment in accordance with the National Security Program Operation Manual (NISPOM), DoD 5220.22-M.

CLAUSES INCORPORATED BY FULL TEXT

G-02 IDENTIFICATION OF CORRESPONDENCE (MAY 2005)

All correspondence and data submitted by the Contractor under this contract shall reference the contract number.

G-04 PATENT INFORMATION (MAY 2005)

Patent information, in accordance with FAR 52.227-11, "Patent Rights -- Retention by the Contractor (Short Form)," or FAR 52.227-12, "Patent Rights -- Retention by the Contractor (Long Form)," shall be forwarded through the Procuring Contracting Officer to:

Office of the Secretary of Defense
Missile Defense Agency, MDA/GC
7100 Defense Pentagon
Washington, DC 20301-7100

G-05 SUBMISSION OF PAYMENT REQUESTS USING WIDE AREA
WORK FLOW - RECEIPT AND ACCEPTANCE (WAWF-RA) (JUN 2005)

a. Requirement for Electronic Payment Requests by WAWF-RA

1. The Contractor shall submit all payment requests electronically in accordance with FAR Part 32. As prescribed in DFARS clause 252.232-7003, Electronic Submission of Payment Requests, contractors shall submit all payment requests in electronic form unless the exception in the DFARS clause applies. Paper copies will no longer be processed for payment.

2. To facilitate electronic submission, contractors shall submit all payment requests through the Wide Area Work Flow-Receipt and Acceptance (WAWF-RA) System at <https://wawf.eb.mil> using the appropriate Service Acceptor's DoDAAC (MDA's (NCR) is HQ0006; JNIC is H95001). When using WAWF-RA, the contractor will inform the Contracting Officer's Representative (COR) or designee via e-mail that a WAWF document has been submitted for approval.

3. In accordance with Appendix F of the DFARS, at the time of each delivery of supplies or services under this contract, the contractor shall prepare and furnish to the Government the WAWF-RA electronic form in lieu of a paper copy Material Inspection and Receiving Report (MIRR), DD Form 250.

4. When requesting final payment, the Contractor must establish compliance with all terms of the contract by submitting a Final Receiving Report through WAWF-RA, or Letter of Transmittal, as applicable.

5. The WAWF Training Links are located on the Internet at <https://wawf.cb.mil> under "About WAWF".

6. Questions regarding the use of the system are to be directed to the WAWF Help Desk:

DISA WESTHEM
Area Command Ogden
Customer Service Center
CONUS ONLY: 1-866-618-5988
COMMERCIAL: 801-605-7095
DSN: 338-7095
FAX COMMERCIAL: 801-605-7453
FAX DSN: 388-7453
cscassig@ogden.disa.mil

b. Submission of Invoices under Fixed Price Type Contracts

1. "Invoice" as used in this paragraph does not include the contractor's requests for progress payments.

2. The use of WAWF-RA electronic form and invoice are in accordance with DFARS Appendix F.

3. In addition to the requirements of the Prompt Payment clause of the contract, the contractor shall cite on each invoice the contract line item (CLIN); the contract subline item number (SUBCLIN), if applicable; the accounting classification reference number (ACRN), and the payment terms.

4. The contractor shall prepare either:

_____ a separate invoice for each activity designated to receive the supplies or services or
_____ a consolidated invoice covering all shipments delivered under an individual order.

5. If acceptance is at origin, the contractor shall submit the WAWF-RA electronic form or other acceptance verification directly to the designated payment office.

6. If acceptance is at destination, the consignee will forward acceptance verification to the designated payment office.

c. Submission of Vouchers under Time and Materials and Cost Type Contracts

1. Contractors approved under the Defense Contract Audit Agency's (DCAA) direct billing program may submit the first and subsequent interim vouchers directly to the disbursing office. Contractors participating in the direct billing program must provide a copy of the first interim voucher to the cognizant DCAA office within 5 days of its submission to the disbursing office.

2. Upon written notification to the contractor, DCAA may rescind the direct submission authority. Upon receipt of the notice to rescind the direct submission authority, the contractor will immediately begin to submit invoices for the affected contracts to DCAA.

3. When authorized by the DCAA in accordance with DFARS 242.803(b)(i)(C), the contractor may submit interim payment requests. Such authorization does not extend to the first and final vouchers. Vouchers requesting interim payments shall be submitted no more than once every two weeks. For indefinite delivery type contracts, interim payment requests shall be submitted no more than once every two weeks for each delivery order. There shall be a lapse of no more than 90 calendar days between performance and submission of an interim payment request.

4. The contractor agrees to segregate costs incurred under this contract at the level of performance, either task or subtask, or CLIN or SUBCLIN, rather than on a total contract basis, and to submit vouchers reflecting costs incurred at that level. Vouchers shall contain summaries of work charged during the period covered, as well as overall cumulative summaries for all work invoiced to date, by line item, subline item, task or subtask. Delivery orders will be segregated by individual order.

5. The contractor shall submit the final voucher to the cognizant DCAA office and ACO, if applicable.

G-06 ALLOTMENT OF FUNDS (MAY 2005)

Pursuant to FAR 52.232-22, "Limitation of Funds," the total amount of funds presently available for payment and allotted to this contract (which covers all items, including fee payable), and the estimated period of performance said funds cover, are as follow:

CLIN 000X:	To be identified on each individual Task Order
Estimated funds exhaustion date:	To be identified on each individual Task Order

G-07 PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS (MAY 2005)

CLIN(s) 0001 through 0017, and associated Option CLIN(s), may be funded by multiple accounting classifications. The Contractor shall segregate cost and submit vouchers as required by provision G-05, Submission of Payment Requests Using Wide Area Work Flow – Receipt and Acceptance (WAWF-RA). The Defense Finance and Accounting Service (DFAS) shall make payments from those Accounting Classification Record Numbers (ACRNs) assigned each CLIN as described in provision G-09, Accounting and Appropriation Data.

G-09 ACCOUNTING AND APPROPRIATION DATA (MAY 2005)

CLIN 000X: To be identified on each individual Task Order.

ACRN:	TBD
ACCT CLASS:	TBD
AMOUNT:	\$TBD
TOTAL ACRN:	\$TBD

G-10 SEGREGATION OF COSTS (MAY 2005)

For CLIN(s) 0001 through 0017, and their respective Option CLINs 1001 through 1017, vouchers shall contain actual hours and costs by cost element (cost elements shall be at the lowest level of identification/discrimination consistent with the Contractor's cost accounting system) and overall cumulative summaries of all work vouchered to date.

Section H - Special Contract Requirements

CLAUSES INCORPORATED BY FULL TEXT

H-03 TASK ORDERS (MAY 2005)

a. General. The task order procedures in this clause shall apply to CLIN 0001 through 0017, and if exercised Option CLINs 1001 through 1017. The Government may order up to the maximum Labor Hours (LHs) specified in the Schedule. For purposes of this contract, the term "Task Order" is synonymous and interchangeable with the word "order" as used in Section I clauses FAR 52.216-18, 52.216-19 and 52.216-22. All Task Orders are subject to the terms and conditions of this contract. In the event of a conflict between a Task Order and this contract, the contract shall prevail.

b. Ordering. Task Orders will be issued in written form by the Contracting Officer. Normally, prior to issuing a Task Order, the Contracting Officer will request, and the Contractor shall provide a Task Plan for accomplishing the work.

(1) Draft Task Order. The Contracting Officer will issue a draft Task Order to the Contractor with a request to the Contractor to submit a plan for accomplishing the task. The draft Task Order will include the following information:

- (a) contract number, CLIN and SOW reference;
- (b) description of the task to be performed;
- (c) a period of performance for the task;
- (d) description of the deliverables (as appropriate); and
- (e) specify either LOE or completion and number of LH.

NOTE: Issuance of a draft Task Order does not authorize performance of this task.

(2) Task Plan. The Contractor shall submit a Task Plan within fifteen (15) calendar days after receipt of a draft Task Order. The Task Plan shall include:

- (a) a brief description of the method and approach to accomplish the Task Order;
- (b) estimated level of effort, in LHs by labor category, required to perform the task in the period of performance specified by the Task Order. (LHs to be delivered by the Contractor shall include all reimbursable labor hours worked regardless of source, prime or authorized subcontractor);
- (c) the Contractor's cost estimate, including all travel and other travel costs, with supporting rationale to perform the Task Order; and
- (d) upon completion of negotiations, a certificate of Current Cost and Pricing Data, as required by FAR 15.403-4, shall be submitted to the Contracting Officer.

(3) Task Order Issuance. Within thirty (30) calendar days after receipt of the Task Plan, the Contracting Officer will provide either an executed Task Order, or advise the Contractor of changes required to the Task Plan. Once the Contractor and Contracting Officer have agreed on the contents of the Task Plan, the Contracting Officer will issue the Task Order, which includes the following:

- (a) Contracting Officer signature and date of order;
- (b) Contract number, CLIN, order number and SOW reference;

- (c) Description of the Task to be performed;
- (d) For LOE tasks, the maximum number of labor hours by labor category and total cost plus-fixed fee ceiling to be expended on the task; for completion tasks, the estimated labor hours and cost-plus-fixed-fee;
- (e) The period of performance for the task; and
- (f) Deliverables including applicable CDRLs.

(4) Alternate Procedure. When time will not permit the preparation of a Task Plan before commencement of work, the Contracting Officer may issue a Task Order specifying a maximum LH and estimated cost not to be exceeded pending agreement on the Task Plan.

(a) The Contractor shall begin performance promptly and submit a Task Plan within ten (10) calendar days after receipt of the Task Order.

(b) Within ten (10) calendar days after receipt of the Task Plan, the Contracting Officer will provide either a written Notice of Approval, issue an amendment to the Task Order, or advise the Contractor of changes required to the Task Plan.

(c) Until such time as a Task Plan is approved, the Contractor shall limit the expenditure of LHs and costs at a rate such that the Task Order maximum LHs and ceiling price will not be exceeded prior to the completion of the task.

c. Task Order Amendments. Task Orders normally will be amended using the standard procedures for issuing Task Orders. In emergency circumstances, Task Orders may be amended orally by the Contracting Officer; oral amendments will be confirmed by issuance of a written Task Order modification within five working days from the time of the oral communication amending the order.

d. Performance. Subject to the contract terms and conditions, and unless otherwise directed by the Contracting Officer, the Contractor shall initiate performance on new task orders promptly upon receipt of a signed Task Order. Performance of work on new task orders prior to execution of an approved Task Order is not authorized and is at the Contractor's own risk.

e. Cost and Labor Hour Limitation.

(1) The Contractor shall incur costs under this contract only in the performance of Task Orders and amendments to orders issued by the Contracting Officer. No other costs are authorized without the express written consent of the Contracting Officer.

(2) To allow the Contractor the flexibility to utilize the optimum labor mix in performing each LOE Task Order, the Contractor may, without notice to the Government, increase or decrease the approved number of hours by no more than 10% for any labor category unless otherwise stated in the Task Order. These adjustments are allowable only to the extent that the maximum LHs (LOE) and ceiling price, per CLIN, for the Task Order are not exceeded.

CLAUSES INCORPORATED BY FULL TEXT

H-05 AUTHORIZED TRAVEL AND TRAVEL COSTS AS SPECIFIED
UNDER A TRAVEL CLIN (MAY 2005)

a. Travel. All contractor travel (non-local) that is directly billed under this contract as a specific travel CLIN (other than extended commuting travel as defined under paragraph c. below) must be approved in advance in writing by the COR and by the Procuring Contracting Officer (PCO) using MDA Form 110 (dated March 2001).

b. Extended Commuting Travel.

(1) All contractor extended commuting travel under this contract must be approved by the COR AND BY THE PROCURING CONTRACTING OFFICER (PCO) using MDA Form 110 (dated March 2001). Such approval will be granted only after review and government acceptance of contractor documentation showing that extended commuting travel is the most effective means of fulfilling the government's requirements – cost and other factors considered.

(2) Extended commuting travel may be authorized for up to 90 days at a time and must be authorized in advance as stated in b. (1) above.

c. Definition: Extended Commuting Travel – travel that occurs regularly in the performance of this contract where an individual or individuals travel back and forth from their normal place, or city of employment to another location or locations over a 30 day (or longer) period.

H-06 INSURANCE (MAY 2005)

In accordance with FAR Part 28.307-2, the Contractor shall maintain the types of insurance and coverage listed below:

TYPES OF INSURANCE	MINIMUM AMOUNT
Workmen's Compensation and all occupational disease	As required by State law
Employer's Liability including all occupational disease when not covered by Workmen's Compensation above	\$100,000 per accident
General Liability (Comprehensive) Bodily Injury	\$500,000 per occurrence
Automobile Liability (Comprehensive)	
Bodily Injury per person	\$200,000
Bodily Injury per accident	\$500,000
Property Damage per accident	\$ 20,000

CLAUSES INCORPORATED BY FULL TEXT

H-07 ALTERNATE DISPUTES RESOLUTION (MAY 2005)

The Government and the Contractor will work together to ensure the success of the MDA/DAC System Engineering and Technical Assistance Bridge (SETAB) program. The parties realize, however, that disagreements and disputes may arise between them. They agree to use their best efforts to resolve all disagreements and disputes quickly, efficiently and fairly. The Government prefers to resolve all issues arising under or related to the contract by negotiation, first at the Contracting Officer level, and if unresolved, at the Program Director/Manager level. If negotiations reach an impasse, the Government and the Contractor agree to consider using one or more of the ADR processes identified in 5 USC 571. In the event either party rejects the use of ADR procedures, he will inform the other in writing of the specific reasons.

The parties agree that they will establish a written ADR process, tailored to the circumstances, before beginning ADR. Typically, the agreement will address: issues requiring resolution, authorized representatives, appointment of neutrals, audit requirements, confidentiality and duration of the ADR process, suspension of litigation, and a schedule.

This provision does not prevent either party from taking any action to preserve its rights under the Contract Disputes Act or any other statute or regulation. Agreement to this provision is not a condition for award of this contract, nor will objections to this provision be considered in evaluation for award.

CLAUSES INCORPORATED BY FULL TEXT

H-08 PUBLIC RELEASE OF INFORMATION (MAY 2005)

a. The policies and procedures outlined herein apply to information submitted by the Contractor and his subcontractors for approval for public release. Prior to public release, all information shall be cleared as shown in the "National Industrial Security Program Operations Manual" (DoD 5220.22-M). At a minimum, these materials may be technical papers, presentations, articles for publication and speeches or mass media material, such as press releases, photographs, fact sheets, advertising, posters, compact discs, videos, etc.

b. All materials which relate to the work performed by the contractor under this contract shall be submitted to MDA for review and approval prior to release to the public. Subcontractor public information materials shall be submitted for approval through the prime contractor to MDA.

c. The MDA review and approval process for contractors working under an MDA contract starts with the contracting officer's representative (COR) when they are located at the MDA National Capital Region (NCR—address same as paragraph j. below), and the contracting officer (who signed contract on cover sheet for contract award, or designated replacement) for all other contracts.

(1) The contractor shall request a copy of MDA form "Clearance Request For Public Release of Information" (.pdf format) or any superseding form from the MDA COR or contracting officer (when COR is external to MDA NCR).

(2) The contractor shall complete Blocks 1, 2, 3 and 6 of the Clearance Request form (or comply with the instructions of any superseding form) and submit it with materials to be cleared to the COR (see paragraph j. below). If the information was previously cleared, provide the Public Release Case Number if available and a copy of the previous document highlighting the updated information.

(3) The COR may affirm "public releaseability" by signing the Statement of Certification in Block 7 of the Clearance Request.

(4) The COR will forward the Clearance Request with the materials to be cleared to the MDA designated point of contact for Block 8 approval and submission of package to MDA/DC.

(5) The MDA COR or contracting officer (when COR is external to MDA NCR) will notify the contractor of the agency's final decision regarding the status of the request.

d. The contractor shall submit the following to the COR at least 60 days in advance of the proposed release date:

(1) Seven (7) copies of each item.

(2) Written statement, including:

- (a) To whom the material is to be released
- (b) Desired date for public release
- (c) Statement that the material has been reviewed and approved by officials of the contractor or the subcontractor, for public release, and
- (d) The contract number.

e. The items submitted must be complete. Photographs shall have captions.

f. Outlines, rough drafts, marked-up copy (with handwritten notes), incorrect distribution statements, FOUO information, export controlled or ITAR information will not be accepted or cleared.

g. Abstracts or abbreviated materials may be submitted if the intent is to determine the feasibility of going further in preparing a complete paper for clearance. However, clearance of abstracts or abbreviated materials does not satisfy the requirement for clearance of the entire paper.

h. The MDA Director of Communications (MDA/DC) is responsible for coordinating the public release review. MDA/DC will work directly with the COR if there are questions or concerns regarding submissions. MDA/DC will not work with contractors who have not gone through their COR.

i. Once information has been cleared for public release, it is in the public domain and shall always be used in its originally cleared context and format. Information previously cleared for public release but containing new, modified or further developed information must be submitted again for public release following the steps outlined in items a. through h. above.

j. Due to time and screening constraints, it is recommended that all "public release" packages submitted to MDA be forwarded by a commercial overnight delivery service, addressed as follows:

Missile Defense Agency/(2 letter code)
Attn: First name, Last name*
1301 Southgate Road
Arlington, VA 22202

* Insert name of COR or, if information is being forwarded by COR to MDA, insert the name of the Contracting Officer.

CLAUSES INCORPORATED BY FULL TEXT

H-09 ORGANIZATIONAL CONFLICT OF INTEREST (OCI) (MAY 2005)

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

(1) the Contractor's objectivity and judgment are not biased because of its present, or currently planned interests (financial, contractual, organizational, or otherwise) which relate to work under this contract;

(2) the Contractor does not obtain an unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources; and

(3) the Contractor does not obtain any unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: The restrictions described herein shall apply to performance or participation by the Contractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "Contractor") in the activities covered by this clause as prime Contractor, subcontractor, co-sponsor, joint venture, consultant, or in any similar capacity. The term "proprietary information" for purposes of this clause is any information considered so valuable by its owners that it is held secret by them and their licensees. Information furnished voluntarily by the owner without limitations on its use, or which is available without restrictions from other sources, is not considered proprietary.

(1) Maintenance of Objectivity: The Contractor shall be ineligible to participate in any capacity in contracts, subcontracts, or proposals thereof (solicited or unsolicited) which stem directly from the Contractor's performance of work under this contract. Furthermore, unless so directed in writing by the Contracting Officer, the Contractor shall not perform any services under this contract on any of its own products or services, or the products or services of another firm if the Contractor is, or has been, substantially involved in their development or marketing. In addition, if the Contractor under this contract prepares a complete, or essentially complete, Statement of Work (SOW)/Statement of Objectives (SOO), or other form of technical solutions, functions, requirements or specifications document, to be used, directly or indirectly, in competitive acquisitions, the Contractor shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such SOW/SOO or specifications. Nothing in this subparagraph shall preclude the Contractor from competing for follow-on contracts involving the same or similar services based on such a SOW/SOO or specification.

(2) Access To and Use of Government Information: If the Contractor, in the performance of this contract, obtains access to information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, the Contractor agrees that without prior written approval of the Contracting Officer, it shall not: (a) use such information for any private purpose; (b) compete for work based on such information for a period of one year after the completion of this contract, or until such information is released or otherwise made available to the public, whichever occurs first; (c) submit an unsolicited proposal to the Government which is based on such information until one (1) year after such information is released or otherwise made available to the public, or (d) release such information.

(3) Access To and Protection of Proprietary Information: The Contractor agrees that, to the extent it receives or is given access to proprietary data, trade secrets, or other confidential or privileged technical, business, or financial information (hereinafter referred to as "proprietary data") under this contract, it shall treat such information in accordance with any restrictions imposed on such information. The Contractor further agrees to enter into a written agreement for the protection of the proprietary data of others and to exercise diligent effort to protect such proprietary data from unauthorized use or disclosure. In addition, the Contractor shall obtain from each employee who has access to proprietary data under this contract, a written agreement which shall in substance provide that such employee shall not, during his/her employment by the Contractor or thereafter, disclose to others or use for their benefit, proprietary data received in connection with the work under this contract. The Contractor will educate its employees regarding the philosophy of Part 9.505-4 of the Federal Acquisition Regulation so that

they will not use or disclose proprietary information or data generated or acquired in the performance of this contract except as provided herein.

c. Subcontracts: The Contractor shall include this or substantially the same clause, including this paragraph, in consulting agreements and subcontracts of all tiers. The terms "Contract", "Contractor", and "Contracting Officer", will be appropriately modified to preserve the Government's rights.

d. Representations and Disclosures:

(1) The Contractor represents that it has disclosed to the Contracting Officer, prior to award, all facts relevant to the existence or potential existence of organizational conflicts of interest as that term is used in FAR Subpart 9.5. To facilitate disclosure and Contracting Officer approval, the Contractor shall complete an OCI Analysis/Disclosure Form for each MDA, Ballistic Missile Defense (BMD), and BMD-related contract or subcontract (if there is a potential conflict of interest; form shall be requested from the Procuring Contracting Officer).

(2) The Contractor represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to the Contracting Officer. This disclosure shall include a description of the action the Contractor has taken or proposes to take in order to avoid or mitigate such conflicts.

e. Remedies and Waiver:

(1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government may terminate this contract for default, disqualify the Contractor from subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, the Contractor discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Contracting Officer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government.

(2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, the Contractor may at any time seek a waiver from the Director, MDA, (via the Contracting Officer) by submitting a full written description of the requested waiver and the reasons in support thereof.

f. Modifications: Prior to contract modification, when the SOW/SOO or specification is changed to add new work or the period of performance is significantly increased, the Contracting Officer will request and the Contractor is required to submit either an organizational conflict of interest disclosure or an update of the previously submitted disclosure(s) or representation(s).

CLAUSES INCORPORATED BY FULL TEXT

H-10 ENABLING CLAUSE FOR BMD INTERFACE SUPPORT (MAY 2005)

a. It is anticipated that, during the performance of this contract, the Contractor will be required to support Technical Interface/Integration Meetings (TIMS) with other Ballistic Missile Defense (BMD) Contractors and other Government agencies. Appropriate organizational conflicts of interest clauses and additional costs, if any, will be negotiated as needed to protect the rights of the Contractor and the Government.

- b. Interface support deals with activities associated with the integration of the requirements of this contract into BMD system plans and the support of key Missile Defense Agency (MDA) program reviews.
- c. The Contractor agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, the Contractor will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between the Contractor and such entities.
- d. The Contractor further agrees to include a clause in each subcontract requiring compliance with paragraph c. above, subject to coordination with the Contractor. This agreement does not relieve the Contractor of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and such subcontractors.
- e. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct the Contractor in any manner. The Contractor agrees to accept technical direction as follows: Whenever it becomes necessary to modify the contract and redirect the effort, a change order signed by the Contracting Officer, or a supplemental agreement signed by both the Contracting Officer and the Contractor, will be issued.
- f. This clause shall not prejudice the Contractor or its subcontractors from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause or any other contract.

CLAUSES INCORPORATED BY FULL TEXT

H-11 MDA VISIT AUTHORIZATION PROCEDURES (AUG 2008)

- a. The Contractor shall submit all required visit clearances in accordance with NISPOM regulations and will forward all visit requests, identifying the contract number, to:

MDA/DTC
Bldg 5222 Martin Road
Redstone Arsenal, AL 35898
Facility ID: MDA/DTC
Phone : 256-313-9504
FAX: 256-313-9579

- b. The COR is authorized to approve visit requests for the Contracting Officer.

CLAUSES INCORPORATED BY FULL TEXT

H-12 CONTROL OF ACCESS TO MDA SPACES AND INFORMATION SYSTEMS (MAY 2005)

- a. To maintain the security of the MDA spaces and information systems, the Contractor shall notify the COR in writing whenever a prime or subcontractor employee included on the current Visit Authorization Request/Letter no longer supports this contract. This requirement shall apply to both Contractor and employee initiated termination of services and to temporary suspension of services.

b. The contractor will cooperate with COR in taking the following actions (facilitating the employee's return of all badges, keycards, and passes). Specifically, upon notification, the COR will work with the Technical Area Security Officer (TASO)/Office Security Manager (OSM) to ensure timely action to:

- (1) remove the employee from the current Visit Authorization Request/Letter;
- (2) cancel the MDA badge, keycard and Pentagon Pass issued pursuant to the Visit Authorization Request/Letter; and
- (3) terminate the MDA LAN account/access privileges.

c. The contractor shall identify the reason for and date of termination or expected period of suspension and submit the notification to the COR within five (5) working days prior to service discontinuation. For unplanned termination or suspension of services, notification shall be made on the same working day as the termination/suspension action.

CLAUSES INCORPORATED BY FULL TEXT

H-13 ACQUISITION OF FACILITIES (MAY 2005)

The Contractor agrees to provide all necessary facilities (as defined under FAR 45.301 and further defined under FAR 45.101, Definitions of Plant Equipment and Real Property) for the performance of this contract. The term facilities includes all general purpose office equipment and automated data/information processing equipment and software. Accordingly, the Contractor shall not purchase or lease facilities for the account of the Government without the express permission of the Contracting Officer. In no case shall the cost to the Government for leased facilities, acquired under this contract, exceed the constructive cost of ownership. Additionally, acquisition or lease of facilities, if approved by the Contracting Officer, shall be provided at cost, applicable burdens applied, exclusive of prime Contractor fee/profit of other profit centers or business units of the prime Contractor.

CLAUSES INCORPORATED BY FULL TEXT

H-14 KEY PERSONNEL QUALIFICATIONS (MAY 2005) (Modified July 2008)

- a. The Contractor shall promptly notify the Contracting Officer and Contracting Officer's Representative prior to making any changes in key staff. If replacing key staff the Contractor shall adhere to the following: (1) replacement person's qualifications are equal to or better than the qualifications of the person being replaced (labor category descriptions are included in Attachment 2. Key staff positions are defined as: to be identified in each individual Task Order.
- b. This clause does not, in any way, abrogate the contractor's authority to hire or assign personnel as it sees fit, or its responsibility to fill key positions with qualified personnel.

CLAUSES INCORPORATED BY FULL TEXT

H-15 EXERCISE OF OPTIONS (MAY 2005)

Any option under this contract shall be exercised by a unilateral contract modification signed by the Contracting Officer. Specific contract line items or sub-line items delineating a description of the supplies or services, quantity requirements, and a corresponding delivery schedule for the exercised options shall be identified in the unilateral contract modification. The Government may exercise from time to time, either in whole or in part, some or all the option line items. An option shall be exercised by issuance, within 30 days prior to the end of the current contract period, of a unilateral modification for the subsequent option requirements.

CLAUSES INCORPORATED BY FULL TEXT

H-16 CONTRACTOR ACCESS TO PLANNING, PROGRAMMING, BUDGETING AND EXECUTION (PPBE) DATA (MAY 2005)

a. In order to perform the requirements of this contract, the Contractor shall be required to receive, review, analyze, and prepare (hereinafter shall be referred to as "process") reports/data which contain Government Planning, Programming, Budgeting, and Execution (PPBE) data. However, the Missile Defense Agency is authorized to release PPBE data to the Contractor only after compliance with the provisions of this clause has been met. Additionally, the Contractor is also required to comply with the provisions of MDA Directive 7045.01, "Contractor Access to Planning, Programming, Budgeting, and Execution (PPBE) Data" where applicable.

b. The prime Contractor shall provide the following information to the Contracting Officer within fifteen (15) days from the date of this contract:

(1) Affiliates (parent company, subsidiaries, joint ventures, and partnerships, etc.):

- (a) Company's name and complete address;
- (b) Affiliation; and
- (c) Nature of the company's business.

(2) Agents, consultants, and subcontractors related to this contract:

- (a) Company's name and complete address;
- (b) Relationship; and
- (c) Nature of the company's business.

The Contracting Officer shall be immediately notified in writing in the event of any changes in b (1) or (2) above throughout the performance of this contract. With regard to competing on future MDA procurements, the Contractor must abide by the Organizational Conflict of Interest provisions of this contract.

c. PPBE data is defined as: Current or future Planning, Programming, Budgeting and Execution (PPBE) data regarding any activity relating to the MDA Program or any of its projects regardless of the funding source or date of the document.

- (1) Planning data defines the national military strategy; integrates the military forces necessary to accomplish that strategy; prioritizes the resources for effectively accomplishing the mission; and provides decision options.

- (2) Programming data reflects the systematic analysis of missions and objectives to be achieved, alternative methods, and effective allocation of limited resources.
- (3) Budgeting data are detailed financial estimates of the MDA Program or any of its related projects.
- (4) Execution data relates to the recording of expenditures that document how the funds were spent.

d. The following list of documents (which is exemplary but not all inclusive) obtained from DoD Directive 7045.14, "The Planning, Programming and Budgeting System (PPBS)", May 22, 1984 and other sources are considered PPBE documents:

(1) PLANNING

- (a) Strategic Planning Guidance (SPG)
- (b) Fiscal Guidance (when separate from SPG or Joint Planning Guidance)
- (c) Directors' Intent
- (d) Technical Planning Guide

(2) PROGRAMING

- (a) Program Objective Memoranda (POM)
- (b) Joint Programming Guidance (JPG)
- (c) Future Year Defense Program (FYDP) documents (POM Defense Program, Procurement & RDT&E Annexes)
- (d) Program Change Proposals (PCPs)
- (e) POM Issue Papers
- (f) Proposed Program Reductions (Or Program Offsets)
- (g) Tentative Issue Decision Memoranda
- (h) Program Decision Memoranda

(3) BUDGETING

- (a) Future Year Defense Program (FYDP) documents for September Budget Estimate Submission (BES) & President's BES including Procurement (P-1), RDT&E (R-1), & Construction (C-1) Program Annexes
- (b) Financial Control Board (FCB) Documentation
- (c) Classified P-1, R-1, & C-1 Program Annexes
- (d) Program Budget Decisions/Defense Management Review Decisions/Management Initiative Directives (MID)
- (e) Reports Generated by the Comptroller Information System (CIS)
- (f) Budget Change Proposals (BCPs)

(4) EXECUTION

- (a) DD Form 1414 Base for Reprogramming
- (b) DD Form 1416 Report of Programs
- (c) Contract Award Reports
- (d) DD COMP (M) 1002 Appropriation Status by Fiscal Year Program
- (e) FCB Execution Review Documentation

e. The Contractor shall be responsible for informing its personnel (hereinafter includes persons employed by the Contractor as an agent, consultant, or subcontractor) of the provisions of this clause and providing original MDA PPBE certifications "PPBE Non-Disclosure Agreements" (MDA Form 99) attached to the Contracting Officer

within fifteen (15) days after the award of this contract. A "PPBE Non-Disclosure Agreement" shall be obtained from each Contractor employee involved in the performance of this contract that requires access to such data. Each individual shall be required to agree to:

- (1) Read and comply with the applicable provisions of this clause, the non-disclosure agreement, and the provisions of MDA Directive 7045.01
- (2) Handle PPBE data as for official use only.
- (3) Ensure PPBE data entrusted to them will ONLY be used in accordance with applicable MDA governing regulations, for the purpose for which it was provided, and within the scope of the Statement of Work.
- (4) Not divulge PPBE data (obtained directly or indirectly in the performance of this contract unless directed by the Contracting Officer) to any individual, except to Government personnel whom they know to have a "need-to-know" and non-Government person(s) whom they know to have MDA PPBE authorization. Even though data becomes part of the public domain, contractor personnel are bound by the provisions of this clause not to confirm or deny questions regarding PPBE data. Inquiries by unauthorized persons should be referred to the Contracting Officer's Representative or the Contracting Officer. (Verification of contractor personnel authorized access to PPBE data can be obtained only from the Contracting Officer.)
- (5) Not transport (by any medium), maintain, or process PPBE data outside a Government facility unless the removal or preparation of such data at the facility is accomplished in accordance with a company's facility plan approved by MDA. (Verification of MDA PPBE-approved contractor facilities and individuals can be obtained from the Contracting Officer.) Authorization to transport PPBE data shall be provided by the Contracting Officer.
- (6) Notify the Contracting Officer promptly if any non-Government person(s) or company(s) requests access to PPBE data.

f. The Contractor shall be responsible for immediately notifying the Contracting Officer in writing of any changes in its personnel with access to PPBE data, such as departures, new employees, or employees who no longer need access to such data under this contract.

g. Contractor personnel who have been granted access to PPBE data shall process, when possible, such data in Government workspaces using equipment furnished by the Government. However, if a contractor anticipates processing PPBE data in a Government facility on Contractor-owned equipment, prior written approval from the Contracting Officer must be obtained. The Contractor's written request should describe the equipment being used and a brief justification. After approval by the Contracting Officer, the request must be endorsed by the appropriate MDA office before bringing the equipment into the facility:

- (1) Information Systems Directorate - all ADP equipment.
- (2) Resources Management Facilities Logistics Directorate - all other equipment, such as telefax and reproduction machines, tables, chairs, and mobile and permanent white boards.

h. Processing PPBE data at the Contractor's facility shall be performed only when absolutely essential and processing in Government workspaces is impractical. Prior to the processing of any such data outside of a Government facility or removal of PPBE data from a Government facility, the Contractor shall submit a written plan to the Contracting Officer outlining the procedures for maintaining and safeguarding such data at its facility. The Contractor shall submit its own plan or a plan which meets the general requirements identified in MDA Directive 7045.01. The plan shall be approved in writing by the Contracting Officer prior to removal of any PPBE

data from a Government facility or the processing of any such data in the contractor's facility. A Contractor may submit a separate plan for each of its facilities that need to maintain such data or one plan as long as any differences between the procedures followed at each facility are clearly distinguishable in the plan. If an agent, consultant, or subcontractor requires the processing of PPBE data at its facility(s), they also must submit a separate facility plan through the prime Contractor for approval by the Contracting Officer.

NOTE: A plan is not required for Contractor personnel who have been given prior access to PPBE data to transport, process, or maintain such data at a Government or an MDA-approved contractor facility. (Verification of MDA approved Contractor facilities and authorized personnel can be obtained only from the Contracting Officer.)

- i. If the Contractor is not required to process PPBE data at its facility(s), the contractor shall inventory all Government documents in its possession. The contractor shall notify the Contracting Officer in writing of such documents and request the method of document disposal. If the requirement to process such data at the contractor's facility(s) changes in the future, compliance with paragraph h above shall be required.
- j. The Contractor shall provide training for all employees who require access to PPBE data on the proper handling and disclosure of such data. The contractor shall be responsible for ensuring that persons in their employment that have been granted access to PPBE data understand the consequences of divulging such data. Revealing PPBE data to unauthorized persons may provide other companies with an unfair advantage in future competitions or jeopardize national security interests.
- k. In the event the Contractor or any of its employees, agents, subcontractor employees, or consultants fail to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the contract for which the Government reserves the right to terminate the contract for default and/or resort to such other rights and remedies, as provided for under this contract or under Federal laws. Noncompliance with the provisions of this clause may also adversely affect the evaluation of a Contractor's reliability in future acquisitions.

H-19 INHERENTLY GOVERNMENTAL FUNCTIONS (MAY 2005)

- a. An inherently governmental function is a function that is so intimately related to the public interest as to mandate performance by Government employees. These functions include those activities that require either the exercise of discretion or the making of value judgments in making decisions for the Government. The Contractor is not an agent or a representative of MDA and shall not assume these roles. While the Contractor may be required to visit other governmental agencies or Contractors to obtain information for MDA, such work shall be under the guidance of the Contracting Officer's Representative (COR). Fact-finding involving foreign governments and necessarily U.S. relations with those governments shall not be performed by the Contractor.
- b. The Contractor shall ensure that its employees performing under this contract have read and understand Office of Federal Procurement Policy Letter 92-1, dated September 23, 1992, on this subject. In the event the Contractor is concerned that work requested of it violates the Policy Letter 92-1, it shall immediately inform the Contracting Officer.

H-20 SENSITIVE INFORMATION TECHNOLOGY WORK (MAY 2005)

DOD 5200.2-R, DOD Personnel Security Program, requires Contractor personnel, who perform work on sensitive Information Technology (IT) systems, to be assigned to positions which are designated at one of three sensitivity levels (IT-I, IT-II or IT-III). These designations equate to Critical Sensitive, Non-Critical Sensitive, and

Non-Sensitive. Working On-Site in any MDA Facility requires a minimum Sensitivity of IT-II. The following investigations are required:

- IT-I designated positions require a Single Scope Background Investigation (SSBI).
- IT-II designated positions require a National Agency Check with Law and Credit (NACLC).
- IT-III positions associated with MDA are found only at contractor's facilities. See below for requirement.

The required investigation will be completed prior to the assignment of individuals to sensitive duties associated with the position.

For IT-III positions at the Contractor's facility, the Contractor will forward their employee information (completed SF 85P, Questionnaire for Positions of Public Trust), and two (2) DD Forms 258 (Fingerprint cards) either electronically or on magnetic media to: Organizational Security Division (MDS/SISO); ATTN: Personnel Security, 7100 Defense Pentagon, Washington, DC 20301-7100.

MDA retains the right to request removal of Contractor personnel, regardless of prior clearance or adjudication status, whose actions, while assigned to this contract, clearly conflict with the interests of the Government. The reason for removal will be fully documented in writing by the Contracting Officer. When and if such removal occurs, the Contractor will within 30 working days assign qualified personnel to any vacancy(ies) thus created.

H-22 SMALL BUSINESS PARTICIPATION REPORTING REQUIREMENT (MAY 2005)

a. In order to assist MDA in collecting information regarding small business participation in MDA contracts and orders, the Contractor (regardless of whether a small or large business) shall submit the following reports:

(1) Standard Form 294, Subcontracting Report for Individual Contracts. This report shall be submitted semi-annually and at contract completion to the Director, Small Business (SB), MDA. The report covers subcontract award data related to this contract/order.

(2) Standard Form 295, Summary Subcontract Report. This report encompasses all of the contracts with the awarding agency. It must be submitted semi-annually to the Director, SB, MDA. If the reporting activity is covered by a commercial plan, the reporting activity must report annually all subcontract awards under that plan. All reports submitted at the close of each fiscal year (both individual and commercial plans) shall include a breakout, in the Contractor's format, of subcontract awards, in whole dollars, to small disadvantaged business concerns by North American Industry Classification System (NAICS) Industry Subsector.

b. Please annotate the method by which you plan to provide your submission.

- (1) ___ Electronic format through the following website: www.mdasmallbusiness.com
- (2) ___ Hardcopy mailed to:

Director, Small Business Missile Defense Agency (SB)
7100 Defense Pentagon
Washington, DC 20301-7100

H-23 CONTRACTOR EMPLOYEE OUT-PROCESSING (MAY 2005)

Prior to the departure of on-site contractor employees, the departing employee shall complete an out-processing checklist for MDA on-site contractor employees as required by MDA Directive Number 5000.01, and return the completed checklist, with all required signatures, to the cognizant Contracting Officer's Representative (COR). The COR will provide the completed form to the Contracting Officer to be retained in the official contract file by the Contracting Officer.

H-25 ACQ OMBUDSMAN

H-25 ACQUISITION OMBUDSMAN (DEC 2007)

The MDA Acquisition Ombudsman is Mr. David Altwegg, Executive Director of the Agency. Government and contractor personnel may directly contact Mr. Altwegg to ask that he inquire into any acquisition integrity issue and resolve it appropriately. Mr. Altwegg will assist in handling integrity, fairness or other issues associated with individual contracts, source selections, award fee recommendations, and negotiations. His objective is to help MDA ensure that our processes, and their implementation, are fair, unbiased and consistent. You may contact Mr. Altwegg at 703-697-7691, or e-mail: David.Altwegg@mda.mil.

(End of Clause)

H-26 ACCESS TO MDA COMPUTER

H-26 ACCESS TO MISSILE DEFENSE AGENCY COMPUTER SYSTEMS

Access to Missile Defense Agency computer systems (stand alone or networked) during performance of this contract requires compliance with all MDA information technology regulations and guidance. Access requires, at a minimum, a National Agency Check or Entrance National Agency Check in accordance with DoD 5200.2-R, Personal Security Program. You must be able to complete agency checks on your employees and be in compliance on the first day of contract performance.

(End of Clause)

H-27 WORK ON GOV'T PREMISES

H-27 WORK ON GOVERNMENT PREMISES

1. Any work performed by the Contractor or any of its subcontractors on premises under Government control is subject to all requirements of this contract governing such work, and the following:

(a) All contractor and subcontractor personnel shall, at all times, conspicuously display a distinctive badge provided by the Contractor, identifying such personnel as employees of the Contractor and shall observe and otherwise be subject to such security regulations as are in effect for the particular premises involved.

(b) All Contractor and subcontractor personnel shall be easily recognized by wearing Government provided security badges while working at MDA.

(c) The Contractor shall provide direct supervision of its own employees and shall not supervise or accept supervision from any Government personnel.

2. The Contractor shall designate, in writing to the Contracting Officer or their duly authorized representative, an on-the-premises representative to serve as the Contractor point of contact.

CLAUSES INCORPORATED BY FULL TEXT

52.216-18 ORDERING. (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from date of contract award through 24 months from date of contract award.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of clause)

52.216-19 ORDER LIMITATIONS. (OCT 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than \$1000.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor:

(1) Any order for a single item in excess of \$100,000,000.00;

(2) Any order for a combination of items in excess of \$200,000,000.00; or

(3) A series of orders from the same ordering office within 2 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 5 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the

reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

52.216-22 INDEFINITE QUANTITY. (OCT 1995)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum". The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum".

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 30 months from the effective date of the contract.

(End of clause)

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days from the expiration of the contract period of performance or task order period of performance, whichever is later.

(End of clause)

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 15 days of the expiration of the contract; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 30 months.

(End of clause)

52.232-19 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond: to be identified on each individual task order. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond: to be identified on each individual task order, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

www.farsite.hill.af.mil

(End of clause)

52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Defense Federal Acquisition Regulation Supplement, (48 CFR 2) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

CLASS DEVIATION 2007-O0010

CONTRACTOR PERSONNEL IN THE UNITED STATES CENTRAL COMMAND AREA OF RESPONSIBILITY (DEVIATION 2007-O0010)

(a) *Definitions.* As used in this clause—

“Chief of mission” means the principal officer in charge of a diplomatic mission of the United States or of a United States office abroad which is designated by the Secretary of State as diplomatic in nature, including any individual assigned under section 502(c) of the Foreign Service Act of 1980 (Public Law 96-465) to be temporarily in charge of such a mission or office.

“Combatant commander” means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

(b) *General.* (1) This clause applies when contractor personnel are required to perform in the United States Central Command (USCENTCOM) Area of Responsibility (AOR), and are not covered by the clause at DFARS 252.225-7040, Contractor Personnel Authorized to Accompany U.S. Armed Forces Deployed Outside the United States.

(2) Contract performance may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) Contractor personnel are civilians.

(i) Except as provided in paragraph (b)(3)(ii) of this clause, and in accordance with paragraph (i)(3) of this clause, contractor personnel are only authorized to use deadly force in self defense.

(ii) Contractor personnel performing security functions are also authorized to use deadly force when use of such force reasonably appears necessary to execute their security mission to protect assets/persons, consistent with the terms and conditions contained in the contract or with their job description and terms of employment.

(4) Service performed by contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.* Unless specified elsewhere in the contract, the Contractor is responsible for all logistical and security support required for contractor personnel engaged in this contract.

(d) *Compliance with laws and regulations.* The Contractor shall comply with, and shall ensure that its personnel in the USCENTCOM AOR are familiar with and comply with, all applicable—

(1) United States, host country, and third country national laws;

(2) Treaties and international agreements;

(3) United States regulations, directives, instructions, policies, and procedures; and

(4) Force protection, security, health, or safety orders, directives, and instructions issued by the Combatant Commander; however, only the Contracting Officer is authorized to modify the terms and conditions of the contract.

(e) *Preliminary personnel requirements.* (1) Specific requirements for paragraphs (e)(2)(i) through (e)(2)(vi) of this clause will be set forth in the statement of work, or elsewhere in the contract.

(2) Before contractor personnel depart from the United States or a third country, and before contractor personnel residing in the host country begin contract performance in the USCENTCOM AOR, the Contractor shall ensure the following:

(i) All required security and background checks are complete and acceptable.

(ii) All personnel are medically and physically fit and have received all required vaccinations.

(iii) All personnel have all necessary passports, visas, entry permits, and other documents required for contractor personnel to enter and exit the foreign country, including those required for in-transit countries.

(iv) All personnel have received theater clearance, if required by the Combatant

Commander.

(v) All personnel have received personal security training. The training must at a minimum—

- (A) Cover safety and security issues facing employees overseas;
- (B) Identify safety and security contingency planning activities; and
- (C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract. Isolated personnel are military or civilian personnel separated from their unit or organization in an environment requiring them to survive, evade, or escape while awaiting rescue or recovery.

(vii) All personnel who are U.S. citizens are registered with the U.S. Embassy or Consulate with jurisdiction over the area of operations on-line at <http://www.travel.state.gov>.

(3) The Contractor shall notify all personnel who are not a local national or ordinarily resident in the host country that—

(i) Such employees, and dependents residing with such employees, who engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States (see the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3261 *et seq.*);³

(ii) Pursuant to the War Crimes Act, 18 U.S.C. 2441, Federal criminal jurisdiction also extends to conduct that is determined to constitute a violation of the law of war when committed by a civilian national of the United States;

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of United States diplomatic, consular, military or other Government missions outside the United States (18 U.S.C. 7(9)).

(f) *Processing and departure points.* The Contractor shall require its personnel who are arriving from outside the area of performance to perform in the USCENTCOM AOR to—

(1) Process through the departure center designated in the contract or complete another process as directed by the Contracting Officer;

(2) Use a specific point of departure and transportation mode as directed by the Contracting Officer; and

(3) Process through a reception center as designated by the Contracting Officer upon arrival at the place of performance.

(g) *Personnel data.* (1) The Contractor shall enter, before deployment, or if already in the USCENTCOM AOR, enter upon becoming an employee under this contract, and maintain current data, including departure date, for all contractor personnel, including U.S. citizens, U.S. legal aliens, third country nationals, and local national contractor personnel, who are performing this contract in the USCENTCOM AOR. This requirement excludes—

- Personnel hired under contracts for which the period of performance is less than 30 days; and
- Embarked contractor personnel, while afloat, that are tracked by the Diary Message Reporting System.

(2) The automated web-based system to use for this effort is the Synchronized Predeployment and Operational Tracker (SPOT). Follow these steps to register in and use SPOT:

(i) SPOT registration can be accomplished by either a Common Access Card or through an Army Knowledge Online (AKO) account.

(ii) In order to obtain an AKO account, the Contractor shall—

(A) Request the Contracting Officer or other Government point of contract to sponsor its AKO guest account;

(B) Go to <http://www.us.army.mil>;

(C) Enter the AKO sponsor username; and

(D) After AKO registration, contact the sponsor to confirm registration.

(iii) *Registration in SPOT.*

(A) Register for a SPOT account at <https://iel.kc.us.army.mil/spotregistration/>.

(B) The customer support team must validate user need. This process may take 2 business days. Company supervisors will be contacted to determine the appropriate level of user access.

(iv) *Access to SPOT.* Upon approval, all users will access SPOT at <https://iel.kc.us.army.mil/spotracker>.

(v) *SPOT Questions.* Refer SPOT application assistance questions to the Customer Support Team at 717-506-1358 or SPOT@technisource.com.

(3) The Contractor shall ensure that all employees in the database have a current DD Form 93, Record of Emergency Data Card, on file with both the Contractor and the designated Government official. The Contracting Officer will inform the Contractor of the Government official designated to receive the data card.

(h) *Contractor personnel.* The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any contractor personnel who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including termination for default or cause.

(i) *Weapons.* (1) If the Contracting Officer, subject to the approval of the Combatant Commander, authorizes the carrying of weapons—

(i) The Contracting Officer may authorize an approved Contractor to issue Contractor owned weapons and ammunition to specified employees; or

(ii) The _____ [*Contracting Officer to specify individual, e.g. Contracting Officer Representative, Regional Security Officer, etc.*] may issue Government-furnished weapons and ammunition to the Contractor for issuance to specified contractor employees.

(2) The Contractor shall provide to the Contracting Officer a specific list of personnel for whom authorization to carry a weapon is requested.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons—

(i) Are adequately trained to carry and use them—

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander; and

(C) In compliance with applicable Department of Defense and agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by 18 U.S.C. 922; and

(iii) Adhere to all guidance and orders issued by the Combatant Commander regarding possession, use, safety, and accountability of weapons and ammunition.

(4) Upon revocation by the Contracting Officer of the Contractor's authorization to possess weapons, the Contractor shall ensure that all Government-furnished weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(5) Whether or not weapons are Government-furnished, all liability for the use of any weapon by contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(j) *Vehicle or equipment licenses.* Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the area of performance.

(k) *Military clothing and protective equipment.* (1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized by the Combatant Commander. If authorized to wear military clothing, contractor personnel must wear distinctive patches, arm bands, nametags, or headgear, in order to be distinguishable from military personnel, consistent with force protection measures.

(2) Contractor personnel may wear specific items required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(l) *Evacuation.* (1) If the Chief of Mission or Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide to United States and third country national contractor personnel the level of assistance provided to private United States citizens.

(2) In the event of a non-mandatory evacuation order, the Contractor shall maintain personnel on location sufficient to meet contractual obligations unless instructed to evacuate by the Contracting Officer.

(m) *Personnel recovery.* In the case of isolated, missing, detained, captured or abducted contractor personnel, the Government will assist in personnel recovery actions in accordance with DoD Directive 2310.2, Personnel Recovery.

(n) *Notification and return of personal effects.* (1) The Contractor shall be responsible for notification of the employee-designated next of kin, and notification as soon as possible to the U.S. Consul responsible for the area in which the event occurred, if the employee—

(i) Dies;

(ii) Requires evacuation due to an injury; or

(iii) Is isolated, missing, detained, captured, or abducted.

(2) The Contractor shall also be responsible for the return of all personal effects of deceased or missing contractor personnel, if appropriate, to next of kin.

(o) *Mortuary affairs.* Mortuary affairs for contractor personnel who die in the area of performance will be handled in accordance with DoD Directive 1300.22, Mortuary Affairs Policy.

(p) *Changes.* In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph shall be subject to the provisions of the Changes clause of this contract.

(q) *Subcontracts.* The Contractor shall incorporate the substance of this clause, including this paragraph (q), in all subcontracts that require subcontractor personnel to perform in the USCENTCOM AOR.
(End of clause)

52.204-8 ANNUAL REPRESENTATIONS AND CERTIFICATIONS (JAN 2006)

(a)(1) The North American Industry Classification System (NAICS) code for this acquisition is 541712.

(2) The small business size standard is 1000 employees.

(3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(b)(1) If the clause at 52.204-7, Central Contractor Registration, is included in this solicitation, paragraph (c) of this provision applies.

(2) If the clause at 52.204-7 is not included in this solicitation, and the offeror is currently registered in CCR, and has completed the ORCA electronically, the offeror may choose to use paragraph (b) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The offeror shall indicate which option applies by checking one of the following boxes:

☐ Paragraph (c) applies.

☐ Paragraph (c) does not apply and the offeror has completed the individual representations and certifications in the solicitation.

(c) The offeror has completed the annual representations and certifications electronically via the Online Representations and Certifications Application (ORCA) website at <http://orca.bpn.gov>. After reviewing the ORCA database information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [offeror to insert changes, identifying change by clause number, title, date]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR Clause	Title	Date	Change
-----	-----	-----	-----
-----	-----	-----	-----

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted on ORCA.

252.225-7000 BUY AMERICAN ACT--BALANCE OF PAYMENTS PROGRAM CERTIFICATE (JUN 2005)

(a) Definitions. Domestic end product, foreign end product, qualifying country, qualifying country end product, and United States have the meanings given in the Buy American Act and Balance of Payments Program clause of this solicitation.

(b) Evaluation. The Government--

(1) Will evaluate offers in accordance with the policies and procedures of Part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) Will evaluate offers of qualifying country end products without regard to the restrictions of the Buy American Act or the Balance of Payments Program.

(c) Certifications and identification of country of origin.

(1) For all line items subject to the Buy American Act and Balance of Payments Program clause of this solicitation, the offeror certifies that--

(i) Each end product, except those listed in paragraph (c)(2) or (3) of this provision, is a domestic end product; and

(ii) Components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

(2) The offeror certifies that the following end products are qualifying country end products:

(Line Item Number Country of Origin)

(Country of Origin)

(3) The following end products are other foreign end products:

(Line Item Number)

(Country of Origin) (If known)

(End of provision)

252.247-7022 REPRESENTATION OF EXTENT OF TRANSPORTATION BY SEA (AUG 1992)

(a) The Offeror shall indicate by checking the appropriate blank in paragraph (b) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term supplies is defined in the Transportation of Supplies by Sea clause of this solicitation.

(b) Representation. The Offeror represents that it:

____ (1) Does anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

____ (2) Does not anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

(c) Any contract resulting from this solicitation will include the Transportation of Supplies by Sea clause. If the Offeror represents that it will not use ocean transportation, the resulting contract will also include the Defense FAR Supplement clause at 252.247-7024, Notification of Transportation of Supplies by Sea.

(End of provision)

MDA LOCAL K CLAUSESK-02 CONTRACTOR POINT OF CONTACT FOR ELECTRONIC DOCUMENT ACCESS (EDA)
(MAY 2005)

DoD Electronic Document Access (EDA) facilitates information sharing among DoD communities and provides secure access to single-source DoD official documents to authorized registered users. EDA combines Internet and Web technologies with electronic document management to eliminate paper copies.

All offerors are hereby notified that contract distribution will be performed electronically on subject contract via the EDA website located at: <http://eda.ogden.disa.mil>. Upon posting, an electronic notification will automatically be forwarded to the appointed POC. There will no longer be hard copy paper distribution of contract documentation and payment of contract invoices.

Access to the EDA website is restricted to registered users. All offerors must provide a company-appointed EDA point of contact (POC) and alternate EDA POC, if possible.

(1) Name of Company EDA POC: _____

E-Mail Address: _____

Telephone Number: _____

(2) Name of Company Alternate EDA POC: _____

E-Mail Address for Alternate EDA POC: _____

Telephone Number for Alternate EDA POC: _____

The above POCs must both register on-line to become EDA partners. Instructions on becoming an EDA partner are identified at the above website. To eliminate registration delays, please refer to the on-line Vendor/Contractor Registration Instructions at the EDA website for registration. Once at the website you can either "proceed" if you have already registered in the EDA system, or utilize "register" if you are a new user.

K-03 CONTRACT AUDIT (MAY 2005)

Designate below the Offeror's personnel whom the Government may contact for prompt action on matters pertaining to contract audits:

NAME: _____
 TITLE: _____
 TELEPHONE NO.: _____
 (including area code and extension)

K-04 CONTRACT ADMINISTRATION (MAY 2005)

Designate below the Offeror's personnel whom the Government may contact for prompt action on matters pertaining to administration of the contract.

NAME: _____
 TITLE: _____
 TELEPHONE NO.: _____
 (including area code and extension)

K-05 IDENTIFICATION OF CONGRESSIONAL DISTRICT(S) (MAY 2005)

The Offeror is requested to provide the U.S. Congressional District number and other pertinent information associated therewith for the areas given below:

(Note - continuation sheets may be used if adequate space is not available in the spaces set forth below.)

- a. U.S. Congressional District for the Contractor.

_____.

- b. Corporate Office, if different from paragraph a. above.:

U.S. Congressional District for this office

_____.

c. If the location for contractor performance is different from the addresses in (a) and (b), then the applicable U.S Congressional District for the performance location is _____.

d. First Tier Subcontractors:

(1) Address used for subcontractor's proposal:

Name: _____

Address: _____

U.S. Congressional District for this office _____

(2) If subcontractor's place of performance is different than provided in Block d.(1) above:

Address: _____

U.S. Congressional District for this office _____
