G-01 CONTRACT ADMINISTRATION (MAY 2005)

Notwithstanding the Contractor's responsibility for total management during the performance of this contract, the administration of the contract will require maximum coordination between the Government and the Contractor. The following individuals will be the Government points of contact during the performance of this contract:

(a) CONTRACTING OFFICERS

All contract administration will be effected by the Procuring Contracting Officer (PCO) or designated Administrative Contracting Officer (ACO). Communication pertaining to the contract administration should be addressed to the Contracting Officer. Contract administration functions (see FAR 42.302 and DFARS 242.302) are assigned to the cognizant contract administration office. No changes, deviations, or waivers shall be effective without a modification of the contract executed by the Contracting Officer or his duly authorized representative authorizing such changes, deviations, or waivers.

The point of contact for all contractual matters is:

Name: John B. Richardson
Organizational Code: MDA/CTS
Telephone Number: (703) 882-6431
E-Mail Address: Barry.Richardson@mda.mil

(b) CONTRACTING OFFICER'S REPRESENTATIVE

The Contracting Officer's Representative (COR) is not authorized to change any of the terms and conditions of the contract. The Contractor is advised that only the Contracting Officer can change or modify the contract terms or take any other action which obligates the Government. Then, such action must be set forth in a formal modification to the contract. The authority of the COR is strictly limited to him/her, without redelegation, to the specific duties set forth in his/her letter of appointment, a copy of which is furnished to the Contractor. Contractors who rely on direction from other than the Contracting Officer or a COR acting outside the strict limits of his/her responsibilities as set forth in his/her letter of appointment do so at their own risk and expense. Such actions do not bind the Government contractually. Any contractual questions shall be directed to the Contracting Officer.

The COR under this contract is:

Name: Karen Beveridge
Organizational Code: MDA/CTR
Telephone Number: (703) 882-6629
E-Mail Address: Karen.Beveridge@mda.mil

(c) The Contracting Officer shall provide the following contractor information for the EDA POC and contract administration, and make it a part of Contract Administration for the contract. In addition, the contractor shall update this information, when necessary, after contract award.

Name of Company EDA POC:

E-Mail Address:

Telephone No.:

The point of contact on matters pertaining to contract audits is as follows:

Telephone No.:

G-02 IDENTIFICATION OF CORRESPONDENCE (MAY 2005)

All correspondence and data submitted by the Contractor under this contract shall reference the contract number.

G-03 REMITTANCE ADDRESS (MAY 2005)

The following information is provided pursuant to FAR 52.232-33, "Payment by Electronic Funds Transfer - Central Contractor Registration," Contract Section I (if applicable):

G-04 PATENT INFORMATION (MAY 2005)

Patent information, in accordance with FAR 52.227-11, "Patent Rights -- Retention by the Contractor (Short Form)," or FAR 52.227-12, "Patent Rights -- Retention by the Contractor (Long Form)," shall be forwarded through the Procuring Contracting Officer to:

Office of the Secretary of Defense
Missile Defense Agency, MDA/GC
7100 Defense Pentagon
Washington, DC 20301-7100

**G-05 SUBMISSION OF PAYMENT REQUESTS USING WIDE AREA
WORK FLOW - RECEIPT AND ACCEPTANCE (WAWF-RA) (JUN 2005)****a. Requirement for Electronic Payment Requests by WAWF-RA**

1. The Contractor shall submit all payment requests electronically in accordance with FAR Part 32. As prescribed in DFARS clause 252.232-7003, Electronic Submission of Payment Requests, contractors shall submit all payment requests in electronic form unless the exception in the DFARS clause applies. Paper copies will no longer be processed for payment.

2. To facilitate electronic submission, contractors shall submit all payment requests through the Wide Area Work Flow-Receipt and Acceptance (WAWF-RA) System at <https://wawf.eb.mil> using the appropriate Service Acceptor's DoDAAC (MDA's (NCR) is HQ0006; JNIC is H95001). When using WAWF-RA, the contractor will inform the Contracting Officer's Representative (COR) or designee via e-mail that a WAWF document has been submitted for approval.

3. In accordance with Appendix F of the DFARS, at the time of each delivery of supplies or services under this contract, the contractor shall prepare and furnish to the Government the WAWF-RA electronic form in lieu of a paper copy Material Inspection and Receiving Report (MIRR), DD Form 250.

4. When requesting final payment, the Contractor must establish compliance with all terms of the contract by submitting a Final Receiving Report through WAWF-RA, or Letter of Transmittal, as applicable.

5. The WAWF Training Links are located on the Internet at <https://wawf.eb.mil> under "About WAWF".

6. Questions regarding the use of the system are to be directed to the WAWF Help Desk:

FAX DSN: 388-7453
cscassig@ogden.disa.mil

b. Submission of Invoices under Fixed Price Type Contracts

1. "Invoice" as used in this paragraph does not include the contractor's requests for progress payments.
2. The use of WAWF-RA electronic form and invoice are in accordance with DFARS Appendix F.
3. In addition to the requirements of the Prompt Payment clause of the contract, the contractor shall cite on each invoice the contract line item (CLIN); the contract subline item number (SUBCLIN), if applicable; the accounting classification reference number (ACRN), and the payment terms.
4. The contractor shall prepare either:

_____ a separate invoice for each activity designated to receive the supplies or services or
_____ a consolidated invoice covering all shipments delivered under an individual order.
5. If acceptance is at origin, the contractor shall submit the WAWF-RA electronic form or other acceptance verification directly to the designated payment office.
6. If acceptance is at destination, the consignee will forward acceptance verification to the designated payment office.

c. Submission of Vouchers under Time and Materials and Cost Type Contracts

1. Contractors approved under the Defense Contract Audit Agency's (DCAA) direct billing program may submit the first and subsequent interim vouchers directly to the disbursing office. Contractors participating in the direct billing program must provide a copy of the first interim voucher to the cognizant DCAA office within 5 days of its submission to the disbursing office.
2. Upon written notification to the contractor, DCAA may rescind the direct submission authority. Upon receipt of the notice to rescind the direct submission authority, the contractor will immediately begin to submit invoices for the affected contracts to DCAA.
3. When authorized by the DCAA in accordance with DFARS 242.803(b)(i)(C), the contractor may submit interim payment requests. Such authorization does not extend to the first and final vouchers. Vouchers requesting interim payments shall be submitted no more than once every two weeks. For indefinite delivery type contracts, interim payment requests shall be submitted no more than once every two weeks for each delivery order. There shall be a lapse of no more than 90 calendar days between performance and submission of an interim payment request.
4. The contractor agrees to segregate costs incurred under this contract at the level of performance, either task or subtask, or CLIN or SUBCLIN, rather than on a total contract basis, and to submit vouchers reflecting costs incurred at that level. Vouchers shall contain summaries of work charged during the period covered, as well as overall cumulative summaries for all work invoiced to date, by line item, subline item, task or subtask. Delivery orders will be segregated by individual order.
5. The contractor shall submit the final voucher to the cognizant DCAA office and ACO, if applicable.

G-06 ALLOTMENT OF FUNDS (MAY 2005)

Pursuant to FAR 52.232-22, "Limitation of Funds," the total amount of funds presently available for payment and allotted to this contract (which covers all items, including fee payable), and the estimated period of performance said funds cover, are as follow:

CLIN 0001: 

Estimated funds exhaustion date: 28 Feb 06

CLIN 0002:

Estimated funds exhaustion date: 28 Feb 06

CLIN 0004:

Estimated funds exhaustion date: Insert Date

G-07 PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION
CITATIONS (MAY 2005)

CLIN(s) 0001, 0002, and 0004 may be funded by multiple accounting classifications. The Contractor shall segregate cost and submit vouchers as required by provision G-05, Submission of Payment Requests Using Wide Area Work Flow – Receipt and Acceptance (WAWF-RA). The Defense Finance and Accounting Service (DFAS) shall make payments from those Accounting Classification Record Numbers (ACRNs) assigned each CLIN as described in provision G-09, Accounting and Appropriation Data.

G-08 PAYMENT OF FIXED FEE (ORDERING – LEVEL OF EFFORT) (MAY 2005) (MOD)

The Government will make payments to the Contractor when requested as work progresses in accordance with Federal Acquisition Regulation (FAR) 52.216-7 and provision H-01 Level of Effort (LOE) and Completion Orders – Fee Determination (MAY 2005). The Contractor shall invoice the fee separately and submit such invoices to the MDA Contracting Officer's Representative (COR) for verification of the percentage of man-months delivered for the billing period. Each invoice for fee shall contain a statement by the Contractor as to the cumulative percentage of man-months performed and the cumulative percentage of fee invoiced. Each invoice for fee shall contain a statement by the Contractor as to the cumulative percentage of work performed and the cumulative percentage of fee invoiced. Fee shall be payable, subject to other provisions of FAR 52.216-8, "Fixed Fee," in amounts commensurate with the percentage of work performed. In no case shall the cumulative amount of the fee invoiced, when expressed as a percentage of the total fixed fee for the applicable CLIN, exceed the cumulative percentage of man-months delivered for that CLIN (as verified by the MDA COR) at the end of the billing period.

CLAUSES INCORPORATED BY FULL TEXT

H-01 LEVEL OF EFFORT (LOE) AND COMPLETION ORDERS – FEE DETERMINATION (MAY 2005)

a. In the performance of this contract, the Contractor shall provide man-months. Man-months are defined as actual PRIME AND SUBCONTRACTOR (INCLUDING CONSULTANTS) work hours exclusive of vacation, holiday, sick leave and other absences. A man-month consists of work hours.

b. It is understood and agreed that the rate of man-months per month may fluctuate in pursuit of the technical objective, provided that such fluctuation does not result in the utilization of the total labor man-months of effort prior to the expiration of the term thereof, and it is further understood and agreed that the number of man-months of effort for any classification may fluctuate if necessary in performance of the work, provided that the aggregate mix of labor remains substantially the same.

c. The fixed fee in paragraph B-2 is based on furnishing the maximum quantity of man-months. If at the end of each contract period the Government has ordered and/or the Contractor has delivered less than the maximum quantity of man-months, the fixed fee shall be automatically adjusted and shall be reduced in proportion to the ratio of the man-months actually delivered to the maximum contract man-months:

Man-months delivered / Total Maximum man-months X Maximum Fixed Fee = Adjusted Fixed Fee

d. Nothing in this provision shall be construed to constitute authorization for the work not in accordance with the "LIMITATION OF FUNDS" provision of the contract.

H-05 AUTHORIZED TRAVEL AND TRAVEL COSTS AS SPECIFIED
UNDER A TRAVEL CLIN (MAY 2005)

a. Travel. All contractor travel (non-local) that is directly billed under this contract as a specific travel CLIN (other than extended commuting travel as defined under paragraph c. below) must be approved in advance in writing by the COR and by the Procuring Contracting Officer (PCO) using MDA Form 110 (dated March 2001).

b. Extended Commuting Travel.

(1) All contractor extended commuting travel under this contract must be approved by the COR AND BY THE PROCURING CONTRACTING OFFICER (PCO) using MDA Form 110 (dated March 2001). Such approval will be granted only after review and government acceptance of contractor documentation showing that extended commuting travel is the most effective means of fulfilling the government's requirements – cost and other factors considered.

(2) Extended commuting travel may be authorized for up to 90 days at a time and must be authorized in advance as stated in b. (1) above.

c. Definition: Extended Commuting Travel – travel that occurs regularly in the performance of this contract where an individual or individuals travel back and forth from their normal place, or city of employment to another location or locations over a 30 day (or longer) period.

H-06 INSURANCE (MAY 2005)

Employer's Liability including all occupational disease when not covered by Workmen's Compensation above	\$100,000 per accident
General Liability (Comprehensive) Bodily Injury	\$500,000 per occurrence
Automobile Liability (Comprehensive)	
Bodily Injury per person	\$200,000
Bodily Injury per accident	\$500,000
Property Damage per accident	\$ 20,000

H-08 PUBLIC RELEASE OF INFORMATION (MAY 2005)

a. The policies and procedures outlined herein apply to information submitted by the Contractor and his subcontractors for approval for public release. Prior to public release, all information shall be cleared as shown in the "National Industrial Security Program Operations Manual" (DoD 5220.22-M). At a minimum, these materials may be technical papers, presentations, articles for publication and speeches or mass media material, such as press releases, photographs, fact sheets, advertising, posters, compact discs, videos, etc.

b. All materials which relate to the work performed by the contractor under this contract shall be submitted to MDA for review and approval prior to release to the public. Subcontractor public information materials shall be submitted for approval through the prime contractor to MDA.

c. The MDA review and approval process for contractors working under an MDA contract starts with the contracting officer's representative (COR) when they are located at the MDA National Capital Region (NCR—address same as paragraph j. below), and the contracting officer (who signed contract on cover sheet for contract award, or designated replacement) for all other contracts.

(1) The contractor shall request a copy of MDA form "Clearance Request For Public Release of Information" (.pdf format) or any superseding form from the MDA COR or contracting officer (when COR is external to MDA NCR).

(2) The contractor shall complete Blocks 1, 2, 3 and 6 of the Clearance Request form (or comply with the instructions of any superseding form) and submit it with materials to be cleared to the COR (see paragraph j. below). If the information was previously cleared, provide the Public Release Case Number if available and a copy of the previous document highlighting the updated information.

(3) The COR may affirm "public releaseability" by signing the Statement of Certification in Block 7 of the Clearance Request.

(4) The COR will forward the Clearance Request with the materials to be cleared to the MDA designated point of contact for Block 8 approval and submission of package to MDA/DC.

(5) The MDA COR or contracting officer (when COR is external to MDA NCR) will notify the contractor of the agency's final decision regarding the status of the request.

d. The contractor shall submit the following to the COR at least 60 days in advance of the proposed release date:

- (1) Seven (7) copies of each item.
- (2) Written statement, including:
 - (a) To whom the material is to be released
 - (b) Desired date for public release
 - (c) Statement that the material has been reviewed and approved by officials of the contractor or the subcontractor, for public release, and
 - (d) The contract number.

e. The items submitted must be complete. Photographs shall have captions.

f. Outlines, rough drafts, marked-up copy (with handwritten notes), incorrect distribution statements, FOUO information, export controlled or ITAR information will not be accepted or cleared.

g. Abstracts or abbreviated materials may be submitted if the intent is to determine the feasibility of going further in preparing a complete paper for clearance. However, clearance of abstracts or abbreviated materials does not satisfy the requirement for clearance of the entire paper.

h. The MDA Director of Communications (MDA/DC) is responsible for coordinating the public release review. MDA/DC will work directly with the COR if there are questions or concerns regarding submissions. MDA/DC will not work with contractors who have not gone through their COR.

i. Once information has been cleared for public release, it is in the public domain and shall always be used in its originally cleared context and format. Information previously cleared for public release but containing new, modified or further developed information must be submitted again for public release following the steps outlined in items a. through h. above.

j. Due to time and screening constraints, it is recommended that all "public release" packages submitted to MDA be forwarded by a commercial overnight delivery service, addressed as follows:

Missile Defense Agency/CT
Attn: Nancy Cunningham
1301 Southgate Road
Arlington, VA 22202

H-09 ORGANIZATIONAL CONFLICT OF INTEREST (OCI) (MAY 2005)

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

(1) the Contractor's objectivity and judgment are not biased because of its present, or currently planned interests (financial, contractual, organizational, or otherwise) which relate to work under this contract;

(2) the Contractor does not obtain an unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources; and

(3) the Contractor does not obtain any unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: The restrictions described herein shall apply to performance or participation by the Contractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "Contractor") in the activities covered by this clause as prime Contractor, subcontractor, co-sponsor, joint venture, consultant, or in any similar capacity. The term "proprietary information" for purposes of this clause is any information considered so valuable by its owners that it is held secret by them and their licensees. Information furnished voluntarily by the owner without limitations on its use, or which is available without restrictions from other sources, is not considered proprietary.

(1) Maintenance of Objectivity: The Contractor shall be ineligible to participate in any capacity in contracts, subcontracts, or proposals thereof (solicited or unsolicited) which stem directly from the Contractor's performance of work under this contract. Furthermore, unless so directed in writing by the Contracting Officer, the Contractor shall not perform any services under this contract on any of its own products or services, or the products or services of another firm if the Contractor is, or has been, substantially involved in their development or marketing. In addition, if the Contractor under this contract prepares a complete, or essentially complete, Statement of Work (SOW)/Statement of Objectives (SOO), or other form of technical solutions, functions, requirements or specifications document, to be used, directly or indirectly, in competitive acquisitions, the Contractor shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such SOW/SOO or specifications. Nothing in this subparagraph shall preclude the Contractor from competing for follow-on contracts involving the same or similar services based on such a SOW/SOO or specification.

(2) Access To and Use of Government Information: If the Contractor, in the performance of this contract, obtains access to information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, the Contractor agrees that without prior written approval of the Contracting Officer, it shall not: (a) use such information for any private purpose; (b) compete for work based on such information for a period of one year after the completion of this contract, or until such information is released or otherwise made available to the public, whichever occurs first; (c) submit an unsolicited proposal to the Government which is based on such information until one (1) year after such information is released or otherwise made available to the public, or (d) release such information.

(3) Access To and Protection of Proprietary Information: The Contractor agrees that, to the extent it receives or is given access to proprietary data, trade secrets, or other confidential or privileged technical, business, or financial information (hereinafter referred to as "proprietary data") under this contract, it shall treat such information in accordance with any restrictions imposed on such information. The Contractor further agrees to enter into a written agreement for the protection of the proprietary data of others and to exercise diligent effort to protect such proprietary data from unauthorized use or disclosure. In addition, the Contractor shall obtain from each employee who has access to proprietary data under this contract, a written agreement which shall in substance provide that such employee shall not, during his/her employment by the Contractor or thereafter, disclose to others or use for their benefit, proprietary data received in connection with the work under this contract. The Contractor will educate its employees regarding the philosophy of Part 9.505-4 of the Federal Acquisition Regulation so that they will not use or disclose proprietary information or data generated or acquired in the performance of this contract except as provided herein.

c. Subcontracts: The Contractor shall include this or substantially the same clause, including this paragraph, in consulting agreements and subcontracts of all tiers. The terms "Contract", "Contractor", and "Contracting Officer", will be appropriately modified to preserve the Government's rights.

d. Representations and Disclosures:

(1) The Contractor represents that it has disclosed to the Contracting Officer, prior to award, all facts relevant to the existence or potential existence of organizational conflicts of interest as that term is used in FAR

Subpart 9.5. To facilitate disclosure and Contracting Officer approval, the Contractor shall complete an OCI Analysis/Disclosure Form for each MDA, Ballistic Missile Defense (BMD), and BMD-related contract or subcontract (if there is a potential conflict of interest; form shall be requested from the Procuring Contracting Officer).

(2) The Contractor represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to the Contracting Officer. This disclosure shall include a description of the action the Contractor has taken or proposes to take in order to avoid or mitigate such conflicts.

e. Remedies and Waiver:

(1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government may terminate this contract for default, disqualify the Contractor from subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, the Contractor discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Contracting Officer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government.

(2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, the Contractor may at any time seek a waiver from the Director, MDA, (via the Contracting Officer) by submitting a full written description of the requested waiver and the reasons in support thereof.

f. Modifications: Prior to contract modification, when the SOW/SOO or specification is changed to add new work or the period of performance is significantly increased, the Contracting Officer will request and the Contractor is required to submit either an organizational conflict of interest disclosure or an update of the previously submitted disclosure(s) or representation(s).

H-10 ENABLING CLAUSE FOR BMD INTERFACE SUPPORT (MAY 2005)

a. It is anticipated that, during the performance of this contract, the Contractor will be required to support Technical Interface/Integration Meetings (TIMS) with other Ballistic Missile Defense (BMD) Contractors and other Government agencies. Appropriate organizational conflicts of interest clauses and additional costs, if any, will be negotiated as needed to protect the rights of the Contractor and the Government.

b. Interface support deals with activities associated with the integration of the requirements of this contract into BMD system plans and the support of key Missile Defense Agency (MDA) program reviews.

c. The Contractor agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, the Contractor will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between the Contractor and such entities.

d. The Contractor further agrees to include a clause in each subcontract requiring compliance with paragraph c. above, subject to coordination with the Contractor. This agreement does not relieve the Contractor of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and such subcontractors.

e. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct the Contractor in any manner. The Contractor agrees to accept technical direction as follows: Whenever it becomes

necessary to modify the contract and redirect the effort, a change order signed by the Contracting Officer, or a supplemental agreement signed by both the Contracting Officer and the Contractor, will be issued.

f. This clause shall not prejudice the Contractor or its subcontractors from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause or any other contract.

H-11 MDA VISIT AUTHORIZATION PROCEDURES (MAY 2005)

a. The Contractor shall submit all required visit clearances in accordance with NISPOM regulations and will forward all visit requests, identifying the contract number, to:

Office of the Secretary of Defense
Missile Defense Agency, MDA/ACC
7100 Defense Pentagon
Washington, DC 20301-7100
Telephone No.: (703) 697-8204 Facsimile No.: (703) 693-1526

b. The COR is authorized to approve visit requests for the Contracting Officer.

H-12 CONTROL OF ACCESS TO MDA SPACES AND INFORMATION SYSTEMS (MAY 2005)

a. To maintain the security of the MDA spaces and information systems, the Contractor shall notify the COR in writing whenever a prime or subcontractor employee included on the current Visit Authorization Request/Letter no longer supports this contract. This requirement shall apply to both Contractor and employee initiated termination of services and to temporary suspension of services.

b. The contractor will cooperate with COR in taking the following actions (facilitating the employee's return of all badges, keycards, and passes). Specifically, upon notification, the COR will work with the Technical Area Security Officer (TASO)/Office Security Manager (OSM) to ensure timely action to:

- (1) remove the employee from the current Visit Authorization Request/Letter;
- (2) cancel the MDA badge, keycard and Pentagon Pass issued pursuant to the Visit Authorization Request/Letter; and
- (3) terminate the MDA LAN account/access privileges.

c. The contractor shall identify the reason for and date of termination or expected period of suspension and submit the notification to the COR within five (5) working days prior to service discontinuation. For unplanned termination or suspension of services, notification shall be made on the same working day as the termination/suspension action.

H-13 ACQUISITION OF FACILITIES (MAY 2005)

The Contractor agrees to provide all necessary facilities (as defined under FAR 45.301 and further defined under FAR 45.101, Definitions of Plant Equipment and Real Property) for the performance of this contract. The term facilities includes all general purpose office equipment and automated data/information processing equipment

and software. Accordingly, the Contractor shall not purchase or lease facilities for the account of the Government without the express permission of the Contracting Officer. In no case shall the cost to the Government for leased facilities, acquired under this contract, exceed the constructive cost of ownership. Additionally, acquisition or lease of facilities, if approved by the Contracting Officer, shall be provided at cost, applicable burdens applied, exclusive of prime Contractor fee/profit of other profit centers or business units of the prime Contractor.

H-14 PERSONNEL QUALIFICATIONS (MAY 2005)

- a. The Contractor shall promptly notify the Contracting Officer and Contracting Officer's Representative prior to making any changes in key staff. If replacing key staff the Contractor shall adhere to the following: (1) replacement person's qualifications are equal to or better than the qualifications of the person being replaced; or (2) the added person's qualifications are equal to or better than the core capabilities of this contract. Key staff positions are contained in Attachment 5.
- b. All Contractor notifications must provide the name and departure date for the incumbent leaving, a complete resume for the proposed substitute, and any other pertinent information requested by the Contracting Officer. The Government shall be provided the opportunity to review the proposed substitution regarding qualifications, security matters or any other concerns which could, in its opinion, affect performance under this contract.
- c. This clause does not, in any way, abrogate the contractor's authority to hire or assign personnel as it sees fit, or its responsibility to fill key positions with qualified personnel.

H-16 CONTRACTOR ACCESS TO PLANNING, PROGRAMMING, BUDGETING AND EXECUTION (PPBE) DATA (MAY 2005)

- a. In order to perform the requirements of this contract, the Contractor shall be required to receive, review, analyze, and prepare (hereinafter shall be referred to as "process") reports/data which contain Government Planning, Programming, Budgeting, and Execution (PPBE) data. However, the Missile Defense Agency is authorized to release PPBE data to the Contractor only after compliance with the provisions of this clause has been met. Additionally, the Contractor is also required to comply with the provisions of MDA Directive 7045.01, "Contractor Access to Planning, Programming, Budgeting, and Execution (PPBE) Data" where applicable.
- b. The prime Contractor shall provide the following information to the Contracting Officer within fifteen (15) days from the date of this contract:
 - (1) Affiliates (parent company, subsidiaries, joint ventures, and partnerships, etc.):
 - (a) Company's name and complete address;
 - (b) Affiliation; and
 - (c) Nature of the company's business.
 - (2) Agents, consultants, and subcontractors related to this contract:
 - (a) Company's name and complete address;
 - (b) Relationship; and
 - (c) Nature of the company's business.

The Contracting Officer shall be immediately notified in writing in the event of any changes in b (1) or (2) above throughout the performance of this contract. With regard to competing on future MDA procurements, the Contractor must abide by the Organizational Conflict of Interest provisions of this contract.

c. PPBE data is defined as: Current or future Planning, Programming, Budgeting and Execution (PPBE) data regarding any activity relating to the MDA Program or any of its projects regardless of the funding source or date of the document.

(1) Planning data defines the national military strategy; integrates the military forces necessary to accomplish that strategy; prioritizes the resources for effectively accomplishing the mission; and provides decision options.

(2) Programming data reflects the systematic analysis of missions and objectives to be achieved, alternative methods, and effective allocation of limited resources.

(3) Budgeting data are detailed financial estimates of the MDA Program or any of its related projects.

(4) Execution data relates to the recording of expenditures that document how the funds were spent.

d. The following list of documents (which is exemplary but not all inclusive) obtained from DoD Directive 7045.14, "The Planning, Programming and Budgeting System (PPBS)", May 22, 1984 and other sources are considered PPBE documents:

(1) PLANNING

- (a) Strategic Planning Guidance (SPG)
- (b) Fiscal Guidance (when separate from SPG or Joint Planning Guidance)
- (c) Directors' Intent
- (d) Technical Planning Guide

(2) PROGRAMING

- (a) Program Objective Memoranda (POM)
- (b) Joint Programming Guidance (JPG)
- (c) Future Year Defense Program (FYDP) documents (POM Defense Program, Procurement & RDT&E Annexes)
- (d) Program Change Proposals (PCPs)
- (e) POM Issue Papers
- (f) Proposed Program Reductions (Or Program Offsets)
- (g) Tentative Issue Decision Memoranda
- (h) Program Decision Memoranda

(3) BUDGETING

- (a) Future Year Defense Program (FYDP) documents for September Budget Estimate Submission (BES) & President's BES including Procurement (P-1), RDT&E (R-1), & Construction (C-1) Program Annexes
- (b) Financial Control Board (FCB) Documentation
- (c) Classified P-1, R-1, & C-1 Program Annexes
- (d) Program Budget Decisions/Defense Management Review Decisions/Management Initiative Directives (MID)
- (e) Reports Generated by the Comptroller Information System (CIS)

(f) Budget Change Proposals (BCPs)

(4) EXECUTION

- (a) DD Form 1414 Base for Reprogramming
- (b) DD Form 1416 Report of Programs
- (c) Contract Award Reports
- (d) DD COMP (M) 1002 Appropriation Status by Fiscal Year Program
- (e) FCB Execution Review Documentation

e. The Contractor shall be responsible for informing its personnel (hereinafter includes persons employed by the Contractor as an agent, consultant, or subcontractor) of the provisions of this clause and providing original MDA PPBE certifications "PPBE Non-Disclosure Agreements" (MDA Form 99) (Attachment 7) to the Contracting Officer within fifteen (15) days after the award of this contract. A "PPBE Non-Disclosure Agreement" shall be obtained from each Contractor employee involved in the performance of this contract that requires access to such data. Each individual shall be required to agree to:

(1) Read and comply with the applicable provisions of this clause, the non-disclosure agreement, and the provisions of MDA Directive 7045.01

(2) Handle PPBE data as for official use only.

(3) Ensure PPBE data entrusted to them will ONLY be used in accordance with applicable MDA governing regulations, for the purpose for which it was provided, and within the scope of the Statement of Work.

(4) Not divulge PPBE data (obtained directly or indirectly in the performance of this contract unless directed by the Contracting Officer) to any individual, except to Government personnel whom they know to have a "need-to-know" and non-Government person(s) whom they know to have MDA PPBE authorization. Even though data becomes part of the public domain, contractor personnel are bound by the provisions of this clause not to confirm or deny questions regarding PPBE data. Inquiries by unauthorized persons should be referred to the Contracting Officer's Representative or the Contracting Officer. (Verification of contractor personnel authorized access to PPBE data can be obtained only from the Contracting Officer.)

(5) Not transport (by any medium), maintain, or process PPBE data outside a Government facility unless the removal or preparation of such data at the facility is accomplished in accordance with a company's facility plan approved by MDA. (Verification of MDA PPBE-approved contractor facilities and individuals can be obtained from the Contracting Officer.) Authorization to transport PPBE data shall be provided by the Contracting Officer.

(6) Notify the Contracting Officer promptly if any non-Government person(s) or company(s) requests access to PPBE data.

f. The Contractor shall be responsible for immediately notifying the Contracting Officer in writing of any changes in its personnel with access to PPBE data, such as departures, new employees, or employees who no longer need access to such data under this contract.

g. Contractor personnel who have been granted access to PPBE data shall process, when possible, such data in Government workspaces using equipment furnished by the Government. However, if a contractor anticipates processing PPBE data in a Government facility on Contractor-owned equipment, prior written approval from the Contracting Officer must be obtained. The Contractor's written request should describe the equipment being used and a brief justification. After approval by the Contracting Officer, the request must be endorsed by the appropriate MDA office before bringing the equipment into the facility:

- (1) Information Systems Directorate - all ADP equipment.

(2) Resources Management Facilities Logistics Directorate - all other equipment, such as telefax and reproduction machines, tables, chairs, and mobile and permanent white boards.

h. Processing PPBE data at the Contractor's facility shall be performed only when absolutely essential and processing in Government workspaces is impractical. Prior to the processing of any such data outside of a Government facility or removal of PPBE data from a Government facility, the Contractor shall submit a written plan to the Contracting Officer outlining the procedures for maintaining and safeguarding such data at its facility. The Contractor shall submit its own plan or a plan which meets the general requirements identified in MDA Directive 7045.01. The plan shall be approved in writing by the Contracting Officer prior to removal of any PPBE data from a Government facility or the processing of any such data in the contractor's facility. A Contractor may submit a separate plan for each of its facilities that need to maintain such data or one plan as long as any differences between the procedures followed at each facility are clearly distinguishable in the plan. If an agent, consultant, or subcontractor requires the processing of PPBE data at its facility(s), they also must submit a separate facility plan through the prime Contractor for approval by the Contracting Officer.

NOTE: A plan is not required for Contractor personnel who have been given prior access to PPBE data to transport, process, or maintain such data at a Government or an MDA-approved contractor facility. (Verification of MDA approved Contractor facilities and authorized personnel can be obtained only from the Contracting Officer.)

i. If the Contractor is not required to process PPBE data at its facility(s), the contractor shall inventory all Government documents in its possession. The contractor shall notify the Contracting Officer in writing of such documents and request the method of document disposal. If the requirement to process such data at the contractor's facility(s) changes in the future, compliance with paragraph h above shall be required.

j. The Contractor shall provide training for all employees who require access to PPBE data on the proper handling and disclosure of such data. The contractor shall be responsible for ensuring that persons in their employment that have been granted access to PPBE data understand the consequences of divulging such data. Revealing PPBE data to unauthorized persons may provide other companies with an unfair advantage in future competitions or jeopardize national security interests.

k. In the event the Contractor or any of its employees, agents, subcontractor employees, or consultants fail to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the contract for which the Government reserves the right to terminate the contract for default and/or resort to such other rights and remedies, as provided for under this contract or under Federal laws. Noncompliance with the provisions of this clause may also adversely affect the evaluation of a Contractor's reliability in future acquisitions.

H-19 INHERENTLY GOVERNMENTAL FUNCTIONS (MAY 2005)

a. An inherently governmental function is a function that is so intimately related to the public interest as to mandate performance by Government employees. These functions include those activities that require either the exercise of discretion or the making of value judgments in making decisions for the Government. The Contractor is not an agent or a representative of MDA and shall not assume these roles. While the Contractor may be required to visit other governmental agencies or Contractors to obtain information for MDA, such work shall be under the guidance of the Contracting Officer's Representative (COR). Fact-finding involving foreign governments and necessarily U.S. relations with those governments shall not be performed by the Contractor.

b. The Contractor shall ensure that its employees performing under this contract have read and understand Office of Federal Procurement Policy Letter 92-1, dated September 23, 1992, on this subject. In the event the Contractor is concerned that work requested of it violates the Policy Letter 92-1, it shall immediately inform the Contracting Officer.

H-22 SMALL BUSINESS PARTICIPATION REPORTING REQUIREMENT (MAY 2005)

a. In order to assist MDA in collecting information regarding small business participation in MDA contracts and orders, the Contractor (regardless of whether a small or large business) shall submit the following reports:

(1) Standard Form 294, Subcontracting Report for Individual Contracts. This report shall be submitted semi-annually and at contract completion to the Director, Small Business (SB), MDA. The report covers subcontract award data related to this contract/order.

(2) Standard Form 295, Summary Subcontract Report. This report encompasses all of the contracts with the awarding agency. It must be submitted semi-annually to the Director, SB, MDA. If the reporting activity is covered by a commercial plan, the reporting activity must report annually all subcontract awards under that plan. All reports submitted at the close of each fiscal year (both individual and commercial plans) shall include a breakout, in the Contractor's format, of subcontract awards, in whole dollars, to small disadvantaged business concerns by North American Industry Classification System (NAICS) Industry Subsector.

b. Please annotate the method by which you plan to provide your submission.

(1) ☐ Electronic format through the following website: www.mdasmallbusiness.com

(2) ☐ Hardcopy mailed to:

Director, Small Business Missile Defense Agency (SB)
7100 Defense Pentagon
Washington, DC 20301-7100

H-23 CONTRACTOR EMPLOYEE OUT-PROCESSING (MAY 2005)

Prior to the departure of on-site contractor employees, the departing employee shall complete an out-processing checklist for MDA on-site contractor employees as required by MDA Directive Number 5000.01, and return the completed checklist, with all required signatures, to the cognizant Contracting Officer's Representative (COR). The COR will provide the completed form to the Contracting Officer to be retained in the official contract file by the Contracting Officer.

H-24**ALTERNATE LOCATIONS**

Contract support work will be performed in Arlington VA. In the event that permanent contract support work is needed in alternate locations during the period of performance, to include, but not limited to, Huntsville AL, Denver CO, and Boston MA, the Contracting Officer will request a separate proposal from the Contractor to cover the alternate location(s).

CLAUSES INCORPORATED BY FULL TEXT

52.244-6 SUBCONTRACTS FOR COMMERCIAL ITEMS (DEC 2004)

(a) Definitions.

"Commercial item", has the meaning contained in Federal Acquisition Regulation 2.101, Definitions.

"Subcontract", includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or nondevelopmental items as components of items to be supplied under this contract.

(c) (1) The Contractor shall insert the following clauses in subcontracts for commercial items:

(i) 52.219-8, Utilization of Small Business Concerns (MAY 2004) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$500,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ii) 52.222-26, Equal Opportunity (Apr 2002) (E.O. 11246).

(iii) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era and Other Eligible Veterans (DEC 2001) (38 U.S.C. 4212(a)).

(iv) 52.222-36, Affirmative Action for Workers with Disabilities (JUN 1998) (29 U.S.C. 793).

(v) 52.222-39, Notification of Employee Rights Concerning Payment of Union Dues or Fees (DEC 2004) (E.O. 13201). Flow down as required in accordance with paragraph (g) of FAR clause 52.222-39).

(vi) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (APR 2003) (46 U.S.C. Appx 1241 and 10 U.S.C. 2631) (flow down required in accordance with paragraph (d) of FAR clause 52.247-64).

(2) While not required, the Contractor may flow down to subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

(End of clause)

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

CONTRACT DATA REQUIREMENTS LIST

PREPARED BY
MISSILE DEFENSE AGENCY

A. INTRODUCTION

The Contract Data Requirements List (CDRL) is prepared in a word processing format to increase the efficiency of electronic development and transmission. Block numbering and titles remain as used in the DD Form 1423 as derived from *Procedures for the Acquisition and Management of Technical Data*, DoD 5010.12-M.

B. APPLICABLE DOCUMENTS

DoD 5010.12-L, *Acquisition Management Systems and Data Requirements Control List* (AMSDL), Apr. 1997

DoDD 5230.24, *Distribution Statements on Technical Documents*, Mar. 18, 1987

C. AUTHORITIES (BLOCK 4)

Data Item Descriptions (DIDs) entered in CDRL blocks 2 and 4 are selected from the *Acquisition Management Systems and Data Requirements Control List* (AMSDL), DoD 5010.12-L. The application of any DID tailoring is indicated by addition of the suffix "T" to the DID number entered in Block 4. Such tailoring is accomplished to relax format requirements or conform the data requirement to those requirements contained in the Statement of Objectives (SOO).

D. APPROVAL (BLOCK 8)

Selected data will require approval before their submission is considered final. The approving authority shall be the MDA/AS Contracting Officer's Representative (COR) as indicated by the first addressee entry of Block 14.a. The use of "N/A" in Block 8 does not forfeit or otherwise affect the Government's right to consider unacceptable any submission of data that does not comply with the contract requirements.

E. DATA DELIVERY DUE DATES (BLOCKS 12 AND 13)

Data will be considered delinquent when not physically arriving or electronically available at the distribution destination on the date(s) specified. Unless otherwise indicated, references to "days" are calendar days.

STATEMENT OF WORK

FOR

ACQUISITION, CONTRACTING AND

FUNCTIONAL SUPPORT FOR THE MISSILE

DEFENSE AGENCY CONTRACTS DEPUTATE

SEPTEMBER 28, 2005

1.0 BACKGROUND

The Missile Defense Agency (MDA) is engaged in research and development projects for the Ballistic Missile Defense System (BMDS) and advanced technologies for the purpose of eliminating the threat posed by ballistic missiles. MDA is chartered and mandated by Congress to develop for deployment ballistic missile systems that are capable of providing highly effective defense of the United States, forward-deployed and expeditionary elements of the U.S. Armed Forces, and friends and allies of the United States.

MDA arranges for, manages, and directs the performance of work connected with advanced projects by the Military Departments and other government institutions and keeps the Secretary of Defense and other government leaders informed of significant new developments that can enhance the Ballistic Missile Defense (BMD) program. The MDA Contracts Deputate has the responsibility for contracting with U.S. and foreign entities on behalf of the government for BMD requirements. In addition, it monitors the contracting activities of the services and other government agencies performing support to MDA. In this capacity, the Contracts Deputate (MDA/CT) is responsible for developing and advising on contracting policy, ensuring compliance with government contracting regulations, processing waivers to government procurement directives, negotiating and awarding contracts, assessing contractor performance, fulfilling contract administration functions, issuing contract modifications and closing out completed contracts.

2.0 SCOPE OF WORK

The scope of this statement of work (SOW) includes all support services required by the MDA Contracts Deputate that is, at present, comprised of the Deputates' Office and nine (9) Contract Directorates:

Deputy for Contracting (CT)

The Deputy for Contracting provides the people, training, tools, and oversight to ensure that the BMDS and ancillary support is contractually executed in a prudent and timely manner. In this capacity, CT advises the MDA Director, MDA Technical Director, MDA Executive Director, and MDA Program Executive Officers (PEO) on all contracting matters involving the planning, management, execution, and reporting of programs and activities under the cognizance of MDA.

Contract Policy and Pricing (CTC) Directorate

The Director for Contract Policy and Pricing is responsible for the development, coordination, promulgation, interpretation, and maintenance of MDA contract policy. The committee reviews procurement case files and contemplated instruments supporting solicitations, contractual documents, and other transaction business agreements for compliance with FAR, DFARS, and MDA policy. MDA/CTC maintains the agency contract clause data base, and provides counsel to the Deputy for Contracting and MDA Director on matters involving HCA, SPE, and AH authorities. MDA/CTC interacts with contract execution location (CEL), and MDA/CTR personnel in validating and harmonizing contract/document writing clauses. This Directorate is also responsible for developing and maintaining a core capability of expert personnel specializing in the evaluation of cost proposals for key BMDS and MDA contractors. Focus is placed on knowledge of individual company business structures and cost accounting systems, thereby improving insight into and expediting analysis, negotiation, and fair and reasonableness determinations relating to new contracts and major modifications. MDA/CTC also provides consistency reviews between BMDS element business agreements relating to direct and indirect costs and profit/fee, both within given corporations and their strategic business units, and vis-à-vis other firms engaged in missile defense-related programs. The directorate acts as liaison with the Defense Contract Audit Agency

(DCAA), Defense Contract Management Agency (DCMA), and other federal contracting activities on matters relating to cost and pricing.

Business Operations (CTR) Directorate

The Business Operations Directorate is responsible for planning, budgeting and managing the human, financial and information technology-based resources vital to executing the MDA contracting mission. The MDA/CTR Director determines the timing and extent of electronic business application within the Deputate, and represents the agency in departmental forums involving contract requirements and deployment of Standard Procurement System (SPS) and end-to-end applications; this includes electronic maintenance of the agency-unique contract structure shells and clause referrals. The directorate acts as the home office for contracting human capital, including the planning, selection, retention, development, and performance assessment of current and forecasted government and contractor support personnel. In this regard, MDA/CTR acts as liaison with Strategic Business Unit (SBU) Directors, Program Managers, and SPO Directors of Contracting, on behalf of the Deputy for Contracting, in validating and assigning contract personnel to support mission requirements. MDA/CTR is the contracting focal point for DoD Acquisition Workforce Demonstration implementation, including maintenance and management of position requirement descriptions, monitoring employee contribution plans, and integration of inputs leading to establishment of compensation levels. MDA/CTR also manages and monitors contracting personnel workspace within designated MDA and CEL facilities, to ensure office equipment and quality of life issues are appropriately addressed. The directorate acts as the focal point for Economy Act determinations requiring agency approval, unsolicited proposals, and release of contracting information to external agencies and the public (excluding Congressional notification of contract awards). The directorate represents the Deputy for Contracting on matters before the USD(AT&L) Defense Procurement and Acquisition Policy, including executive steering group and Interdepartmental Staff (IDS) meetings. MDA/CTR manages the contractor past performance evaluation review (CPARS) process, and prepares and distributes monthly contract summary reports for actions undertaken by MDA contracting directorates.

Contractor Support Services (CTS) Directorate

The Directorate of Contracting for Contractor Support Services is responsible for the centralized procurement of MDA contractor work force augmentation efforts. In this capacity, MDA/CTS acquires services, infrastructural, and unique expertise support extending from agency day-to-day operations to unanticipated "quick turn" mission requirements. MDA/CTS executes support services contracts and business agreements on behalf of over thirty MDA hybrid staff/line directorates, and is responsible for all planning, solicitation, proposal evaluation, negotiation, award, and administration actions. In this capacity, the contracting directorate acts as the senior business advisor to each two-letter or Strategic Business Unit (SBU) director and his staff on matters involving FAR, DFARS, MDA and broad-based acquisition policies relevant to requirements formulation, competitive alternatives, services industry capabilities, and procurement methodologies. MDA/CTS performs centralized contract closeout functions for actions executed by MDA Washington DC operations. The director also interfaces with departmental and civilian agency contracting officials in researching and implementing innovative and effective business approaches that enhance contractor services performance. In conjunction with MDA/CT, the MDA Executive Director (DX), and designated functional support personnel, the Director of Contracting exercises human capital planning, internal training, and financial management responsibilities germane to contractor support services operations. Personnel assigned to this contracting directorate are centrally located and report directly through the Director of CTS to the Deputy for Contracting, with formal performance ratings and reviews conducted within the functional activity.

Special/Cooperative Programs and Allied Support (CTA) Directorate
JNIC Operations (CTJ) Directorate
Kinetic Energy and Systems Engineering (CTK) Directorate
Ground Based Midcourse (CTN) Directorate
Targets and Tests (CTT) Directorate
Advanced Systems (CTV) Directorate

The Directorate of Contracting dedicated to each aforementioned SPO or SBU is responsible for all contract planning, solicitation, proposal evaluation, negotiation, and award functions supporting SPO/SBU operations. In this capacity, the contracting directorate acts as the senior business advisor to the program director and his/her staff on matters involving FAR, DFARS, MDA and broad-based acquisition policies relevant to development and deployment of BMDS capabilities. The director also interfaces with collateral BMDS contracting officials in researching and implementing innovative and effective business approaches that enhance performance and delivery of system capabilities. In conjunction with MDA/CT and designated functional support personnel, the Director of Contracting exercises human capital planning, internal training, and financial management responsibilities germane to SPO/SBU procurement operations. Personnel assigned to MDA contracting directorates are matrixed from, and accountable to, MDA/CT, with formal performance ratings and reviews conducted within the functional activity.

3.0 REQUIREMENTS

The contractor shall provide personnel, resources and facilities appropriate to provide efficient and cost effective support services for the requirements described below. Most of the contractor personnel will be working in government facilities.

The contractor shall provide training and continuing management effort to assure that all its employees are fully trained to assure that there will be no violation of laws, regulations, and policies regarding procurement integrity, personal services, and inherently governmental functions.

In the performance based work breakdown structure presented below:

- "Task Input" represents the resources required to do the job that will be provided by the Government;
- "Task Description" is the work the Contractor is required to do using its own resources as well as those described under "Task Input";
- "Task Output" is what the contractor is required to produce; and
- "Standard" is the yardstick by which the "Task Output" will be measured.
