

Cumulative Index, 1979-1980

Journal of Defense Research, Volumes 11 and 12

The following index shows the articles and their authors that appeared in the regular and special issues of the *Journal of Defense Research* during the publishing years 1979 and 1980, with the articles being listed by title and by principal author. By definition, the principal authors in this list are taken to be the persons whose names are shown first in the articles' title blocks. Coauthors' names are shown in their alphabetical order and are referred to the listing under the principal author's name. In general, our small supply of overrun copies for each issue is exhausted to requesters within a few weeks after the issue has been mailed to listed recipients. *Reproduction copies can be obtained in the usual way of receiving defense documents by contacting the Defense Documentation Center (DDC), Cameron Station, Alexandria, Virginia 22314.* The DDC call numbers that have been assigned to individual issues of Volumes 11 and 12 are:

- Volume 11, Number 1, pages 1-106: AD C018-400
- Volume 11, Number 2, pages 107-288: AD C018-977
- Volume 11, Number 3, pages 289-368: AD C020-185
- Volume 11, Number 4, pages 369-478: AD C020-867
- Special Issue 79-1, Armored Fighting Vehicles: AD C021-067
- Volume 12, Number 1, pages 1-97: AD C021-819
- Volume 12, Number 2, pages 99-207: AD C022-566
- Volume 12, Number 3, pages 209-306: AD C023-202
- Volume 12, Number 4, pages 307-413: (~~not yet assigned~~) 49 C 024 177

Articles appearing in the special issue on armored fighting vehicles are noted in boldface type in the various entries.

A separately published *Cumulative Index (U), Volumes 1 Through 10, 1969-1978* was published and distributed as a supplement to Volume 11, Number 4 of the *Journal*. A limited number of additional copies of that cumulative index are available to persons who are not on the *Journal's* regular distribution list through request to Ms. Ginger Motyka, Technical Information Office, Defense Advanced Research Projects Agency, 1400 Wilson Boulevard, Arlington, Virginia 22209. Since the cumulative list is classified at the level of Confidential, requesters must possess the necessary security clearances.

AUTHORS
