TN: my translation begins here/linguist 121.

I'm advising you of Allah's piety and for doing what draws you closer to Him, by obedience and supererogatory and specially the maternal ties and be patient upon affliction are among the merits of the faithful, the attribution of the pious and those who follow the guidance of the prophets and messengers, so be very cautious, and only be busy with what is more useful and the relinquishment of the sorrow and the pleasure with Allah's predetermination and this you find both cheerfulness and peace of mind.

Be careful and observe the endeavor in obedience and the accumulations of rewards and charities and make your tongue moist (say a lot) with Allah's remembrance and fill your hearts with Allah's love and the contentment with his fate and be sincere in all your works.

And finally: I hope that you would forgive me and what has promoted me to write this is my keenness and longing to see my loved ones and due to my agony over separation from my family and friends and it's solace is found in the fact this separation is for the sake of Allah.

And I will not hide from you and mention what has passed and my tear would drop and my silence would prevail.

And peace be upon you and mercy and blessings of Allah.

Your son,
ALI ABDULLAH AHMED NASIR AL SALMI
