MEMORANDUM FOR J2

SUBJECT: Response to J2 Questions Regarding Contract Interrogators

1. (U) This memorandum is in response to the J2 request for information regarding contract interrogators in OIF and OEF. Specifically, questions regarding CJTF-7 and CJTF-180 are answered as follows:

a. (U) CJTF-7 responses:

(b)(1)

(2) (U) What is the training for interrogators?

Currently all Army interrogators, at a minimum, attend the 97E Interrogator Advanced Individual Training Course lasting 19.5 weeks at Ft Huachuca. The 202nd MI Bn has recent in-theater experience from OIF I and conducted a mission rehearsal exercise (MRX) prior to deployment on OIF II. Most contract interrogators at the JIDC and the DIFs are school-trained 97Es, 351Es, (or another military branch equivalent), and many are also N7 Strategic Debriefers qualified. Others are contractors who are not school-trained by the military, but have equivalent law enforcement training and have done the job, in some cases, literally for decades. These individuals' resumes were vetted by the client (the COR) and CACI Corp. The JIDC is currently developing an interrogator certification process.

(2) (U) What is the training for interrogators?

The training method used by B/519th MI BN utilizes the crawl, walk, run method of training in order to ensure that each interrogator has the fundamentals before being asked to perform the mission. Each new interrogator will be assigned to a team, who will then assign a sponsor to the new interrogator. The sponsor and team leader are directly responsible for the training of new interrogators with the senior interrogator providing direct oversight. In general, an interrogator will go through four phases that include a block of instruction, observation of a trained interrogator conducting that aspect of the training, executing the training under direct supervision of a sponsor, and finally executing the mission as a part of the interrogation team.

(2) (U) What is the training for interrogators?

In addition to the training they bring to the table from formal military and civilian classes/courses, they are also given Law of Armed Conflict, Geneva Convention, Medical screening, and Psychological screening training--all focused on satisfying our mission statement: to provides a sanitary, safe, secure, and humane environment in which to conduct battlefield interrogation in accordance with applicable policies and guidance. The purpose of information extracted is to support our Priority Intelligence Requirements in order to capture/kill UBL/Zawahiri. They are also presented a block of instruction on the SOP and the CG's intent vis-à-vis detainee operations. Finally, they are given time to read the SOP and ask any questions before they sign a certificate that they are ready to perform their duties.
