*"In the name of Allah the compassionate the most merciful"*

To my older brother (b)(6) may Allah bless you! To my brother and friend (b)(6), peace be upon you, so with the mercy and blessings of Allah.

Hence, I am sending this letter to my brother (b)(6) whom I have heard about his great efforts. It has been five years of work, trying to release the detainees from Guantanamo. He has done his best to get those (detainees) to their families so they get to see them. Therefore, I ask Allah not to deprive him from the reward in the hereafter.

I am also sending this letter to my brother (b)(6) whom has represented me during the peaceful protest "Hunger strike" He was on of the brothers who ended things, by talking to Detention Operation Command in regards of our affairs.

(TN:1) Brother, I want you to know that I have come to do something in which I am depreciating my soul. I have never done anything like this before. The only reason to that is, because I see this as a reason in Allah's willing! I reason for this oppression and aggression to be lifted-off throughout our detention. This is all committed by those who claim to be fair, and protective of human rights. All this time they have been hiding behind that Red Cross's veil. Likewise, the Red Cross was concealing their violations against our religion and against us too. The Red Cross was aware of such acts of violence. Also, their existence on this island is an indirect religious conspiracy! However, if this committee was truthful about their contentions, they would've taken measures from the early days of its presence here. Allah has willed to reveals those scandals before the world. This was shameful to the U.S, for this revealed the true face of the U.S. However, they started a new game by including American lawyers in order to wash the stain away from their faces. They wanted to achieve their goals throughout claiming that they are defending our rights.

The reason behind this letter is to clarify the truth so that you can show to the rest of the world (people) this conspiracy.

As for you brother (b)(6), you have heard a lot in regards of our tragedy. You have also met with some who were released from these prisons.

As for you brother (b)(6) you have suffered along with the rest of us. You have also witnessed the tragedy and you are still living it.

Finally, I ask Allah not to deprive us from the greatest award, we ask him to respond to our pleadings so that we can be saved from this oppression against our religion and against our brothers. May Allah reunite us in him merciful home, for He is capable of everything!
