*"In the name of Allah the compassionate the most merciful"*

Praise to Allah who has granted us Islam as a religion! Graced be his name for satisfaction is by worshipping Him only and not other as a partner. **"Verily, this is my way leading straight: follow it; follow not (other) paths: they will scatter you about from His (great) path."** He, send to us His messenger so that he can emphasize pure (white) love; so that we can be saved from eternal death. Allah prayers and peace be upon him!

Hence, my (none biological) brothers, peace be upon you, so with the mercy and blessings of Allah. In the beginning I would like to tell you that I do love you brother through Allah. Therefore, I ask Allah the most capable to protect your faith, forgive your vices, be merciful upon you during your weakness, release you from your captivity, and heal the ill ones. I ask Him grace His name to relieve you from your troubling and to strengthen you on this earth.

My MUJAHIDEEN (strugglers) brothers, as you have seen the enemies of Allah and their elusiveness. You see how they are trying to humiliate our religion and our book (Quran), and their assault against (women) our honor. They have created animosity among you, by recruiting some of our brothers than were eluded by their (Americans) games. They are exhausting their faith, voice, and using all kinds of black magic against them for as long as five years. This oppression continues without any justification.

Therefore, I have decided this time to come up with a very truthful (honest) answer that is going to be explained in the following lines through sacrifice and speaking with a comfortable soul which doesn't know the meaning of desperation and boredom! ***I will sacrifice my worthless soul for your sake (Allah's lions) hoping that this might have you released from your captivity. Thus might benefit Islam and all Muslims!***

Allah is my witness grace His name, I wash my hands from the Red Cross in my mind, the lawyers, the United Nations, all Human amnesties, tyrant Arabs and non-Arabs, all the courts, Geneva Convention, (Arabic, western, and international) media.

Through this work, my goals are as following:

- 1- To prevent them from insulting the Quran and to stop them from handing it.
- 2- To stop them from insulting our honor and (our private parts).
- 3- To stop all the psychological and physical assault carried against our imprisoned brothers.
- 4- ~~Rescuing all the weak Muslims through out the world from falling in the hands of an aggressive enemies (The Americans).~~

Finally, my beloved and the most virtuous; I want to tell you, fear Allah all mighty. Be kind to Allah, for He will be kind to you! Be patient! You don't need
