INITIATION OF RESTRAINTS FOR MEDICAL NECESSITY - NURSING NOTE

Detainee placed in (b)(1) Sec

Reason for Restraint: Medical Necessity

6/10/02

Detainee was advised by the Medical Staff that hunger striking is detrimental to his health. His behavior is due to his refusal to eat and not due to mental status change or illness. Medical Staff/Guards attempted to get the detainee to eat on his own. He is being offered food at every meal, yet he refuses to eat. Because the detainee refuses to eat, restraints were initiated for medical necessity for feeding. Detainee will be observed continually and he will be reminded of how his behavior must change (he must eat voluntarily) to avoid the use of medical restraints for present and future feedings. Detainee was told that he will remain in medical restraints until feed and post feed observation (60-120 minutes).
