Cell#: (b)(2)

Time: 1036

Language: Arabic English Farsi French Pashtu Russian Urdu Uzbek

Subjective:

Detainee refused to talk to psych tech.

Objective:

Detainee was laying on his bed and ignored both the tech and the interpreter. Psych tech was able to gather the following information about the detainee from the block NCO. Detainee has been eating since the 13 of September 05. Prior to this date, detainee missed 33 meals. Detainee has not been a management problem for the guards.

Mental Status Exam:

Appearance: neat/clean

Mood: unable to assess

Distinguishing Features: none noted

Affect: unable to assess

Alert/Orientation: unable to assess

Thought Content: unable to assess

Speech: unable to assess

Thought Process: unable to assess

Eye Contact: poor

Thought Perception: unable to assess

Communication: unable to assess

Attention/Concentration: unable to assess

Motor Skills: unable to assess

Intelligence: unable to assess

Memory: unable to assess

Insight/Judgment: poor

Level Status: Level III

Self-Injurious Behavior: Detainee denied or none noted

Assessment:

Detainee's records showed that he has been eating since the 13 September 05. Detainee's last meal was breakfast this morning. Detainee is not currently on food refusal. Detainee's decision to ignore the psych tech is the same as other detainees on other blocks and it might be another way to resist the services provided by U. S. service members.

Plan:

Case will be discussed with staff and the recommendation for the detainee to be removed from food refusal list will be made.

- F/U is scheduled for pm
- Initiate or maintain precautions for
- Recommend medication evaluation
- Encourage fluid intake and eating

- Discuss case at next treatment team
- Referral to psychologist for complete evaluation
- Record
