CHAIRMAN OF THE JOINT CHIEFS OF STAFF MANUAL

J-3

DISTRIBUTION: A, B, C, J, S

CJCSM 3122.02
9 December 1994

CRISIS ACTION TIME-PHASED FORCE AND DEPLOYMENT DATA DEVELOPMENT AND DEPLOYMENT EXECUTION

- References:
- Joint Pub 5-03.1 (to be revised as CJCSI 3122.01), 4 August 1993, "Joint Operation Planning and Execution System, Volume I, Planning Policies and Procedures"
 - Joint Pub 5-00.2,3 September 1991, "Joint Task Force Planning Guidance and Procedures"
 - DOD Regulation 4500.32R, March 1987, "Military Standard Transportation and Movement Procedures (MILSTAMP) "

1. Purpose. This manual establishes:

a. Procedures for the development of time-phased force and deployment data (TPFDD) and for the deployment of forces within the context of the Joint Operation Planning and Execution System (JOPES) in support of joint military operations.

b. Military guidance for the exercise of authority by combatant commanders and other joint force commanders for joint operations and training using JOPES.

2. Cancellation. None.

3. Applicability

a. This manual applies to the Service Headquarters, commanders of combatant commands, subunified commands, joint task forces, and their subordinate component commands. It may also be applied when significant forces of one Service are attached to forces of another Service or when significant forces of one Service support forces of another Service.

b. This manual must be followed except when, in the judgement of the commander, exceptional circumstances dictate otherwise. If conflicts arise between the contents of this

manual and the contents of Service publications, this manual will take precedence for the activities of joint forces unless the Chairman of the Joint Chiefs of Staff has provided more current and specific guidance to the contrary.

c. Commanders of forces operating as part of a multinational (alliance or coalition) military command should follow multinational procedures ratified by the United States. For procedures not ratified by the United States, commanders should follow the multinational command's procedures, where applicable.

4. Policy

a. JOPES applies to the development and implementation of operation plans and operation orders prepared in response to the National Command Authorities (NCA) or the Chairman of the Joint Chiefs of Staff. It specifies the policies, procedures and formats to be used to develop and execute plans for deployment, employment, mobilization, sustainment, and redeployment by the members of the Joint Planning and Execution Community (JPEC).

b. This manual is not intended to restrict the authority of the joint force commander from organizing his forces and executing the mission in the most appropriate manner to ensure unity of effort in the accomplishment of the overall mission. Guidance pertaining to the employment of forces is not contained in this instruction.

5. Definitions. See Glossary.

6. Responsibilities

a. Authority to conduct military operations against a potential enemy rests solely with the NCA, except as authorized under the applicable Rules of Engagement (ROE).

b. The Chairman of the Joint Chiefs of Staff manages the planning process; provides advice, options and recommendations to the NCA; and conveys NCA decisions to the combatant commanders.

c. The Director for Operations (J-3) of the Joint Staff is responsible to the Chairman of the Joint Chiefs of Staff for the overall management and administration of crisis action planning and execution.

d. The supported commander, designated by the Chairman of the Joint Chiefs of Staff, has the primary responsibility for responding to a crisis.

7. Procedures

a. JOPES procedures for TPFDD development and the deployment of forces are prescribed in Enclosures A through F and are done so within the context of the six phases of crisis action planning (CAP).

b. As described in reference a, the CAP phases are:

- (1) Situation Development.
- (2) Crisis Assessment.
- (3) Course of Action (COA) Development.
- (4) COA Selection.
- (5) Execution Planning.
- (6) Execution.

8. Summary of Changes. Not applicable. This is the initial joint manual that describes the JOPES procedures for TPFDD development and force deployment.

9. Effective Date. This manual is effective upon receipt.

For the Chairman of the Joint Chiefs of Staff:

WALTER KROSS
Lieutenant General, USAF
Director, Joint Staff
