MEMORANDUM FOR SECRETARY OF DEFENSE
DEPUTY SECRETARY OF DEFENSE

SUBJECT: Briefing on Strategic C3I for the NSC and OMB -- INFORMATION MEMORANDUM

MG Welch, of the NSC Staff, contacted us through BG Smith and requested that we prepare a briefing on Strategic Command, Control, Communications and Intelligence (C3I) for presentation to the NSC Staff. The briefing is to cover C3I functions, current capabilities and deficiencies, and planned deficiency correction actions. The NSC Staff may request that it be presented to the NSC or to OMB.

We have prepared the briefing as requested (copy attached), and it has been reviewed by myself and the OJCS (C3S). Comments on this briefing have been uniformly favorable. I believe this briefing will be very useful in educating people about strategic C3I and also in gaining their support for certain critically important improvement efforts.

Vic Utgoff (NSC Staff) has requested that we give this briefing to him and MG Welch next Wednesday, October 29th. I plan to make the presentation myself and will invite a JCS representative. Following that and with your concurrence I think that a version of this briefing could be appropriate for presentation to the NSC.
