MEMORANDUM FOR LTG BRENT SCOMCROFT, USAF  
DEPUTY ASSISTANT TO THE PRESIDENT  
FOR NATIONAL SECURITY AFFAIRS

Brant:

By a memorandum dated 21 October 1971, the NSC Staff requested that White House approval be obtained for any transfer of major items of U.S. military equipment to the Republic of China.

Listed below are types and quantities of major items requested by ROC which have been approved by DOD and State since 1 January 1975 and submitted to the Assistant to the President for National Security Affairs for final approval, and the date on which each action was forwarded to NSC:

<u>Item</u>	<u>Quantity</u>	<u>Date Forwarded to NSC</u>
Ocean-going Minesweepers	2	18 February 1975
T-28C Trainer Aircraft	3	4 March 1975
TOM Missiles	960	10 March 1975
TOM Launchers	48	10 March 1975
S2E ASW Aircraft	4	28 March 1975
Self-propelled Vulcan anti-aircraft guns	6	9 July 1975

The NSC has not yet responded to any of the above requests.

It is requested that guidance be provided to the DOD in order to respond to these requests by the ROC.

As a separate matter, perhaps the NSC memorandum of 21 October 1971 should be reviewed to determine its current relevancy.
