Gen Wickham notebooks Box 754, Schlesinger Papers

4 Sep 73 - IRS - all can be done is 882-36 in 75; POM needs to be 6.6

GPP structure is marginal to use politeness

5 Sep - IRS, HAK - IRS too slow to conclude anything

HAK - I think they can speed up their program 4 yrs

HAK - if we gave OK [redacted] and force French to go without, French may turn ones; there are many things we can do in next 2 yrs

Real danger - FER is that CDC would adopt Baker program; this is why French must

10 Sep AFPC - IRS - Public mood has changed, Senate lagging Do not alienate by pressing too hard on specific programs

12 Sep - Comptroller Bureau, IRS - IRS holding out to 8336 using max resources

17 Sep - IRS, SCOWORT - IRS - Gut feeling that deployments will be cut
Maybe ship ways to AFPC, if dependent on limited period of time;
average level ^{will be} less than 4 1/3 divisions

OSD 3.3(b)(6)

20 Sep - Review for IRS of air defense STARD; IRS concludes STARD was designed against high altitude threat which may not materialize - high value system of limited capability against low alt attack, where principal problems are

24 Sep - Ahe - "New in history has seen soldiers' sleeves gotten down to bare skin
Officer strength - IRS problem on that; Army biggest problem; some reduction in flight/GO wanted IRS Army has equipment problems
Don't buy M-16s; must recognize there is a problem "M-16 could be more of disaster than M16" - maybe have outside panel with Stone
