MEMORANDUM FOR THE SPECIAL ASSISTANT TO THE SECRETARY AND DEPUTY SECRETARY  
OF DEFENSE

SUBJECT: State/PM Comments on Mohawk River

1. (S) This memorandum provides DIA reaction to the above cited comments:

a. DIA has already expressed its views with respect to Chapter One.

b. Regarding State/PM comments on the SS-20 and ICBM illustrations, the illustrations are intended to provide the reader an understanding of the systems without being excessively explicit on highly classified aspects. DIA believes the illustrations achieve those aims.

c. Regarding the comments on SAM altitudes, DIA has re-examined the charts. State/PM concerns can be accommodated if a decision to reprint the document is made. However, we would not initiate the change solely for that purpose.

d. Regarding the Bison - Backfire comment, [REDACTED]

2. (U) DIA therefore considers the significant issue to be the retention or removal of Chapter One.
