**Fiscal Year 2008 DoD Foreign Counterdrug Activity Report**

**Requirement:** The National Defense Authorization Act for Fiscal Year (FY) 2008 (P.L.110-417) extended for two years the requirement for the Secretary of Defense to submit a report on DoD expenditures that support foreign counter-drug activities. This report provides a description of each base of operation or training facility established, constructed, or operated using the assistance, including any minor construction projects carried out using such assistance, and the amount of assistance expended on base of operations and training facilities for FY 2008.

**Authorities:**

- **Section 1004 Authority:** Pub. L. No. 101-510, amended by §1088(a), National Defense Authorization Act (NDAA) for Fiscal Year (FY) 1992 and 1993, Pub. L. No. 102-190; §1041, NDAA for FY 1993, Pub. L. No. 102-484; §1121(a) and (b), NDAA for FY 1994. Pub. L. No. 103-160; §1011, NDAA for FY 1995, Pub. L. No. 103-337; §1021, NDAA for FY 1999, Pub. L. No. 105-261, and §1021, NDAA for FY 2002, Pub. L. No. 107-107; and §1021, NDAA for FY 2007, Pub. L. No. 109-364.

(b) TYPES OF SUPPORT. — The purposes for which the Secretary of Defense may provide support under subsection (a) are the following:

  - (1) The maintenance and repair of equipment that has been made available to any department or agency of the Federal Government or to any State or local government by the Department of Defense for the purposes of—
    - (A) preserving the potential future utility of such equipment for the Department of Defense; and
    - (B) upgrading such equipment to ensure compatibility of that equipment with other equipment used by the Department of Defense.
  - (2) The maintenance, repair, or upgrading of equipment (including computer soft-ware), other than equipment referred to in paragraph (1) for the purpose of —
    - (A) ensuring that the equipment being maintained or repaired is compatible with equipment used by the Department of Defense; and
    - (B) upgrading such equipment to ensure the compatibility of that equipment with equipment used by the Department of Defense.
  - (3) The transportation of personnel of the United States and foreign countries (including per diem expenses associated with such transportation), and the transportation of supplies and equipment, for the purpose of facilitating counter-drug activities within or outside the United States.
  - (4) The establishment (including an unspecified minor military construction project) and operation of bases of operations or training facilities for the purpose of facilitating counter-drug activities of the Department of Defense or any Federal, State, or local law enforcement agency within or outside the United States or counter-drug activities of a foreign law enforcement agency outside the United States.
  - (5) Counter-drug related training of law enforcement personnel of the Federal Government, of State and local governments, and of foreign countries, including associated support expenses for trainees and the provision of materials necessary to carry out such training.
  - (6) The detection, monitoring, and communication of the movement of—
    - (A) air and sea traffic within 25 miles of and outside the geographic boundaries of the United States; and
    - (B) surface traffic outside the geographic boundary of the United States and within the United States not to exceed 25 miles of the boundary if the initial detection occurred outside of the boundary.
  - (7) Construction of roads and fences and installation of lighting to block drug smuggling corridors across international boundaries of the United States.

## FY 2008 SECTION 1021 REPORT

9 December 2008

- (8) Establishment of command, control, communications, and computer networks for improved integration of law enforcement, active military, and National Guard activities.
- (9) The provision of linguist and intelligence analysis services.
- (10) Aerial and ground reconnaissance.

- **Section 1033 Authority:** Public Law No. 105-85, Nov. 18, 1997, amended by §1021, National Defense Authorization Act for Fiscal Year 2001, (Pub. L. No. 106-398), amended by §1021, National Defense Authorization Act for Fiscal Year 2004, (Pub. L. No. 108-136); §1022, NDAA for FY2007, Pub. L. No. 109-364.

(c) Types of Support.--The authority under subsection (a) is limited to the provision of the following types of support to a government named in subsection (b):

- (1) The types of support specified in paragraphs (1), (2), and (3) of section 1031(b) of the National Defense Authorization Act for Fiscal Year 1997 (Public Law 104-201; 110 Stat. 2637).<sup>1</sup>
- (2) The transfer of patrol boats, vehicles, and, subject to section 484(a) of the Foreign Assistance Act of 1961 (22 U.S.C. 2291c(a)), aircraft.
- (3) The maintenance and repair or upgrade of equipment of the government that is used for counter-drug activities.
- (4) The transfer of detection, interception, monitoring and testing equipment.
- (5) For the Government of Afghanistan only, individual and crew served weapons of 50 caliber or less and ammunition for such weapons for counter-narcotics security forces.

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**CENTCOM**

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Relocate high tension wires away from Afghan Marshal Service and the Special Investigations Unit (MS/SIU) compound.

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$1,119K

**DESCRIPTION:** This is a design build project, firm fixed price. The electro-magnetic properties will interfere with the sensitive equipment that will be used on site. The 110KV line and the 20KV line have been re-routed around the compound at a distance to preclude any electro-magnetic interference. Project includes installing new towers, installing all insulators and conductors, disconnecting from old system and reconnecting of new system.

**PROJECT TASKS:**

- Design new layout
- Construct new 110KV line on new route
- Construct new 20KV line on new route
- Disconnect from old system and reconnect to new system

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Construct a new headquarters for the Counternarcotics Police Afghanistan (CNPA).

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$10,900K

**DESCRIPTION:** This is a design build project; firm fixed price. Design and build a complete and usable secure facility based on customer requirements and mission.

**PROJECT TASKS:**

- Demining of construction site
- Design and construct

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Construct a new compound for the Special Investigations Unit and the Afghan Marshal Service.

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$8,400K

**DESCRIPTION:** This is a design build project, firm fixed price. Design and build a complete and usable secure facility based on customer requirements and mission.

**PROJECT TASKS:**

- Demining of construction site
- Design and construct
- Accommodate customer requested changes
- Design and construct new server room

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Upgrade, renovate and provide new construction of an existing border crossing station at Toor Ghondi with commercial inspection facilities to enhance Afghan customs' ability to collect tax revenue.

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$611K

**DESCRIPTION:** Construct a new building, renovate old buildings and add a new generator and transformer.

**PROJECT TASKS:**

- Design and construct new building
- Renovate BCP
- Update electrical system

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Islam Qalat Border Crossing Point

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$19,761K

**DESCRIPTION:** Design and construct border crossing facilities that include in-bound lanes, out-bound lanes, commercial vehicle kiosks, an immigration/welcome center building, public restroom facilities, a drive-through scanner building, a pedestrian customs terminal and a cargo/customs facility.

**PROJECT TASKS:**

- Demining
- Design and construct a complete and usable facility

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Design and construct a new Counternarcotics (CN) Forward Operating Base (FOB) in Jalalabad

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$8,053K

**DESCRIPTION:** The compound is intended to be totally separate and self sustaining from any other facility. It will house both afghan and DEA personnel. The FOB will be surrounded by a rock wall. There will be a secure entry control point, a parking area, dining facility, barracks and a laundry facility. Accommodation will be made for morale welfare activities.

**PROJECT TASKS:** Work has not yet started

- Design and construct FOB on temporary site
- Procure land for permanent site
- Design and construct a complete and usable facility

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Design and construct a new CN FOB in Kunduz. This project will be adjacent to an existing Drug Enforcement Agency (DEA) building, which together will provide a regional base from which narcotics forces may operate.

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$7,968K

**DESCRIPTION:** The compound is intended to be totally separate and self sustaining from any other facility. It will house both afghan and DEA personnel. The FOB will be surrounded by a rock wall. There will be a secure entry control point, a parking area, a dining facility, barracks and laundry facility. Accommodation will be made for morale welfare activities.

**PROJECT TASKS:**

- Secure land
- Obtain right of entry
- Design and construct a complete and usable facility

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Rapiscan wall modification

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$10,500K

**DESCRIPTION:** Increase the height of the wall to meet Rapiscan requirements.

**PROJECT TASKS:**

- Design and construct

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** DEA/INL Hangar

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$3,192K

**DESCRIPTION:** Construct a hangar to support DEA and INL Counternarcotics helos. These aircraft will be used to support Counternarcotic missions throughout Afghanistan.

**PROJECT TASKS:**

- Design and construct

**NATION:** Afghanistan

**PROJECT/BASE SUPPORT EFFORT:** Design and construct a new CN FOB in Herat

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$10,900K

**DESCRIPTION:** The compound is intended to be totally separate and self sustaining from any other facility. It will house both Afghan Commandos and DEA personnel. The FOB will be surrounded by a rock wall. There will be a secure entry control point, a parking area, a Dining Facility (DFAC), barracks and laundry facility. Accommodation will be made for Morale Welfare activities.

**PROJECT TASKS:**

- Secure site
- Demining
- Design and construct a complete and usable facility

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Kyrgyzstan

**PROJECT/BASE SUPPORT EFFORT:** Scorpion Compound Phase III

**PROJECT CODE:** 9204

**FUNDING:** \$3,900K

**DESCRIPTION:** Phase III of a three-phase Special Forces compound. This unit is a Counter-NarcoTerrorism (CNT) specialized organization. The phases included a headquarters building, a guard house, a logistics warehouse, officer barracks, and change orders.

**PROJECT TASKS:**

- Generate requirements, design, construct and change orders as related to the project.

**NATION:** Kyrgyzstan

**PROJECT/BASE SUPPORT EFFORT:** Panther Phase III

**PROJECT CODE:** 9204

**FUNDING:** \$1,400K

**DESCRIPTION:** Special Forces compound. This unit is a CNT specialized organization. These phases include infrastructure, barracks, headquarters building.

**PROJECT TASKS:**

- Generate requirements, design, construct and change orders as related to the project.

**NATION:** Kyrgyzstan

**PROJECT/BASE SUPPORT EFFORT:** Border Service and Forward Operating Bases (Batken, Kapchegai, Khaidarkan).

**PROJECT CODE:** 9204

**FUNDING:** \$2,400K

**DESCRIPTION:** Construction consists of a mixture of new construction, refurbishment and upgrades of existing facilities. All bases and HQ are in the Fergana Valley.

**PROJECT TASKS:**

- Generate requirements, design, construct and change orders as related to the project.

**NATION:** Kyrgyzstan

**PROJECT/BASE SUPPORT EFFORT:** Mobile Interdiction Team and Forward Operating Bases (HQ Osh, Batken, Kapchegai, Khaidarkan, Sary Tash).

**PROJECT CODE:** 9204

**FUNDING:** \$2,500K

**DESCRIPTION:** Construction consists of a mixture of new construction, refurbishment and upgrades of existing facilities. All bases and HQ are in the Fergana Valley.

**PROJECT TASKS:**

- Generate requirements, design, construct and change orders as related to the project.

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Kyrgyzstan

**PROJECT/BASE SUPPORT EFFORT:** Medical Facility (Bishkek)

**PROJECT CODE:** 9204

**FUNDING:** \$2,200K

**DESCRIPTION:** Medical facility to support Panther and Scorpion Compounds, Border Service and Mobile Integration Teams. Facility includes operating unit, x-ray unit, anesthesiology unit, office spaces, recovery, utilities and emergency unit.

**PROJECT TASKS:**

- Generate
- Design
- Construct
- Change Orders

**NATION:** Pakistan

**PROJECT/BASE SUPPORT EFFORT:** Frontier Corps Sector Headquarters

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$6,106K

**DESCRIPTION:** This compound includes a Frontier Corps Sector Headquarters admin/office facility, barracks, armory, and messing facilities.

**PROJECT TASKS:**

- Request right of entry
- Clear sites
- Design and construct site, site adapt

**NATION:** Pakistan

**PROJECT/BASE SUPPORT EFFORT:** Frontier Corps Training Center Phase II

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$13,102K

**DESCRIPTION:** This completes efforts established in Phase I to include classrooms, instructor barracks, student barracks, coalition Headquarters, messing facilities, vehicle and vehicle maintenance facilities, compound utilities/infrastructure, and force protection.

**PROJECT TASKS:**

- Request right of entry
- Clear sites
- Design and construct site, site adapt

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Pakistan

**PROJECT/BASE SUPPORT EFFORT:** Pakistan Towers I. Design and construct 16, 120 foot tall observation platforms for the Pakistani Border Police.

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$3,515K

**DESCRIPTION:** The towers will be spaced at regular intervals along the Pakistan/Afghan border. The towers will enable the border guards to monitor cross border traffic of contraband. The base of the tower will be surrounded by a rock wall for security. There will be quarters for the guards, and a power supply, both generator and solar. The towers will be linked via satellite using computers.

**PROJECT TASKS:**

- Request right of entry
- Clear sites
- Design and construct site, site adapt

**NATION:** Pakistan

**PROJECT/BASE SUPPORT EFFORT:** Pakistan Towers II. Design and construct 10 observation towers for the Pakistani Coast Guard in the South.

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$3,204K

**DESCRIPTION:** The towers will be spaced at regular intervals along the Pakistan Coast. The towers will enable the border guards to monitor and interdict the smuggling of narcotics and other contraband.

**PROJECT TASKS:**

- Request right of entry
- Clear sites
- Design and construct site, site adapt

**NATION:** Pakistan

**PROJECT/BASE SUPPORT EFFORT:** Refurbishment of Coast Guard Outposts

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$3,941K

**DESCRIPTION:** The intent of this project is to refurbish or replace the old Coast Guard facilities along the coast. The Coast Guard posts will enable the border guards to monitor and interdict the smuggling of narcotics and other contraband. The post will be of standard configuration having a secure location and the required housing facilities. All the sites will be self contained.

**PROJECT TASKS:**

- Conduct survey of buildings and sites
- Design construct, renovate as required
- Turnover sites

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Tajikistan

**PROJECT/BASE SUPPORT EFFORT:** Design and build border guard posts at Ribhoz, Sayod, and Kokul.

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$4,788K

**DESCRIPTION:** The project consists of constructing new border guard posts garrisons at Sayod and Ribhoz with an option for Kokul, to accommodate approximately sixty (60) duty station personnel. New construction includes enlisted barracks, officer housing, dining facilities, vehicle maintenance area, AT/FP measures and all supporting utilities and infrastructure.

**PROJECT TASKS:**

- Request right of entry
- Survey sites
- Design and construct
- Turn over as completed

**NATION:** Tajikistan

**PROJECT/BASE SUPPORT EFFORT:** Rapiscan wall modification

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$11K

**DESCRIPTION:** Increase the height of the wall to meet Rapiscan requirements

**PROJECT TASKS:**

- Request right of entry
- Design and construct

**NATION:** Tajikistan

**PROJECT/BASE SUPPORT EFFORT:** Design and construct a Commercial Customs Inspection Facility.

**PROJECT CODE:** 9204

**FUNDING (\$K):** \$4,649K

**DESCRIPTION:** Design and construct a Commercial Customs Facility (CCF) in support of the newly completed Afghanistan – Tajikistan Bridge. Project site is located in Nizhny Pyandzh, on the Tajik side of the bridge and in the area adjacent to the (Tajik) Border Crossing Point.

**PROJECT TASKS:**

- Obtain Visas
- Obtain right of entry
- Conduct site survey
- Design and construct complete and usable facility

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**EUCOM**

**NATION:** Albania

**PROJECT/BASE SUPPORT EFFORT:** Renovation of Albanian State Intelligence Service (SHISH) Field Stations

**PROJECT CODE:** 9205

**FUNDING (\$K):** \$50K

**DESCRIPTION:** Funding provided to the U.S. Army Corp of Engineers to draft statement of work and engineering designs for the renovation of Albanian SHISH field stations, the SHISH are responsible for conduction 80% of all CN investigations.

**PROJECT TASKS:**

Construct with USACE for preliminary design and site visits

**NATION:** Cape Verde

**PROJECT/BASE SUPPORT EFFORT:** Cape Verde Operations Support Center

**PROJECT CODE:** 9205

**FUNDING (\$K):** \$10.3K

**DESCRIPTION:** Provide 7 computers (5 laptops and 2 desktops) to equip the Cape Verde Operations Support Center with the tools necessary to conduct training and function as a medium for ship to shore communications between United States Coast Guard Station DALLAS and the host nation during maritime law enforcement operations.

**PROJECT TASKS:**

- Computers, network training and installing and providing partner nation unclassified multilingual chat capability
- DSL connection fees

**NATION:** Georgia, Republic of

**PROJECT/BASE SUPPORT EFFORT:** Interagency Information Fusion Center (IFC) site survey and establishment of the Georgian IFC working group

**PROJECT CODE:** 2365

**FUNDING (\$K):** \$3.6K

**DESCRIPTION:** Expenditure was for EUCOM's Georgia CNT project officer and CNT's IFC coordinator to assess the suitability of candidate sites selected for a future IFC. Additionally, initial talks with Georgian Navy and Coast Guard participants resulted in the establishment of an IFC working group that would stand up the IFC and the drafting of the Memorandum of Understanding that would govern the operation and maintenance of the IFC.

**PROJECT TASKS:**

- Driver, translator, administrative support

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Ghana

**PROJECT/BASE SUPPORT EFFORT:** Police HQ evidence and training facility project

**PROJECT CODE:** 9205

**FUNDING (\$K):** \$540K

**DESCRIPTION:** Funding providing for the building of a facility for the Ghanaian Police Headquarters to store and house drug evidence and captured weapons as well as provides a drug law enforcement training facility.

**PROJECT TASKS:**

- New building design, construction & management and oversight by Naval Facility

**NATION:** Ghana

**PROJECT/BASE SUPPORT EFFORT:** Patrol boat maintenance, storage and training facility projects

**PROJECT CODE:** 9205

**FUNDING (\$K):** \$300K

**DESCRIPTION:** Funding providing for the building of a facility at the Tema Naval Training Compound and a boat launch to support rapid patrol boat maintenance, storage and training. Rapid patrol boats are used to detect and interdict the smuggling activities within the Ghanaian waters.

**PROJECT TASKS:**

- New building design, construction & management and oversight by Naval Facility

**NATION:** Ghana

**PROJECT/BASE SUPPORT EFFORT:** Airport security enhancement project

**PROJECT CODE:** 9205

**FUNDING (\$K):** \$75K

**DESCRIPTION:** Funding providing for the building of a climate controlled facility within the airport facility at Accra, Ghana to support an X-Ray machine donated by the Department of State to detect drug smuggling at the airport.

**PROJECT TASKS:**

- Design, minor construction/new facility, management and oversight by Naval Facility

**NATION:** Malta

**PROJECT/BASE SUPPORT EFFORT:** Communications survey

**PROJECT CODE:** 9205

**FUNDING (\$K):** \$30K

**DESCRIPTION:** Funding provided for communications engineering support to conduct survey of the Armed Forces Malta (AFM) communication architecture and prepare C3I report to assist in the upgrade of communication networks and command and control networks used to conduct CN operations.

**PROJECT TASKS:**

- Communication architecture survey and associated engineering report/CECOM.

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Romania

**PROJECT/BASE SUPPORT EFFORT:** Facility Construction of a facility to make operational as an information collection facility – Open Source

**PROJECT CODE:** 9205

**FUNDING (\$K):** \$1124K

**DESCRIPTION:** Construction of a facility to make operational as an information collection facility – Open Source – Unclassified title of the project “Shadow Fall”

**PROJECT TASKS:**

- Design work, construction, equipment, management, and oversight by Naval Facility

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**PACOM**

**NATION:** Cambodia

**PROJECT/BASE SUPPORT EFFORT:** Renovation of Provincial Police Facility at Preah Vihear, CB

**PROJECT CODE:** 9202

**FUNDING (\$K):** \$456K

**DESCRIPTION:** Training infrastructure renovation/construction at Gendarmerie (Provincial Police) camp in order to support unit training, including JIATF West sponsored training events.

**PROJECT TASKS:**

- Construct barracks, latrines, and dining facility for 50 students, and install security fencing around the facility

**NATION:** Indonesia

**PROJECT/BASE SUPPORT EFFORT:** Minor Repairs at the Interagency Fusion Center Outstation at Denpasar, ID

**PROJECT CODE:** 3365

**FUNDING (\$K):** \$13K

**DESCRIPTION:** The facility, initiated in FY2006, provides Indonesian customs agents stationed at the Denpasar airport with the capability to conduct operational planning and intelligence collection in concert with the Joint Interagency Counter Drug Operations Center (JIACDOC), Indonesia's national center. Minor repair/renovation work was required to address out-of-warranty defects in the customs facility.

**PROJECT TASKS:**

- Electrical and mechanical renovations

**NATION:** Indonesia

**PROJECT/BASE SUPPORT EFFORT:** On-going Program Support to the Indonesian IFC Program based at the Joint Interagency Counter Drug Operations Center (JIACDOC) at Jakarta, ID

**PROJECT CODE:** 3365

**FUNDING (\$K):** \$701K

**DESCRIPTION:** This facility serves as the national center for the Interagency Fusion Program in Indonesia, responsible for planning and coordinating intelligence collection and interdiction operations related to drug trafficking. JIATF West efforts to support enhanced operations at this national center and of the Indonesian national IFC network as a whole are detailed in the tasks listed below.

**PROJECT TASKS:**

- Support and maintenance of Indonesian IFC IT resources/networks
- Network connectivity and repair & replacement of IT equipment
- IT support to JIATF West sponsored training
- Infrastructure site management services
- Interpretation, translation, and administrative support services

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Indonesia

**PROJECT/BASE SUPPORT EFFORT:** IT Installation Support at Interagency Fusion Center Outstation (Tanduk Rusa)

**PROJECT CODE:** 3365

**FUNDING (\$K):** \$170K

**DESCRIPTION:** This facility provides Indonesian Marine Police (POLAIR) with the capability to conduct operational planning and intelligence collection in concert with the Joint Interagency Counter Drug Operations Center (JIACDOC), Indonesia's national center. FY2008 funds supported purchase and installation of IT infrastructure/communications equipment in this FY2007- funded facility. Additionally, modification to the facilities addressed communications and structural issues.

**PROJECT TASKS:**

- Purchase and installation of computer/communications equipment
- Repairs to the existing roof, placement of additional windows, enlargement of existing windows, and reconfiguration of restrooms
- Redesign antenna tower and building to support a free standing antenna tower

**NATION:** Federated States of Micronesia

**PROJECT/BASE SUPPORT EFFORT:** IT Installation Support at the Transnational Crime Unit Facility at Pohnpei, FSM

**PROJECT CODE:** 3365

**FUNDING (\$K):** \$29K

**DESCRIPTION:** This facility operates as one node of the Pacific Transnational Crime Coordination Center network sponsored by the Australian Federal Police for the purpose of tracking illicit activity in Oceania. This facility was initiated and funded in FY2007; however, the project was not completed until FY2008. Minor modification after initial project completion upgraded security and facility drainage.

**PROJECT TASKS:**

- Installed fence and gutters

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Philippines

**PROJECT/BASE SUPPORT EFFORT:** Maritime Police HQs Renovation at Puerto Princesa, RP

**PROJECT CODE:** 9202

**FUNDING (\$K):** \$542K

**DESCRIPTION:** New headquarters facilities are being constructed for the Philippine National Police – Maritime Group at Honda Bay, Puerto Princesa.

**PROJECT TASKS:**

- Construction of a two-story HQ building, covered boat maintenance area, and boat ramp

**NATION:** Philippines

**PROJECT/BASE SUPPORT EFFORT:** Training infrastructure construction at Tuguegarao, RP

**PROJECT CODE:** 9202

**FUNDING (\$K):** \$540K

**DESCRIPTION:** Construction of a consolidated training facility in order to support unit training, including JIATF West sponsored training events, for Philippine National Police at Camp Adduru.

**PROJECT TASKS:**

- Renovation of a shooting range and construction of a rappel tower, “slide for life,” barracks, classroom, and dining facilities

**NATION:** Philippines

**PROJECT/BASE SUPPORT EFFORT:** On-going Program Support to the Philippine IFC Program based at the Interagency Counterdrug Operations Network (ICON) at Manila, RP

**PROJECT CODE:** 3365

**FUNDING (\$K):** \$534K

**DESCRIPTION:** This facility, collocated with the Philippines Drug Enforcement Agency (PDEA) national headquarters and formerly known as the Maritime Drug Enforcement Coordination Center (MDECC), serves as the national center for the Interagency Fusion Program in the Philippines, responsible for planning and coordinating intelligence collection and interdiction operations related to drug trafficking. JIATF West efforts to support enhanced operations at this national center and of the Philippine national IFC network as a whole are detailed in the tasks listed below.

**PROJECT TASKS:**

- Support and maintenance of Philippine IFC IT resources/networks
- Network connectivity and repair & replacement of IT equipment
- IT support to JIATF West sponsored training
- Infrastructure site management services
- Interpretation, translation, and administrative support services
- Purchase and installation to upgrade IT resources
- Train ICON personnel on use of Arc-GIS geo-mapping software application

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Thailand

**PROJECT/BASE SUPPORT EFFORT:** Repair/Upgrade Floating Pier at Nong Khai, TH

**PROJECT CODE:** 9202

**FUNDING (\$K):** \$48K

**DESCRIPTION:** Repair and upgrade of a floating pier on the Mekong River in support of Royal Thai Marine Police Subdivision 11. The original pier was constructed with FY 07 funds and was damaged by FY 08 flooding.

**PROJECT TASKS:**

- Provided emergency repairs to avoid further structure damage due to flooding, installed fencing to secure the site, lengthened pylon posts to mitigate risk of future flood damage, and repaired various minor damage caused by the recent floods

**NATION:** Thailand

**PROJECT/BASE SUPPORT EFFORT:** Site Improvements to the Vehicle Control Checkpoint at Chumphon, TH

**PROJECT CODE:** 3365

**FUNDING (\$K):** \$373K

**DESCRIPTION:** Construction of training infrastructure to increase the capability of the Royal Thai Police Narcotics Suppression Bureau at this vehicle control checkpoint. The addition of barracks will enable a 24/7 operation with less staff. The training facility will serve as the site for training students for operations at this and other checkpoints.

**PROJECT TASKS:**

- Construct barracks and provide training facilities upgrades
- Computer and communications equipment

**NATION:** Thailand

**PROJECT/BASE SUPPORT EFFORT:** Renovation to Standup an Interagency Fusion Center at Bangkok, TH

**PROJECT CODE:** 3365

**FUNDING (\$K):** \$172K

**DESCRIPTION:** Complete renovation of a 100-year old building at the Rattana Palace to complete the first phase of the Bangkok Interagency Operations Center (BIOC). The renovated facility will serve as a national center for the Interagency Fusion Program in the Thailand, responsible for planning and coordinating intelligence collection and interdiction operations related to drug trafficking. The Royal Thai Police, Special Branch will lead Thai interagency operations at this facility.

**PROJECT TASKS:**

- "Gut" interior and partition into offices, provide electrical installation/upgrade, complete plumbing installation/upgrade
  - Purchase and installation of computer equipment
  - Support and maintenance of installed computer/communications equipment
-

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Thailand

**PROJECT/BASE SUPPORT EFFORT:** On-going Program Support to the Thai IFC Program based at the Interagency Intelligence Fusion Center (IIFC) at Chiang Mai, TH

**PROJECT CODE:** 3365

**FUNDING (\$K):** \$671K

**DESCRIPTION:** This facility, located on a Royal Thai Army Compound, serves as the center for the Interagency Fusion Program in Thailand, responsible for planning and coordinating intelligence collection and interdiction operations related to drug trafficking. JIATF West efforts to support enhanced operations at this IFC and establishment of the Thai national IFC network are detailed in the tasks listed below.

**PROJECT TASKS:**

- Support and maintenance of Thai IFC IT resources/networks
- Network connectivity and repair & replacement of IT equipment
- IT support to JIATF West-sponsored training
- Interpretation, translation, and administrative support services
- Purchase and installation to upgrade IT resources
- Train IIFC personnel on use of Arc-GIS geo-mapping software application
- Train IIFC personnel on use of i2 Analyst Notebook software application

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**SOUTHCOM**

**NATION:** Belize

**PROJECT/BASE SUPPORT EFFORT:** HQ Facility Belize Coast Guard

**PROJECT CODE:** 9493

**FUNDING:** \$1,900K

**DESCRIPTION:** Project will fully operationalize Belizean Coast Guard headquarters/operations. Location is strategically positioned to maximize CN interdiction operations in the Western Caribbean astride a key "go-fast" drug trafficking area. Project supports JIATF-S interdiction efforts.

**PROJECT TASKS:**

- Site preparation
- Pour concrete slab and piers
- Vertical construction (structural brick)
- Septic system

**NATION:** Colombia

**PROJECT/BASE SUPPORT EFFORT:** Install fixed fuel sites for the Colombian Marine Corps

**PROJECT CODE:** 9201

**FUNDING (\$K):** \$3,300K

**DESCRIPTION:** Funding provided for the purchase and installation of 5 fixed fuel sites supporting the Colombian Marine Corps Riverine interdiction mission. Projects were design/build and included the purchase of 10K gallon fuel tanks (diesel/gas), additional filtering systems, and trailers for mobile fuel bags to support extended operations from remote sites. Project also included the construction of overhead sheds to protect the bladders/tanks from the environment. The five sites included Puerto Carreno, Puerto Inirida, Yati, Tumaco, and Guapi.

**PROJECT TASKS:**

- Grading and site prep for the fixed sites
- Minor electrical installation to the overhead sheds
- Construction of a diesel/gas containment/spillover site
- Purchase and delivery of related equipment (bladders/tanks/trailers/filtration systems)

**NATION:** Colombia

**PROJECT/BASE SUPPORT EFFORT:** Construction of a 60 man barracks for the Colombian Marine Corps

**PROJECT CODE:** 9201

**FUNDING (\$K):** \$500K

**DESCRIPTION:** Funds provided for the construction of a one story barracks facility to house the permanent personnel/training cadre that supports the primary riverine maintenance facility at Guaymoral. Project provides 350 sq meters of floor space.

**PROJECT TASKS:**

- Site preparation
- Vertical construction (structural brick)
- Utilities installation

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Colombia

**PROJECT/BASE SUPPORT EFFORT:** Facility upgrades to the Colombian Riverine Base at Puerto Carreno

**PROJECT CODE:** 9201

**FUNDING (\$K):** \$1,000K

**DESCRIPTION:** Funding provides for the installation/construction of a boat ramp/maintenance hangar/and access road supporting the expanded capabilities of the Colombian Marine Corps along the Venezuelan border.

**PROJECT TASKS:**

- Site preparation for all elements of the project
- Pour 100 cubic yards of concrete for boat ramp
- Grade and pour hard surface materials for 1.5KM access road-Vertical construction to include metal roof/concrete masonry interior/exterior walls for maintenance hangar
- Upgrade electrical power grid for base expansion

**NATION:** Colombia

**PROJECT/BASE SUPPORT EFFORT:** Colombia Air Base in Bogota warehouse storage facility/office space

**PROJECT CODE:** 9201

**FUNDING:** \$1,300K

**DESCRIPTION:** Funding provides for the design/construction of a 1000 sq meter 2 story warehouse for the storage of aviation parts/equipment supporting Colombian Air Force aircraft used in support of Air Bridge Denial (ABD) operations and logistical supply/movement/sustainment of deployed forces. Bottom floor provides a "ready for movement" storage facility with the second floor serving as the office space for the Colombian Air Force (COLAF) "Grupo Techno that oversees maintenance/supply operations for the COLAF.

**PROJECT TASKS:**

- Site preparation
- Pour concrete slab
- Vertical construction including brick/metal walls/pillars and reinforcing concrete

**NATION:** Colombia

**PROJECT/BASE SUPPORT EFFORT:** Staging Area at Colombia Air Base in Bogota for JTF-Omega

**PROJECT CODE:** 9201

**FUNDING (\$K):** \$250K

**Description:** Project provides for the initial design of a staging area for JTF-Omega forces staging at Colombia Air Base in Bogota. Project will provide for a temporary staging and movement facility for the movement of JTF-Omega forces. Project scope includes ramp space/overhead cover/minor utilities.

**Project Tasks:**

- TBD

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Colombia

**PROJECT/BASE SUPPORT EFFORTS:** Florencia Outstation

**PROJECT CODE:** 9201 (Security Assistance Training Field Activities)

**FUNDING:** \$22K

**DESCRIPTION:** Shoot house roof improvement – on going. Used to train Colombian Army units in room clearing techniques.

**PROJECTED TASK:**

- Designs
- Preliminaries
- Structure
- Roofing
- Carpentry
- Pour concrete slab

**NATION:** Ecuador

**PROJECT/BASE SUPPORT EFFORTS:** Quito warehouse and ammo storage upgrade

**PROJECT CODE:** 9201

**FUNDING:** \$100K

**DESCRIPTION:** Upgrade warehouse and ammo storage facility in an existing building at the Ecuadorian Army Special Operations Group (GEO) facilities. Provides storage and repair facilities supporting CN operations along the northern border with Colombia. GEO in conjunction with U.S. trainers have focused on providing Ecuador Military northern border units with training in CN operations.

**PROJECT TASKS:**

- TBD

**NATION:** Ecuador

**PROJECT/BASE SUPPORT EFFORTS:** 55th Battalion (BN), upgrade barracks and construct pier – ramp facilities

**PROJECT CODE:** 9201

**FUNDING:** \$900K

**DESCRIPTION:** Project supports the 55th BN CN operations on the northern border with Colombia. Unit is one of the principal BNs engaged in CN operations on the northern border. Project will provide for the repair/refurbishment of the barracks and latrines. Additionally, the project will construct a pier and ramp facility to enhance security and gain control of the various rivers along the northern borders with Colombia. The 55th BN use of boats is their primary means of transportation.

**PROJECT TASKS:**

- Site preparation
  - Renovate barracks and latrines
  - Construct Floating dock
  - Construct Boat Hangar
  - Install Generator
  - Install water wells/pumps
-

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Ecuador

**PROJECT/BASE SUPPORT EFFORT:** Base Operating Support for Manta FOL

**PROJECT CODE:** 9500

**FUNDING:** \$14,268K

**DESCRIPTION:** AFSOUTH maintains and operates a Forward Operating Location (FOL) in Manta, Ecuador. FOL Manta consists of 136 Facilities of which 30 are buildings. Total square footage for Manta FOL is 192,234. FOL Manta provides a base of operations to facilitate counter drug detection and monitoring operations within the USSOUTHCOM AOR.

**PROJECT TASKS:**

- Construct paved asphalt road to refueler parking pad.
- Base support contract includes maintenance and repair of facilities, encompassing 24 different minor construction projects for \$255K. Includes replacement of the telecommunication system for \$283K in order to meet new standards and upgrade capabilities. Also includes operations and maintenance of the dining facility, lodging, fire department, communications, and operations infrastructure.
- Management support, supplies and equipment, support of deployed personnel such as security forces, communications support and other support

**NATION:** El Salvador

**PROJECT/BASE SUPPORT EFFORT:** Security camera upgrade

**PROJECT CODE:** 9500(N)

**FUNDING (\$K):** \$60K

**DESCRIPTION:** Provide day/night cameras at key locations on FOL.

**PROJECT TASKS:**

- Install day/night cameras at key nodes surrounding FOL property.
- Provide monitors to security personnel.
- Establish procedures for response to intrusion situations.

**NATION:** El Salvador

**PROJECT/BASE SUPPORT EFFORT:** Underground security perimeter fence line

**PROJECT CODE:** 9500(N)

**FUNDING (\$K):** \$92K

**DESCRIPTION:** Install underground fence line sensors around perimeter of FOL property.

**PROJECT TASKS:**

- Design routing for underground fence line to provide intrusion detection for perimeter areas that are not paved.
- Remove earth at proper depth to optimize intrusion detection.
- Install fence line sensors and monitors to assist security personnel

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** El Salvador

**PROJECT/BASE SUPPORT EFFORT:** Infra-red security fence line

**PROJECT CODE:** 9500(N)

**FUNDING (\$K):** \$78K

**DESCRIPTION:** Infra-red security sensors at throat of aircraft ramp

**PROJECT TASKS:**

- Design and construct mounts to allow full coverage for access points to aircraft ramp.
- Provide electrical power to the sensors.
- Install sensors and monitors to detect intrusion on aircraft ramp from access points.

**NATION:** El Salvador

**PROJECT/BASE SUPPORT EFFORT:** Base Operating Support contract for FOL Comalapa, El Salvador

**PROJECT CODE:** 9500(N)

**FUNDING (\$K):** \$2,485K

**DESCRIPTION:** Contract to provide administrative, infrastructure, and operations support to the mission of the Forward Operating Location, Comalapa, El Salvador.

**PROJECT TASKS:**

- Employs approximately 40 host nation personnel to perform administrative, maintenance support, and flight operations assistance in the daily operations of the FOL.
- Provides funds to perform minor repairs to the FOL facilities.
- This is the last option year for this contract. Bids and renegotiation will occur in 2<sup>nd</sup> quarter of FY2009

**NATION:** Honduras

**PROJECT/BASE SUPPORT EFFORTS:** Honduran Navy FOS in Caratasca, multi-purpose operations facility, pier, and base support infrastructure.

**PROJECT CODE:** 9493

**FUNDING:** Ops Facility \$1.2M, Pier \$700K, Base infrastructure \$300K.

**DESCRIPTION:** Project will provide a forward operating base of operations for the Honduran Navy to conduct CN interdiction operation in the Western Caribbean astride a "key" go-fast" drug trafficking area. Project entails the construction of a pier, multi-purpose Operations facility, and power and water infrastructure. Project will also support JIATF-S interdiction operations in the area.

**PROJECT TASK:**

- Site preparation
- Pour concrete slab
- Vertical Construction (structural brick)
- Utilities and wind power generator
- Septic system
- Drive prestressed concrete pylons for pier
- Install water tanks

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Netherland Antilles

**PROJECT/BASE SUPPORT EFFORT:** Base Operating Support for Curacao FOL

**PROJECT CODE:** 9500

**FUNDING:** \$20,616K

**DESCRIPTION:** AFSOUTH maintains and operates a Forward Operating Location in Curacao, Netherlands Antilles. FOL Curacao consists of 40 Facilities of which 15 are Buildings. Total square footage for Curacao FOL is 86,818. Curacao FOL provides a base of operations to facilitate counter drug detection and monitoring operations within the USSOUTHCOM AOR.

**PROJECT TASKS:**

- Replacement of concrete slabs, as part of project to repair aircraft parking ramp.
- Design of refueler truck parking area.
- Design of GOV fuel tank area.
- Construct pavement for fire department shelter.
- Construct TACAN shelter and install antenna replacing highly-corroded facilities.
- Life-cycle replacement of computers (1/3 every 3 years).
- Upgrade of communications switches replacing outdated ones in SCIF area.
- Upgrade to Promina 800 communication system to control access to phone lines and required for network access within SCIF.
- Purchase of server racks for new servers and associated equipment.
- Install of fiber optic lines to Fire Department and TACLAN.
- Rewire of Open Storage area to meet new EMSEC requirements (equipment only, TDY costs included below).
- Base support contract includes maintenance and repair of facilities, including 26 different minor construction projects for \$555K. Includes replacement of the telecommunication system for \$227K in order to meet new standards and upgrade capabilities. Also includes operations and maintenance of the lodging, fire department, communications, and operations infrastructure.
- Management support, supplies and equipment, support of deployed personnel such as security forces, fire fighters, communications support and other support.

**NATION:** Netherland Antilles

**PROJECT/BASE SUPPORT EFFORT:** Base Operating Support for Aruba FOL

**PROJECT CODE:** 9500

**FUNDING:** \$328K

**DESCRIPTION:** AFSOUTH maintains and operates a Forward Operating Location in Aruba, Netherlands Antilles. FOL Aruba consists of 1 Building. Total Square Footage for Aruba FOL is 3,200. Aruba FOL provides a capability to facilitate counter drug detection and monitoring operations within the USSOUTHCOM AOR.

**PROJECT TASKS:**

- Management support, supplies and equipment, support of deployed personnel communications support and other support.

**FY 2008 SECTION 1021 REPORT**

9 December 2008

**NATION:** Nicaragua

**PROJECT/BASE SUPPORT EFFORTS:** Corinto Naval Forward Operating Site (FOS), maintenance facility and wharf repair

**PROJECT CODE:** 9493

**FUNDING:** \$480K

**DESCRIPTION:** Project will provide a fully operational maintenance facility to ensure operational readiness of CN intercept boats. Wharf repair will stabilize and reinforce an existing wharf to provide CN intercept vessels with a stable support docking area. Project will allow Nicaraguan Navy a viable port to conduct CN interdiction operations along their Pacific Coast.

**PROJECT TASK:**

- Site preparation
- Vertical Construction (structural brick)
- Pour concrete slab
- Pour concrete to stabilize Wharf

**NATION:** Peru

**PROJECT/BASE SUPPORT EFFORT:** Pichara Naval Station, Joint Operations Intelligence Center – Clinic – Base Infrastructure.

**PROJECT CODE:** 9201

**FUNDING:** \$1.9M

**DESCRIPTIONS:** Project provides for an operational capability to increase joint CN operations in the Apurimac and Ene River Valleys. Base supports Peruvian National Police and Peruvian Army/Navy/and Marine Corps. Project is a critical element of the Peruvian Gov Plan VRAE aimed at disrupting /interdicting the production and movement of drugs in this significant coca producing area.

**PROJECT TASK:**

- Demolition and site prep
- Install above ground water tanks
- Install generator facilities
- Construct clinic
- Construct barracks, latrines, dining hall, and kitchen
- Grade airfield
