WASHINGTON, D.C. 20301-4000

ACTION MEMO

September 25, 2005; 7:00 PM

FOR: SECRETARY OF DEFENSE

DepSecDef _____

FROM: David S. C. Chu, USD (P&R)

Signature & Date

SUBJECT: Joint Duty Assignment List Validation Recommendation Package

- The Vice Director, Joint Staff, requests approval of the results of the January and June 2005 Joint Duty Assignment List (JDAL) Validation Boards (Tab B).
 - Delete 72 positions located in permanent organizations, add 34 positions located in permanent organizations, and add 527 qualifying temporary positions, located in Joint Task Force (JTF) and other warfighting-related organizations to the JDAL.
- Adding qualifying temporary positions to the JDAL, as an exception to policy, recognizes the intensely joint nature of deserving billets within the construct of our operational forces.
- By exercising your authority under title 10 U.S.C., section 664(b) to waive statutory tour lengths (Tab C), officers serving 12 consecutive months in approved billets would be eligible for award of full joint duty credit under title 10 U.S.C., section 664(F) (Tab D).
 - Full joint tour credit may be awarded these officers if, on a case-by-case basis, you determine the service completed by each is considered to be of sufficient intensity and scope to equate to a full tour of duty in a standard joint duty assignment.
- The list of positions recommended for deletion and inclusion on the JDAL is at Tab A. Full supporting documentation that details the duties is on file.
- These positions meet the definition of a joint duty assignment as defined by DODI 1300.20 (Tab E).

RECOMMENDATION: Initial below to approve results of the January and June 2005 JDAL Validation Boards at Tab A.

SECRETARY OF DEFENSE DECISION:

Approve _____ Disapprove _____ Other _____

COORDINATION: Tab F

Attachments:

As stated

Prepared By: _____

22 September 2005

**MEMORANDUM FOR THE UNDER SECRETARY OF DEFENSE FOR
PERSONNEL AND READINESS**

**Subject: Positions for Addition and Deletion to the Joint Duty Assignment List
(JDAL) and JDAL Annex**

1. The Joint Staff conducted a Joint Duty Assignment List Validation Board on 21 June. The board considered 504 total positions submitted for either inclusion or deletion from the JDAL.
2. Enclosed are 334 positions. Of these, there are 34 permanent positions recommended by the validation board for inclusion on the JDAL, 57 positions recommended for deletion from the JDAL and 243 joint task force (JTF) and other warfighting-related positions recommended for approval and inclusion on the JDAL Annex. Recommendations are in accordance with 10 USC 668 and DODI 1300.20.D.
3. These recommendations are in addition to the January 2005 board which recommended addition of 284 JTF positions to the JDAL Annex and the deletion of 15 permanent positions from the JDAL.
4. Approval of these two boards will allow Secretary of Defense to use his waiver authority to grant full joint duty credit to a total of 527 (284 from the January 2005 board and the 243 recommended by this board) joint warfighting officers. Currently these officers are only awarded cumulative joint duty credit for time served. This action will also remove a total of 72 permanent positions from the JDAL.

5. The Joint Staff point of contact is Lieutenant Colonel (b)(6) USAF;
J-1/JMD/JOM; (b)(6)

TITLE 10 > Subtitle A > PART II > CHAPTER 38 > § 664

[Prev](#) | [Next](#)

§ 664. Length of joint duty assignments

Release date: 2005-07-12

(a) **General Rule.**— The length of a joint duty assignment—

- (1) for general and flag officers shall be not less than two years; and
- (2) for other officers shall be not less than three years.

(b) **Waiver Authority.**— The Secretary of Defense may waive subsection (a) in the case of any officer.

(c) **Initial Assignment of Officers With Critical Occupational Specialties.**— The Secretary may for purposes of section 661 (c)(2) of this title authorize a joint duty assignment of less than the period prescribed by subsection (a), but not less than two years, without the requirement for a waiver under subsection (b) in the case of an officer—

- (1) who is nominated for the joint specialty;
- (2) who has a military occupational specialty designated under section 661 (c)(2) of this title as a critical occupational specialty; and
- (3) for whom such joint duty assignment is the initial joint duty assignment.

(d) **Exclusions From Your Length.**— The Secretary of Defense may exclude the following service from the standards prescribed in subsection (a):

- (1) Service in a joint duty assignment in which the full tour of duty in the assignment is not completed by the officer because of—
 - (A) retirement;
 - (B) release from active duty;
 - (C) suspension from duty under section 155 (f)(2) or 164 (g) of this title; or
 - (D) a qualifying reassignment (as described in subsection (g) (4)).
- (2) Service in a joint duty assignment outside the United States or in Alaska or Hawaii which is less than the applicable standard prescribed in subsection (a).
- (3) Service in a joint duty assignment in a case in which—
 - (A) the officer's tour of duty in that assignment brings the officer's cumulative service for purposes of subsection (f)(3) to the applicable standard prescribed in subsection (a); and
 - (B) the length of time served in that assignment (in any case other than an assignment which is described in subsection (g)(4) (B)) was not less than two years.

(e) Average Tour Lengths.—

(1) The Secretary shall ensure that the average length of joint duty assignments during any fiscal year, measured by the lengths of the joint duty assignments ending during that fiscal year, meets the standards prescribed in subsection (a).

(2) In computing the average length of joint duty assignments for purposes of paragraph (1), the Secretary may exclude the following service:

(A) Service described in subsection (c), except that not more than 12 1/2 percent of all joint duty assignments shown on the list published pursuant to section 668 (b)(2)(A) of this title may be so excluded in any year.

(B) Service described in subsection (d).

(C) Service described in subsection (f)(6), except that no more than 10 percent of all joint duty assignments shown on the list published pursuant to section 668 (b)(2)(A) of this title may be so excluded in any year.

(f) Full Tour of Duty.— An officer shall be considered to have completed a full tour of duty in a joint duty assignment upon completion of any of the following:

(1) A joint duty assignment that meets the standards prescribed in subsection (a).

(2) A joint duty assignment under the circumstances described in subsection (c).

(3) Cumulative service in joint duty assignments as described in subsection (g).

(4) A joint duty assignment outside the United States or in Alaska or Hawaii for which the normal accompanied-by-dependents tour of duty is prescribed by regulation to be at least two years in length, if the officer serves in the assignment for a period equivalent to the accompanied-by-dependents tour length (except that not more than 6 percent of all joint duty assignments may be considered to be under this paragraph at any time).

(5) A joint duty assignment with respect to which the Secretary of Defense has granted a waiver under subsection (b), but only in a case in which the Secretary determines that the service completed by that officer in that duty assignment shall be considered to be a full tour of duty in a joint duty assignment.

(6) A second joint duty assignment that is less than the period required under subsection (a), but not less than two years, without regard to whether a waiver was granted for such assignment under subsection (b).

(g) Cumulative Credit.—

(1) Cumulative service for purposes of subsection (f)(3) is service in joint duty assignments which totals in length not less than the applicable standard prescribed in subsection (a) and which includes at least one tour of duty in a joint duty assignment that—

(A) was performed outside the United States or in Alaska or Hawaii; or

(B) was terminated because of a qualifying reassignment (as described in paragraph (4)).

(2) In computing cumulative service of an officer in joint duty assignments for purposes of paragraph (1), a tour of duty of the officer in a joint duty assignment other than a tour of duty specified in subparagraph (A) or (B) of paragraph (1) may not be counted unless the officer served at least two years in the assignment. The prohibition on counting certain tours of duty in the preceding sentence does not apply to a joint duty assignment which follows a reassignment described in paragraph (4)(B).

(3) In computing the cumulative service of an officer in joint duty assignments for purposes of paragraph (1), a tour of duty in a joint duty assignment shall be excluded if the officer served less than 10 months in that assignment.

(4) For purposes of paragraph (1)(B), a qualifying reassignment is a reassignment of an officer from a joint duty assignment—

(A) for unusual personal reasons (including extreme hardship and medical conditions) beyond the control of the officer or the armed forces; or

(B) to another joint duty assignment immediately after—

(I) the officer was promoted to a higher grade if the reassignment was made because no joint duty assignment was available within the same organization that was commensurate with the officer's new grade; or

(II) the officer's position was eliminated in a reorganization.

(h) Constructive Credit.—

(1) The Secretary of Defense may accord constructive credit in the case of an officer (other than a general or flag officer) who, for reasons of military necessity, is reassigned from a joint duty assignment within 60 days of meeting the tour length criteria prescribed in subsection (f)(1), (f)(2), (f)(4), or (g)(2). The amount of constructive service that may be credited to such officer shall be the amount sufficient for the completion of the applicable tour of duty requirement, but in no case more than 60 days.

(2) For the purpose of computing under subsection (e) the average length of joint duty assignments during a fiscal year, the amount of any constructive service credited under this subsection with respect to a joint duty assignment to be counted in that computation shall be excluded.

(3) This subsection shall not apply in the case of an officer who serves less than 10 months in the joint duty assignment.

(i) Joint Duty Credit for Certain Joint Task Force Assignments.—

(1) In the case of an officer who completes service in a qualifying temporary joint task force assignment, the Secretary of Defense, with the advice of the Chairman of the Joint Chiefs of Staff, may (subject to the criteria prescribed under paragraph (4)) grant the officer—

(A) credit for having completed a full tour of duty in a joint duty assignment; or

(B) credit countable for determining cumulative service in joint duty assignments.

(2)

(A) For purposes of paragraph (1), a qualifying temporary joint task force assignment of an officer is a temporary assignment, any part of which is performed by the officer on or after February 10, 1996—

(i) to the headquarters staff of a United States joint task force that is part of a unified command or the United States element of the headquarters staff of a multinational force; and

(ii) with respect to which the Secretary of Defense determines that service of the officer in that assignment is equivalent to that which would be gained by the officer in a joint duty assignment.

(B) An officer may not be granted credit under this subsection unless the officer is recommended for such credit by the Chairman of the Joint Chiefs of Staff.

(3) Credit under paragraph (1) (including a determination under paragraph (2)(A)(ii) and a recommendation under paragraph (2)(B) with respect to such credit) may be granted only on a case-by-case basis in the case of an individual officer. **(4)** The Secretary of Defense shall prescribe by regulation criteria for determining whether an officer may be granted credit under paragraph (1) with respect to service in a qualifying temporary joint task force assignment. The criteria shall apply uniformly among the armed forces and shall include the following requirements:

(A) For an officer to be credited as having completed a full tour of duty in a joint duty assignment, the length of the officer's service in the qualifying temporary joint task force assignment must meet the requirements of subsection (a) or (c).

(B) For an officer to be credited with service for purposes of determining cumulative service in joint duty assignments, the officer must serve at least 90 consecutive days in the qualifying temporary joint task force assignment.

(C) The service must be performed in support of a mission that is directed by the President or that is assigned by the President to United States forces in the joint task force involved.

(D) The joint task force must be constituted or designated by the Secretary of Defense or by the commander of a combatant command or of another force.

(E) Except as provided in subparagraph (F), the joint task force must conduct combat or combat-related operations in a unified action under joint or multinational command and control.

(F) Service in a temporary joint task force assignment not involved in combat or combat-related operations may not be credited for the purposes of joint duty, unless, and only if—

(i) the service of the officer and the nature of the joint task force not only meet all criteria of this section, except subparagraph (E), but also any additional criteria the Secretary may establish;

(ii) the Secretary has specifically approved the operation conducted by the joint task force as one that qualifies for joint service credit, and notifies Congress upon each approval, providing the criteria that led to that approval; and

(iii) the operation is conducted by the joint task force in

an environment where an extremely fragile state of peace and high potential for hostilities coexist.

(5) Officers for whom joint duty credit is granted pursuant to this subsection may not be taken into account for the purposes of any of the following provisions of this title: section 661 (d)(1), section 662(a)(3), section 662 (b), subsection (a) of this section, and paragraphs (7), (8), (9), (11), and (12) of section 667.

(6) In the case of an officer credited with having completed a full tour of duty in a joint duty assignment pursuant to this subsection, the Secretary of Defense may waive the requirement in paragraph (1)(B) of section 661 (c) of this title that the tour of duty in a joint duty assignment be performed after the officer completes a program of education referred to in paragraph (1)(A) of that section. The provisions of subparagraphs (C) and (D) of section 661 (c)(3) of this title shall apply to such a waiver in the same manner as to a waiver under subparagraph (A) of that section.

(e) Average Tour Lengths.—

(1) The Secretary shall ensure that the average length of joint duty assignments during any fiscal year, measured by the lengths of the joint duty assignments ending during that fiscal year, meets the standards prescribed in subsection (a).

(2) In computing the average length of joint duty assignments for purposes of paragraph (1), the Secretary may exclude the following service:

(A) Service described in subsection (c), except that not more than 12 1/2 percent of all joint duty assignments shown on the list published pursuant to section 668 (b)(2)(A) of this title may be so excluded in any year.

(B) Service described in subsection (d).

(C) Service described in subsection (f)(6), except that no more than 10 percent of all joint duty assignments shown on the list published pursuant to section 668 (b)(2)(A) of this title may be so excluded in any year.

(f) Full Tour of Duty.— An officer shall be considered to have completed a full tour of duty in a joint duty assignment upon completion of any of the following:

(1) A joint duty assignment that meets the standards prescribed in subsection (a).

(2) A joint duty assignment under the circumstances described in subsection (c).

(3) Cumulative service in joint duty assignments as described in subsection (g).

(4) A joint duty assignment outside the United States or in Alaska or Hawaii for which the normal accompanied-by-dependents tour of duty is prescribed by regulation to be at least two years in length, if the officer serves in the assignment for a period equivalent to the accompanied-by-dependents tour length (except that not more than 6 percent of all joint duty assignments may be considered to be under this paragraph at any time).

(5) A joint duty assignment with respect to which the Secretary of Defense has granted a waiver under subsection (b), but only in a case in which the Secretary determines that the service completed by that officer in that duty assignment shall be considered to be a full tour of duty in a joint duty assignment.

(6) A second joint duty assignment that is less than the period required under subsection (a), but not less than two years, without regard to whether a waiver was granted for such assignment under subsection (b).

(g) Cumulative Credit.—

(1) Cumulative service for purposes of subsection (f)(3) is service in joint duty assignments which totals in length not less than the applicable standard prescribed in subsection (a) and which includes at least one tour of duty in a joint duty assignment that—

(A) was performed outside the United States or in Alaska or Hawaii; or

(B) was terminated because of a qualifying reassignment (as described in paragraph (4)).

(2) In computing cumulative service of an officer in joint duty assignments for purposes of paragraph (1), a tour of duty of the officer in a joint duty assignment other than a tour of duty specified in subparagraph (A) or (B) of paragraph (1) may not be counted unless the officer served at least two years in the assignment. The prohibition on counting certain tours of duty in the preceding sentence does not apply to a joint duty assignment which follows a reassignment described in paragraph (4)(B).

(3) In computing the cumulative service of an officer in joint duty assignments for purposes of paragraph (1), a tour of duty in a joint duty assignment shall be excluded if the officer served less than 10 months in that assignment.

(4) For purposes of paragraph (1)(B), a qualifying reassignment is a reassignment of an officer from a joint duty assignment—

(A) for unusual personal reasons (including extreme hardship and medical conditions) beyond the control of the officer or the armed forces; or

(B) to another joint duty assignment immediately after—

(i) the officer was promoted to a higher grade if the reassignment was made because no joint duty assignment was available within the same organization that was commensurate with the officer's new grade; or

(ii) the officer's position was eliminated in a reorganization.

(h) Constructive Credit.—

(1) The Secretary of Defense may accord constructive credit in the case of an officer (other than a general or flag officer) who, for reasons of military necessity, is reassigned from a joint duty assignment within 60 days of meeting the tour length criteria prescribed in subsection (f)(1), (f)(2), (f)(4), or (g)(2). The amount of constructive service that may be credited to such officer shall be the amount sufficient for the completion of the applicable tour of duty requirement, but in no case more than 60 days.

(2) For the purpose of computing under subsection (e) the average length of joint duty assignments during a fiscal year, the amount of any constructive service credited under this subsection with respect to a joint duty assignment to be counted in that computation shall be excluded.

(3) This subsection shall not apply in the case of an officer who serves less than 10 months in the joint duty assignment.

(i) Joint Duty Credit for Certain Joint Task Force Assignments.—

(1) In the case of an officer who completes service in a qualifying temporary joint task force assignment, the Secretary of Defense, with the advice of the Chairman of the Joint Chiefs of Staff, may (subject to the criteria prescribed under paragraph (4)) grant the officer—

(A) credit for having completed a full tour of duty in a joint duty assignment; or

(B) credit countable for determining cumulative service in joint duty assignments.

(2)

(A) For purposes of paragraph (1), a qualifying temporary joint task force assignment of an officer is a temporary assignment, any part of which is performed by the officer on or after February 10, 1996—

(i) to the headquarters staff of a United States joint task force that is part of a unified command or the United States element of the headquarters staff of a multinational force; and

(ii) with respect to which the Secretary of Defense determines that service of the officer in that assignment is equivalent to that which would be gained by the officer in a joint duty assignment.

(B) An officer may not be granted credit under this subsection unless the officer is recommended for such credit by the Chairman of the Joint Chiefs of Staff.

(3) Credit under paragraph (1) (including a determination under paragraph (2)(A)(ii) and a recommendation under paragraph (2)(B) with respect to such credit) may be granted only on a case-by-case basis in the case of an individual officer. (4) The Secretary of Defense shall prescribe by regulation criteria for determining whether an officer may be granted credit under paragraph (1) with respect to service in a qualifying temporary joint task force assignment. The criteria shall apply uniformly among the armed forces and shall include the following requirements:

(A) For an officer to be credited as having completed a full tour of duty in a joint duty assignment, the length of the officer's service in the qualifying temporary joint task force assignment must meet the requirements of subsection (a) or (c).

(B) For an officer to be credited with service for purposes of determining cumulative service in joint duty assignments, the officer must serve at least 90 consecutive days in the qualifying temporary joint task force assignment.

(C) The service must be performed in support of a mission that is directed by the President or that is assigned by the President to United States forces in the joint task force involved.

(D) The joint task force must be constituted or designated by the Secretary of Defense or by the commander of a combatant command or of another force.

(E) Except as provided in subparagraph (F), the joint task force must conduct combat or combat-related operations in a unified action under joint or multinational command and control.

(F) Service in a temporary joint task force assignment not involved in combat or combat-related operations may not be credited for the purposes of joint duty, unless, and only if—

(i) the service of the officer and the nature of the joint task force not only meet all criteria of this section, except subparagraph (E), but also any additional criteria the Secretary may establish;

(ii) the Secretary has specifically approved the operation conducted by the joint task force as one that qualifies for joint service credit, and notifies Congress upon each approval, providing the criteria that led to that approval; and

(iii) the operation is conducted by the joint task force in

an environment where an extremely fragile state of peace and high potential for hostilities coexist.

(5) Officers for whom joint duty credit is granted pursuant to this subsection may not be taken into account for the purposes of any of the following provisions of this title: section 661 (d)(1), section 662(a)(3), section 662 (b), subsection (a) of this section, and paragraphs (7), (8), (9), (11), and (12) of section 667.

(6) In the case of an officer credited with having completed a full tour of duty in a joint duty assignment pursuant to this subsection, the Secretary of Defense may waive the requirement in paragraph (1)(B) of section 661 (c) of this title that the tour of duty in a joint duty assignment be performed after the officer completes a program of education referred to in paragraph (1)(A) of that section. The provisions of subparagraphs (C) and (D) of section 661 (c)(3) of this title shall apply to such a waiver in the same manner as to a waiver under subparagraph (A) of that section.

TITLE 10 > Subtitle A > PART II > CHAPTER 38 > § 664

§ 664. Length of joint duty assignments

Release date: 2005-07-12

(a) General Rule.— The length of a joint duty assignment—

- (1) for general and flag officers shall be not less than two years; and
- (2) for other officers shall be not less than three years.

(b) Waiver Authority.— The Secretary of Defense may waive subsection (a) in the case of any officer.

(c) Initial Assignment of Officers With Critical Occupational Specialties.— The Secretary may for purposes of section 661 (c)(2) of this title authorize a joint duty assignment of less than the period prescribed by subsection (a), but not less than two years, without the requirement for a waiver under subsection (b) in the case of an officer—

- (1) who is nominated for the joint specialty;
- (2) who has a military occupational specialty designated under section 661 (c)(2) of this title as a critical occupational specialty; and
- (3) for whom such joint duty assignment is the initial joint duty assignment.

(d) Exclusions From Tour Length.— The Secretary of Defense may exclude the following service from the standards prescribed in subsection (a):

- (1) Service in a joint duty assignment in which the full tour of duty in the assignment is not completed by the officer because of—
 - (A) retirement;
 - (B) release from active duty;
 - (C) suspension from duty under section 155 (f)(2) or 164 (g) of this title; or
 - (D) a qualifying reassignment (as described in subsection (g) (4)).
- (2) Service in a joint duty assignment outside the United States or in Alaska or Hawaii which is less than the applicable standard prescribed in subsection (a).
- (3) Service in a joint duty assignment in a case in which—
 - (A) the officer's tour of duty in that assignment brings the officer's cumulative service for purposes of subsection (f)(3) to the applicable standard prescribed in subsection (a); and
 - (B) the length of time served in that assignment (in any case other than an assignment which is described in subsection (g)(4) (B)) was not less than two years.

E2. ENCLOSURE 2

DEFINITIONS

E2.1.1. Assignment. The position in an organization to which an officer permanently belongs for manpower accounting purposes. Temporary duty (TDY) with other organizations does not alter the officer's permanent assignment status.

E2.1.2. Combatant Command Positions. A category of positions defined by the Chairman of the Joint Chiefs of Staff. Incumbents of those positions are responsible for unified command and control of combat operations or operations other than war.

E2.1.3. Critical Joint Duty Assignment (JDA). Designation of a "JDA position" for which, considering the duties and responsibilities of the position, the incumbent should be previously experienced and educated in joint matters, or at a minimum, the position would be greatly enhanced by such an incumbent. Critical positions are not necessarily the most key and essential billets in an activity. Critical positions are proposed by heads of joint activities, approved by the Assistant Secretary of Defense for Force Management Policy (ASD(FMP)) with the advice and assistance of the Deputy Under Secretary of Defense for Requirements and Resources (DUSD(R&R)) and the Chairman of the Joint Chiefs of Staff, and documented in the JDAL. Critical positions are filled by Joint Specialty Officers unless waived by the Chairman of the Joint Chiefs of Staff.

E2.1.4. Critical Occupational Specialty (COS). A military occupational specialty designated by the ASD(FMP) from among the combat arms in the Army or equivalent military specialties in the Navy, the Air Force, and the Marine Corps (see enclosure 7) and a severe shortage of trained officers in that skill exists. Equivalent military specialties are those engaged in the operational art to attain strategic goals in a theater of conflict through the design, organization, and conduct of campaigns and major operations. COS provisions do not apply to GFOs.

E2.1.5. Direct Entry Students. An officer, neither a graduate from an accredited and/or certified PJE Phase I course of instruction nor a Phase I equivalency program, who is allowed to attend PJE Phase II by a Chairman of the Joint Chiefs of Staff waiver.

E2.1.6. Grade. The grade at which the officer is paid. It does not include frocked or promotion select status.

E2.1.7. Joint Duty Assignment (JDA). An assignment to a designated position in a multi-Service or multi-national command or activity that is involved in the integrated employment or support of the land, sea, and air forces of at least two of the three Military Departments. The preponderance of the officer's duties involves producing or promulgating national military strategy, joint doctrine, joint policy, strategic plans or

contingency plans, or to commanding and controlling operations under a Combatant Command. Assignments in an officer's own Military Department or assignments for joint education or joint training or to over-strength and/or temporary positions are not covered by this definition. Medical officers, dental officers, veterinary officers, medical service officers, nurses, biomedical science officers, chaplains, and judge advocates may not be assigned to a JDA position. The joint positions designated for such officers are excluded from this definition regardless of the position description.

E2.1.8. Joint Duty Assignment List (JDAL). A consolidated list of JDAs approved by the ASD(FMP). Positions held by GFOs and critical JDAs are shown separately.

E2.1.9. Joint Duty Assignment Management Information System (JDAMIS). The automated management information system data base managed by the Chairman of the Joint Chiefs of Staff and maintained by the Defense Manpower Data Center, and updated by the Chairman of the Joint Chiefs of Staff and the Military Services. Joint activities that do not have JDAMIS update capability keep the Military Services informed of changes that affect JDAMIS. JDAMIS supplements existing Military Service manpower and personnel information systems by providing automated files reflecting the approved JDAL and personnel data on officers who are JSOs or JSO nominees and other officers who have served or are serving in JDA positions or have completed or are attending PJE. Current and historical data files in JDAMIS are used to manage, analyze, and oversee the Joint Officer Management Program and are used to prepare the "Goldwater-Nichols Act Implementation Report Annex to the Secretary of Defense Annual Report to the President and the Congress."

E2.1.10. Joint Duty Credit

E2.1.10.1. Full joint duty credit is the joint credit designation granted for the completion of a tour, or accumulation of tours, of duty in a JDA that meets all statutory requirements.

E2.1.10.2. Cumulative joint duty credit is the joint credit designation granted for continuous time served in a JDA of at least 10 months, but less than the duration needed to qualify for full joint duty credit (see enclosure 4) or for periods of qualifying service in a qualifying JTF headquarters temporary assignment (see enclosure 13).

E2.1.11. Joint Matters. Matters relating to the integrated employment of land, sea, and air forces, including matters relating to national military strategy, strategic and contingency planning, and command and control of combat operations under a Combatant Command.

E2.1.12. Joint Specialty Officer (JSO). An officer designated by the Secretary of Defense, with the advice and assistance of the Chairman of the Joint Chiefs of Staff, who is educated and trained in joint matters and has completed the requirements for "JSO" designation.
