(U) This file is a spreadsheet of the Joint Improvised Explosive Device Defeat Organization's (JIEDDO) Global Information Research Center (GIRC) serialized reports from May 2009 to November 2011.

(U) The discrepancy noted in the serial numbers can be attributed either to the non-publishing of submitted reports by GIRC analysts or the serial numbers were used by other offices within JIEDDO.

(U) The GIRC only existed between April 2009 and December 2011. There were no serialized reports published prior to May 2009 nor after December 2011.
