Hi Joo – circling back to this with apologies for not doing so sooner. Can we aim to find a time early next week to discuss? I'll also plan to include (b)(6) if okay with you. I mentioned it to him and he's back from leave.

Best,
(b)(6)

Hi (b)(6)
No need to apologize! Thanks for sending the info on JWICS. I'm happy to meet to discuss the DTM and the draft guidelines at your convenience.
Best,
Joo

Hi Joo,

Thanks for reaching out. I have a copy of the draft Guidelines that I can send to you and Mark on JWICS shortly. I had sent it to (b)(6) yesterday, and should have thought to include you – apologies.

In addition, would you have a few minutes at some point in the next couple of days to talk about the Commercially Available Information DTM? I know this is a high priority and has been pending a long time. I received the updated package from the team with the new approach to defining “sensitive CAI” and had some questions/concerns I wanted to discuss.

Best,

(b)(6)

Hi (b)(6)

I hope you are doing well. I just wanted to keep you posted on an issue that we’ve recently been looped in on. (b)(6)

(b)(6) (ODNI’s CLPO) is hosting a meeting today with agency CLPOs on the close hold AI AG Guidelines

discussion. Mark Dupont is going to attend for me, as I have a conflict. (b)(5)

(b)(5) I’ll share with you what occurs from these discussions.

Thanks,

Joo
