Hi (b)(6)

According to my records – the following productions received official DoD support through the processing of a PAA.

There is one exception below. We did complete a PAA for the Social Influencer Mr. Beast, but ultimately did not support the production as he did not go to Puerto Rico for the Hurricane relief, so that PAA is cancelled. (b)(5)

These are the ones we actually SUPPORTED in 2023, specific to the request. We had additional PAAs done in 2023 that we did not support until 2024. There were 86 projects officially supported under PAAs in 2023.

2023 was a very slow year, especially for scripted, as the industry shut down for nearly nine months due to writer and actor strikes.
