Subject: Whistleblower Reprisal Investigation

Good morning,

On July 26, 2023, the House Oversight and Accountability Subcommittee on National Security, the Border, and Foreign Affairs held a hearing on Unidentified Anomalous Phenomena (UAPs). During the hearing, Air Force veteran and former intelligence officer, Mr. David Grusch, testified he faced retaliation for his decision to be a whistleblower through the PPD-19 process with ICIG. There is an ongoing whistleblower reprisal investigation on Mr. Grusch's behalf with DoD IG Whistleblower Reprisal Investigations (WRI). Since the hearing, it has come to Rep. Burchett's (TN-02) attention of the existence of a June 2023 Unauthorized Disclosure Complaint filed with your office, ATSD(IO), by an individual or organization within the United States Air Force (USAF). Rep. Burchett would like to verify the existence and disposition

of the USAF complaint and any other complaints that may have been filed against Mr. Grusch by other parties. Furthermore, has your office provided this information to the DoD IG WRI staff for evaluation? Please let me know if you have any questions, and he would appreciate a prompt response. Thank you!

Respectfully,

Subject: Whistleblower Reprisal Investigation

Good morning,

On July 26, 2023, the House Oversight and Accountability Subcommittee on National Security, the Border, and Foreign Affairs held a hearing on Unidentified Anomalous Phenomena (UAPs). During the hearing, Air Force veteran and former intelligence officer, Mr. David Grusch, testified he faced retaliation for his decision to be a whistleblower through the PPD-19 process with ICIG. There is an ongoing whistleblower reprisal investigation on Mr. Grusch's behalf with DoD IG Whistleblower Reprisal Investigations (WRI). Since the hearing, it has come to Rep. Burchett's (TN-02) attention of the existence of a June 2023 Unauthorized Disclosure Complaint filed with your office, ATSD(IO), by an individual or organization within the United States Air Force (USAF). Rep. Burchett would like to verify the existence and disposition

of the USAF complaint and any other complaints that may have been filed against Mr. Grusch by other parties. Furthermore, has your office provided this information to the DoD IG WRI staff for evaluation? Please let me know if you have any questions, and he would appreciate a prompt response. Thank you!

Respectfully,

(b)(6)

OFFICE OF THE ASSISTANT TO THE SECRETARY OF DEFENSE FOR
PRIVACY, CIVIL LIBERTIES, AND TRANSPARENCY

1155 DEFENSE PENTAGON
WASHINGTON, DC 20301-1155

November 1, 2023

The Honorable Timothy Burchett
U.S. House of Representatives
Washington, DC 20515

Dear Representative Burchett:

Thank you for your email inquiry dated October 17, 2023, pertaining to a concern raised by Mr. David Grusch.

As your email indicates, in the summer of 2023, an Intelligence Oversight (IO) Officer in the Intelligence Oversight Directorate (IOD), Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency (OATSD(PCLT)) received a telephone call from an IO Officer in the U.S. Air Force. During the brief telephone conversation, the Air Force IO Officer informed IOD that the Air Force had received preliminary information that raised concerns about a possible unauthorized disclosure of classified information. The IO Officer noted the preliminary nature of the information and informed IOD that the Air Force was coordinating with other Air Force offices to gain a better understanding of the surrounding facts and circumstances before determining whether the facts triggered any mandatory reporting requirements or follow-on actions. Due to the preliminary nature of the information, the IO Officer requested that IOD not take any actions until more information was available. The IO Officer subsequently contacted IOD and informed IOD that the information in question had been properly coordinated so there was no unauthorized disclosure, and no follow-on action was necessary.

At no point did anyone from the Air Force file a complaint with IOD and IOD took no actions with respect to these conversations.

As a matter of course, IOD routinely coordinates with representatives of Defense Intelligence Components on a wide array of potential allegations arising from or during the conduct of intelligence activities. Many of the allegations turn out to be inaccurate or unsubstantiated, resulting in no follow-on action. While this process results in preliminary notification of a higher number of reports, proactive reporting and communication promotes healthy dialogue and is a critical means of providing appropriate visibility early in an inquiry process.

Sincerely,
