WARNING NOTICE - SENSITIVE INTELLIGENCE SOURCES AND METHODS INVOLVED (WNINTEL). This marking will be prominently displayed on all information and materials relating to sensitive intelligence sources and methods. Materials so marked will not be disseminated in any manner outside authorized channels without the permission of the originating department and an assessment by the senior intelligence officer in the disseminating department as to the potential risk to the national security and to the intelligence sources and methods involved.

DISSEMINATION AND EXTRACTION OF INFORMATION CONTROLLED BY ORIGINATOR (ORCON). This marking shall be used when unique source sensitivity factors, known to the originator, require strict compliance with third agency rule procedures, in addition to a continuing knowledge and supervision on the part of the originator as to the extent to which the original document and information contained therein is disseminated. Documents and information bearing this marking will not be disseminated beyond the Headquarters elements of the recipient organizations and the information contained therein shall not be extracted and incorporated into other reports without the permission of and under conditions prescribed by the originator.

USIB DEPARTMENT'S ONLY (USIBONLY). Foreign intelligence so marked will not be disseminated to departments and agencies not represented on the U.S. Intelligence Board without the permission of the originating agency. The Department of Defense is a USIB member; therefore, items with this marking can be disseminated to all DoD components.

NOT RELEASABLE TO CONTRACTORS OR CONTRACTOR/CONSULTANTS (NOCONTRACT). Foreign intelligence so marked shall not be disseminated to contractors or contractor consultants without the permission of the originating agency. This restriction shall not apply to those consultants hired under Civil Service Commission procedures, or comparable procedures derived from authorities vested in heads of departments and agencies by law, and who are normally considered an extension of the office by which they are employed.

CAUTION - PROPRIETARY INFORMATION INVOLVED (PROPIN). This marking will be used in conjunction with foreign intelligence obtained from various sources in the U.S. private business sector as the information may bear upon proprietary interests of the source or may otherwise be used to the source's detriment. Recipients of reports bearing this marking shall take every reasonable precaution to ensure that the information is not used to the detriment of the source. (This control marking cannot be used alone. When it is used, the control marking "NOCONTRACT" must also be used.)

NOT RELEASABLE TO FOREIGN NATIONALS (NOFORN). Foreign intelligence so marked involves special considerations requiring that it not be released in any form to foreign governments, foreign nationals, or non-U.S. citizens without the permission of the originating agency.

THIS INFORMATION IS UNCLASSIFIED AND AUTHORIZED FOR RELEASE TO (Specified Countries) (Not Specified Countries). This marking may be used when the originating agency predetermines that information can be released to specified foreign governments.

This Notice is designed to provide intelligence in support of future decisions with respect to security policy or posture.

MILITARY INTERVENTION.

the army would maintain control of the government for about six months or until national elections -- recently moved from March 1977 to the last quarter of 1976. During this period, corrupt politicians and union leaders would be removed.

~~(S//NOFORN//WHINTEL)~~ Despite a 5 December decision by army commander Videla not to intervene at the present, the armed forces' growing impatience with the government increases the possibility of a military move. Moreover, the presidential power vacuum, coupled with continued allegations and investigations of corruption within the administration, may be encouraging early intervention.
